Protecting Shareholder Value

Abraham M. George

Protecting Shareholder Value:

Protecting Shareholder Value Abraham M. George, 1996 Written from the practitioner's point of view this book provides a comprehensive treatment of financial market risk exposure Considerations in making hedging decisions Guidelines for implementing a comprehensive exposure management program including performance evaluation standards

Protecting Shareholders and Enhancing Public Confidence by Improving Corporate Governance United States. Congress. Senate. Committee on Banking, Housing, and Urban Affairs. Subcommittee on Securities, Insurance, and Investment, 2010

Protecting Societal Interests in Corporate Takeovers Huizi Ai, 2022-11-18 The book explores what are the societal interests that may be affected by a takeover are these protected under the current regulatory frameworks of the U K Germany and China and if so how are they protected and what recommendations can be made for future reforms in the three jurisdictions The book adopts three main methods law and economics analysis doctrinal legal research and comparative analysis The content of this book is intended not only for the academia it may also benefit the policy makers by providing an evaluation on the strengths and weaknesses of different protection mechanisms and recommendations for future reforms Besides companies which are potentially interested in conducting takeovers in the three countries may also find this book useful with its overall analysis of the regulatory frameworks and representative takeover cases in the jurisdictions

Corporate Takeover Law and Management Discipline Francis Okanigbuan Jnr, 2019-12-06 This book examines the effectiveness of corporate takeovers The dominant ideologies of corporate takeovers include synergistic gains and its managerial disciplinary role These dominant themes are being undermined by the challenges of costly acquisitions The UK Takeover Code is a regulatory response to the role of managers of target companies only Also the regulatory framework for takeovers in the United States is largely focused on target companies The book demonstrates that managements can influence the role of takeovers thereby undermining its synergistic and disciplinary values Presenting an identification and evaluation of the limits of current regulatory and judicial control over the role of management during takeovers in the UK and the US Delaware it will identify the relevance of institutional control as an effective mechanism for addressing the challenges of managerial influence over takeover functions It will also identify how the role of managements can be addressed with the complementary benefit to shareholder and employee interests thereby challenging the shareholder stakeholder primacy debate in corporate law particularly in relation to takeovers This book will be essential reading for scholars and students interested in the market for corporate control corporate law and company law

Corporate Governance Zabihollah Rezaee, 2025-03-31 Corporate governance has become increasingly central to corporate reporting and management as businesses face growing pressure to address their responsibilities in sustainability and corporate accountability The evolving focus on effective corporate governance has driven the introduction of new laws regulations standards and best practices reshaping its framework principles and functions Business leaders and students

must stay informed about these significant reforms and the associated accountabilities This book offers a clear accessible guide to the key regulations laws and best practices essential for robust governance and stakeholder protection It covers the roles and responsibilities of all key players in corporate governance including directors management auditors accountants legal counsel and financial advisors Taking a practical approach the book explores topics such as financial markets investor confidence oversight managerial compliance internal and external auditing legal advisory functions and performance reporting It serves as a valuable resource for students and professionals seeking a comprehensive understanding of corporate governance responsibilities Designed for both undergraduate and graduate levels this book equips students with the knowledge and skills needed to become successful business leaders It is an ideal reference for business colleges accounting schools and other corporate governance programs with individual chapters adaptable for various accounting and business courses

Handbook of the Economics of Finance George M. Constantinides, M. Harris, Rene M. Stulz, 2003-11-04

Volume 1A covers corporate finance how businesses allocate capital the capital budgeting decision and how they obtain capital the financing decision Though managers play no independent role in the work of Miller and Modigliani major contributions in finance since then have shown that managers maximize their own objectives To understand the firm's decisions it is therefore necessary to understand the forces that lead managers to maximize the wealth of shareholders

Business Sustainability, Corporate Governance, and Organizational Ethics Zabihollah Rezaee, 2019-11-06

A comprehensive framework for understanding the most important issues in global business This is the e book version of Business Sustainability Corporate Governance and Organizational Ethics In today's business environment multinational corporations are under pressure from investors lawmakers and regulators to improve their corporate governance business sustainability and corporate culture Business sustainability corporate governance and organizational ethics are taking center stage in the global business environment This long awaited text covers each of these three important areas in detail guiding readers to a robust understanding with features including chapter summaries essential terms discussion questions and cases for each topic covered

Corporate Governance in the Aftermath of the Global Financial Crisis, Volume I Zabihollah

Rezaee, 2018-03-28

Corporate governance has evolved as a central issue for public companies in the aftermath of the 2007 2009 global financial crisis Corporate governance is a process journey of managing corporate affairs to create shareholder value and protect interests of other stakeholders This book presents a road map for various functions and measures of corporate governance The participants in the corporate governance process are the board of directors executives stakeholders internal and external auditors financial analysts legal counsel and regulators This book is organized into four separate volumes each volume can be utilized separately or in an integrated form The first volume consists of five chapters that address the relevance and importance of corporate governance as well as the framework and structure of corporate governance The second volume consists of four chapters that present the three prevailing corporate governance functions of

oversight management and monitoring The third volume consists of four chapters that address corporate governance functions performed by corporate gatekeepers including policy makers regulators standard setters internal auditors external auditors legal counsel and financial advisors The fourth volume consists of five chapters that address the emerging issues in corporate governance including governance for private companies and nonprofit organizations and convergence in global corporate governance Accounting Reform and Investor Protection United States. Congress. Senate. Committee on Banking, Housing, and Urban Affairs,2003

Enforcement of Actions in Corporate Law by Non-Shareholder Constituencies Tshepo Herbert Mongalo,2025-03-15 Enforcement of Actions in Corporate Law by Non Shareholder Constituencies Lessons for the Common Law World from South Africa advocates for a complementary enforcement regime for the current and proposed corporate legislative measures in the Anglo American corporate law Doing so would empower non shareholder interests in corporate decision making Mongalo argues that corporate legislative initiatives ought to provide for non shareholder constituencies considerations in decision making within corporate entities and that failure to enforce such frameworks reduces the law to lip service By offering a comprehensive critique of corporate constituency statutes and benefit corporation statutes in US and the enlightened shareholder value approach in the UK Mongalo makes the case that a shift from the current enforcement philosophy in Anglo American jurisdictions which is based on the preference of those to whom fiduciary duties are currently owed is necessary and that the Actionable Enlightened Shareholder Value AESVA with its origins in South Africa should be preferred *Institutional Investors and Corporate Governance* Theodor Baums,Richard M. Buxbaum,Klaus J. Hopt,2011-05-02 The volume contains 23 articles by international experts both scholars and practioners dealing with the development of institutional investors such as banks insurances investment companies pension funds etc their investment and voting policies the impact on managements of the companies concerned and related issues The consequences of the international development on capital markets as well as policy implications for the respective national legislations are treated *Managing the Business Case for Sustainability* Stefan Schaltegger,Marcus Wagner,2017-09-08 The difficulties in moving towards corporate sustainability raise the question of how environmental and social management can be integrated better with economic business goals Over the last decade the relationship between environmental and economic performance and more recently the interaction between sustainability performance and business competitiveness have received considerable attention in both theory and practice However to date only partial aspects of the relationship between sustainability performance competitiveness and economic performance have been studied from a theoretical as well as an empirical perspective And to date no unique relationship has prevailed in empirical studies A number of explanations have been put forward to explain this including methodological reasons such as the lack of statistical data the low quality of that data or the fact that such data is often available for short time periods only Other theoretical explanations have been developed such as the influence of different corporate strategies or the relatively small influence of environmental or

sustainability issues as one factor among many on the economic or financial success of firms So how should the business case for sustainability be managed This is the starting point for this book which compiles insights on a large number of aspects of the link between sustainability performance business competitiveness and economic success in an attempt to provide a comprehensive and structured view of this relationship The book provides an unrivalled body of knowledge on the state of theory and practice in this field and identifies prospective future fields of work The book includes conceptual frameworks for the interaction of social environmental and economic issues in business environments case studies of companies that have successfully integrated social environmental and economic issues analyses of the causal and empirical relationship between environmental and or social performance business performance and firm level competitiveness concepts and tools useful for improving business value with proactive operational strategies assessment of the factors influencing operational sustainability strategies and their economic impact and comparisons of interactions between sustainability performance and firm competitiveness across industry sectors and countries Managing the Business Case for Sustainability is the definitive work in its field the most comprehensive book yet published on the theory and practice of managing sustainability performance competitiveness environmental social and economic performance in an integrated way It will be essential reading for managers academics consultants fund managers governments and government agencies NGOs and international bodies who need a broad and comprehensive overview of the business case for sustainability [SEC Proxy Access Proposals](#)

United States. Congress. House. Committee on Financial Services,2007 **Shareholders' Duties** Hanne S. Birkmose,2017-01-15 It is often assumed that shareholders have rights not duties In recent years however this assumption has come under intense scrutiny in all aspects of company law and capital market law legislation the courts soft law and scholarship and in Europe especially major changes are under way across a diverse spectrum all the way from revised contractual arrangements to mandatory statutory provisions Such a shift has important implications for the fundamentals of European company law and there is a need to examine shareholders duties and to consider where this trend is taking shareholders and their stance in law This focused collection of essays by twenty notable scholars addresses this complex subject from a highly informative and useful variety of perspectives Examining shareholders duties along three axes types of investee companies types of shareholders and types of business situations the essays deal with such topics and issues as the following shareholders duties as reflections of the interests they are intended to safeguard shareholders duties to society shareholders disclosure obligations duties of parent companies institutional investor s fiduciary duty how regulatory duties constrain value reducing forms of opportunism the state s continuing duties in the transformation of state owned companies significant shareholders duties in transactions with the company and powerful shareholders duty not to abuse right Examining the implications of this shift in discourse how shareholders duties are coming to the fore under the impetus of legislation legal doctrine case law and enforcement strategies as well as its ideological underpinnings this book offers a

comprehensive and in depth consideration of this rapidly developing field It will prove of inestimable value not only to policymakers and academics but also to investors and practitioners committed to creating conditions favourable to sustainable economic growth and responsible business behaviour

Quiet Politics and Business Power Pepper D. Culpepper, 2010-11-22 Does democracy control business or does business control democracy This study of how companies are bought and sold in four countries France Germany Japan and the Netherlands explores this fundamental question It does so by examining variation in the rules of corporate control specifically whether hostile takeovers are allowed Takeovers have high political stakes they result in corporate reorganizations layoffs and the unraveling of compromises between workers and managers But the public rarely pays attention to issues of corporate control As a result political parties and legislatures are largely absent from this domain Instead organized managers get to make the rules quietly drawing on their superior lobbying capacity and the deference of legislators These tools not campaign donations are the true founts of managerial political influence

Common Good Capitalism Asesh Sarkar, 2024-08-19 In this ground breaking book Asesh Sarkar presents a visionary solution for the widening rift between everyday people and shareholders within contemporary capitalist systems and societies Sarkar compellingly argues that this gap where economic growth is realised primarily through corporate profits and favours shareholders over the general population is fuelling impoverishment and risking the potential for mass social unrest Here he introduces an innovative approach that business leaders can leverage to make capitalism work for all Enter the Customer Co ownership Economy a revolutionary model where companies align capitalism with wealth distribution by allocating shares to customers transforming them into vested co owners with a stake in the company s success Drawing on robust economic reasoning supported by academic research and insights Sarkar champions this ownership structure as a win win scenario Businesses will enjoy heightened loyalty goodwill and share of wallet invaluable market insights to improve R D plus an engaged investor base that s vital to growth and success Customers will gain wealth through share ownership regular dividends financial literacy and a voice in corporate decisions Through vivid anecdotes and clear modelling Sarkar artfully illustrates the transformative potential of the Co owned concept demonstrating its compelling commercial benefits for businesses substantial wealth generation for households and a profoundly positive impact on society Powerful in its simplicity and logic by making a persuasive case for his capitalist cure to recalibrate business and society Sarkar provides an optimistic path for concerned business leaders and policymakers grappling with capitalism s flaws promising a more equitable and prosperous future for all

The Sustainable Business Blueprint Zabihollah Rezaee, 2024-08-14 Understanding how to build and manage a sustainability business plan has become a business imperative as investors demand regulators require and stakeholders increasingly expect companies to report their financial economic sustainability performance ESP and non financial environmental social and governance ESG sustainability information This book provides both the rationale for and key practical steps in how to approach business sustainability factors of planning performance risk reporting and assurance

This comprehensive book covers all the areas that a business would need to embed articulate and execute a strategy of profit with purpose in promoting shared value creation for all stakeholders. It addresses drivers, sources, and international guidelines: GRI, IIRC, SASB, FASB, PCAOB, IAASB, ISSB for prioritising business sustainability factors and establishing the link between ESG performance and financial performance. It presents key performance indicators (KPIs) of ESP and ESG dimensions of sustainability performance. It also provides templates for performance risk and disclosure, presenting cases and examples of why to disclose ESG performance, what to disclose, and where and how to disclose ESG performance information. For businesses wanting a detailed understanding of how to deliver on these important areas including boards of directors, senior management, financial officers, internal auditors, external auditors, legal counsel, investors, and regulators, this book is an invaluable resource.

Critical Company Law Lorraine Talbot, 2015-08-11. The second edition of *Critical Company Law* provides a framework in which to understand how the company functions in society and a thorough grounding in modern legal doctrine. It shows how modern company law is shaped by a multi-layered history of politics, ideology, economics, and power. Through the lens of political economic theory, the book shows how the company becomes the mechanism through which the state makes political choices about distributing societies' wealth and through which it responds to economic crises. The current law reflects an economy marked by a disjuncture between the low profits of the productive economy and the high profits of the finance economy. *Critical Company Law* examines areas of company law to show how they reflect a fragile economy inexorably drawn to social and economic inequality and short-termism. These include The Doctrine of Separate Corporate Personality, Groups of Companies, and Tort Liabilities; Company Formation and the Constitution; Directors' Duties and Authority; Corporate Capacity; Shares and Shareholders; Raising and Maintaining Capital; Minority Protection. In this uniquely hybrid book, the legal topics are treated with detail and clarity, providing an engaging introduction to the key topics required for a student of company law.

Corporate Social Responsibility James Weber, David Wasieleski, 2018-05-14. Volume Two of *Business and Society 360* focuses on research drawn from work grounded in corporate social responsibility and corporate citizenship.

Accounting Reform and Investor Protection: without special title United States. Congress. Senate. Committee on Banking, Housing, and Urban Affairs, 2003.
