Protecting Prisoners:

Protecting Prisoners Rodney Morgan, Malcolm Evans, Malcolm David Evans, 1999 Prisoners are a uniquely vulnerable social group and protecting them from oppressive states has given rise to a complex web of standards generated by a variety of international mechanisms and processes Protecting Prisoners examines the most detailed and far reaching set of custodial standards yet devised those of the European Committee for the Prevention of Torture CPT and relates them to those of other European and United Nations bodies The book also examines the reaction of selected Council of Europe member states Belgium France Hungary the Netherlands Turkey and the United Kingdom to the application of those standards in CPT reports This dual perspective provides a critical insight into the degree to which the development of international human rights law is having a practical impact on the situation of prisoners *Prisoners' Rights* Susan Easton, 2011-03-10 This book considers prisoners rights from socio legal and philosophical perspectives assessing the advantages and problems of a rights based approach to imprisonment with a focus on citizenship the treatment of women prisoners and social exclusion

Prisons Ashley G. Blackburn, Shannon K. Fowler, Joycelyn M. Pollock, 2014 This is a balanced comprehensive text designed to introduce students and other readers to the reality of corrections Beginning with an overview of prisons throughout history the text moves to an analysis of the philosophy and practice of modern corrections Detailed descriptions of life on the inside an analysis of trends in current correctional populations and an overview of the future of corrections make Prisons Today and Tomorrow the most current and relevant correctional textbook on the market today At every step students are encouraged to engage in critical and analytical discussion on the role of incarceration and the challenges faced by corrections personnel lawmakers and newly released prisoners attempting to reintegrate into society The revised third edition includes fully updated information and all new chapters and contributors including an up to date examination of modern issues facing prisoners and prison administration With its accessible but comprehensive approach and clear realistic style this text is suitable for corrections and sociology students at both the undergraduate and graduate level Featuring chapters contributed by leading authorities in the field current case studies and research and insightful probing questions for further discussion this text is an essential text for any student in the field *Prison Sex* Christopher Hensley, 2002 Sex in prison remains a taboo subject This comprehensive volume explores prison sex presenting original research on consensual and nonconsensual intercourse as well as the effects of conjugal visitation policies and HIV AIDS management **Ethical Considerations for Research Involving Prisoners** Institute of Medicine, Board on Health Sciences Policy, Committee on Ethical Considerations for Revisions to DHHS Regulations for Protection of Prisoners Involved in Research, 2007-02-22 In the past 30 years the population of prisoners in the United States has expanded almost 5 fold correctional facilities are increasingly overcrowded and more of the country's disadvantaged populations racial minorities women people with mental illness and people with communicable diseases such as HIV AIDS hepatitis C and tuberculosis are under correctional

supervision Because prisoners face restrictions on liberty and autonomy have limited privacy and often receive inadequate health care they require specific protections when involved in research particularly in today s correctional settings Given these issues the Department of Health and Human Services Office for Human Research Protections commissioned the Institute of Medicine to review the ethical considerations regarding research involving prisoners The resulting analysis contained in this book *Ethical Considerations for Research Involving Prisoners* emphasizes five broad actions to provide prisoners involved in research with critically important protections expand the definition of prisoner ensure universally and consistently applied standards of protection shift from a category based to a risk benefit approach to research review update the ethical framework to include collaborative responsibility and enhance systematic oversight of research involving prisoners

Overseeing Rights in Prison Sophie van der Valk,2025-06-20 Drawing on Ireland as its primary case study this book is an in depth critical examination of how rights protection bodies and mechanisms are experienced by those in prison in Ireland Through its analysis of the Irish experience the book considers the implementation of and challenges faced by human rights protection within the prison context and explores some of the reforms that Ireland has undertaken in this area over the past 15 years including the introduction of a new complaint system and establishment of an Office of the Inspector of Prisons Using a wealth of information gathered through interviews and surveys of participants in three male prisons the book sets out personal experiences of such mechanisms and identifies the key barriers to effective rights protection Offering a detailed presentation of the international framework for the protection of prisoners rights through oversight mechanisms and proposing methods for overcoming common barriers *Overseeing Rights in Prison The Irish Experience of Human Rights Protection in Prisons* will be of interest to students and scholars of criminology particularly in relation to prisons and human rights

Principles of European Prison Law and Policy Dirk van Zyl Smit,Sonja Snacken,2009-01-08 In recent years European prison law and policy have emerged as a force to be reckoned with This book explores its development and analyses the penological and human rights foundations on which it is based It examines the findings of the European Committee for the Prevention of Torture the recommendations of the Council of Europe and the judgments of the European Court of Human Rights From these sources it makes the general principles that underlie European prison law and policy explicit emphasising the principle of using imprisonment as a last resort and the recognition of prisoners rights The book then moves on to apply these principles to conditions of imprisonment regimes in prison contacts between prisoners and the outside world and the maintenance of good order in prisons The final chapter of the book considers how European prison law and policy could best be advanced in future The authors argue that the European Court of Human Rights should adopt a more proactive approach to ensuring that imprisonment is used only as a last resort and that a more radical interpretation of the existing provisions of the European Convention on Human Rights will allow it to do so It concludes that the growing cooperation on prison matters within Europe bodes well for the increased recognition of prisoners rights across Europe In

spite of some countervailing voices Europe should increasingly be able to give an international lead in a human rights approach to prison law and policy in the same way it has done with the abolition of the death penalty *Bravery or Bravado? The Protection of News Providers in Armed Conflict* Nina Burri, 2015-05-12 During the last decade the image of war correspondents in the news has shifted dramatically Reports are no longer full of cheerleading stories of embedded journalists Instead stories of war reporters being attacked kidnapped or injured prevail Sadly the former heroic witnesses to war have become victims of their own story In this book Nina Burri provides the first comprehensive analysis on how international law protects professional and citizen journalists photographers cameramen and their support staff during times of war Using examples from recent armed conflicts in Iraq Libya Gaza and Syria Burri explores the means methods and risks of contemporary war coverage and examines the protection of news providers by international humanitarian law international criminal law and human rights law War Claims Act Amendments of 1969 United States. Congress. House. Committee on Interstate and Foreign Commerce. Subcommittee on Commerce and Finance, 1969 Department of Justice's Efforts to Prevent Staff Sexual Abuse of Federal Inmates , Dementia in Prison Joanne Brooke, 2020-12-06 This innovative volume exposes dementia as a condition that the aging prison population is increasingly facing Going beyond exploring the need to understand dementia within prison populations it argues that healthcare workers and prison staff must ensure that prisoners developing dementia during their sentence are identified and supported Dementia in Prison covers three key areas Healthcare services in prison settings and how these affect the rapidly aging prison population The human rights of prisoners with dementia alongside the ethics of healthcare in this environment The current state of support for prisoners with dementia and any recommendations for future assessment diagnosis and policies This provocative book will be invaluable to scholars in the fields of public health criminology and medical sociology as well as nurses and prison staff Protection of Foreign Interests William McHenry Franklin, 1947 *Crime and Justice, Volume 50* Michael Tonry, 2022-07-01 Since 1979 the Crime and Justice series has presented a review of the latest international research providing expertise to enhance the work of sociologists psychologists criminal lawyers justice scholars and political scientists The series explores a full range of issues concerning crime its causes and its cures In both the review and the thematic volumes Crime and Justice offers an interdisciplinary approach to address core issues in criminology *Commentary on the Second Geneva Convention* , 2017-12-21 The application and interpretation of the four Geneva Conventions of 1949 have developed significantly in the sixty years since the International Committee of the Red Cross ICRC first published its Commentaries on these important humanitarian treaties To promote a better understanding of and respect for this body of law the ICRC commissioned a comprehensive update of its original Commentaries of which this is the second volume Its preparation was coordinated by Jean Marie Henckaerts ICRC legal adviser and head of the project to update the Commentaries The Second Convention is a key text of international humanitarian law It contains the essential rules on the protection of the wounded sick and

shipwrecked at sea those assigned to their care and the vessels used for their treatment and evacuation This article by article Commentary takes into account developments in the law and practice to provide up to date interpretations of the Convention The new Commentary has been reviewed by humanitarian law practitioners and academics from around the world including naval experts It is an essential tool for anyone working or studying within this field **The English Prison Health System**

After a Decade of Austerity, 2010-2020 Nasrul Ismail, 2022-11-21 Austerity has reconfigured and scaled back the governance and delivery of public services and negatively affected society's most vulnerable groups This book opens up the closed world of English prisons to examine its impact on prison health governance and healthcare delivery It argues that austerity has been a decade long large scale political experiment that has caused debt to balloon eroded the prison health system and perpetuated a cycle of punishment resulting in sicker prisoners In short austerity has violated prisoners human rights Drawing on interviews and data from existing longitudinal and economic analyses the book demonstrates how austerity has resulted in high rates of recidivism diminished what remains of the welfare state and increased inequality and punitiveness Despite a decade of failure there is a marked political reluctance to dispense with austerity and the governmental juggernaut continues to produce the same result As the spectre of recession increases caused in part by Brexit and COVID 19 these failures are ever more perilous This book blends the interdisciplinary perspectives of criminology public health sociology law social policy politics and economics to enable greater understanding of the impact of austerity on health governance prison healthcare the prison workforce and prisoners health and safety It challenges current policy practice and thinking and is a must read for anyone who wants to reflect on how the political economic structure can affect the governance and delivery of healthcare services in marginalised settings beyond prisons and indeed beyond England
