Analysis of Corrective Church Discipline: God's Loving Plan to Rescue and Restore Believers Dr. Todd M. Fink, 2019-03-08 Corrective church discipline is probably the most difficult task of a church and its leaders It's often time consuming ugly has fallout and usually involves criticism Therefore rather than deal with the difficulties of implementing church discipline we often look for ways to get around it so we don't have to deal with the problems it might entail This might

be an easier approach but it's not the biblical approach This book tackles this important doctrine head on and seeks to let God say what He intended to say about church discipline After all He is the one who spoke about it in the first place

Gods, Priests, and Men Aylward Manley Blackman, 1998 First Published in 1998 Routledge is an imprint of Taylor Francis an informa company Makers of the Western Tradition J. Kelley Sowards, 1997-01-15 Through six widely adopted editions Makers of the Western Tradition has successfully drawn students into the study of history through a biographical approach to important facts and events In two volumes this book examines the impact of 27 key historical figures while it familiarizes students with varieties of historical sources and interpretation **Unlocking God's Supernatural Zone** Evan. Muthu, 2017-05-03 God planted Abraham in an unfriendly wilderness and at the same time he planted the church in a lost world Both had the same goal to prepare them for a kingdom not of this world THE PURPOSE OF THIS BOOK For every believer and minister of the gospel to recognize and unlock the potential and authority they possess inside of them through the Spirit Every incident and story written is an actual encounter of heaven touching the earth in the lives of people through the nations You will discover The 5 Results of the anointing The 7 Facets of God's Spirit How every believer can step into the Supernatural Realm Different Level of Anointing and How to operate under it How to Break the Spirit of infirmity through the Anointing Activating the hidden Authority of the Believer What happens when the Fire of God falls on Believers 5 Keys to release the Gift of Healing 3 Dimension of the Deep places with God **God's Monsters** Esther J. Hamori, 2023 The Bible is full of monsters giants vengeful spirits and more If you read closely you'll see these monsters aren't God's opponents they are God's entourage When we examine these strange creatures for what they are we see how they validate the human experience living in a world that is unpredictable unjust and at times monstrous **Gods Priests & Men** Lloyd, 2012-11-12 First Published in 1998 This volume brings together for the first time in a single volume the highly significant works on ancient Egyptian religion by Aylward Manley Blackman 1883-1956 Blackman's knowledge of Egyptian religion was unrivalled He was best known for his series of studies on Egyptian religion which have long been regarded as essential reading in the subject and which forms the content of the present collection Unusually Blackman did not publish his writings in book form but preferred to place them in a wide range of publications that are extremely difficult to obtain Blackman's studies on Egyptian religious belief and particularly religious practice focus on areas of fundamental concern and are models of meticulous sympathetic and penetrating scholarship They should remain required reading for all students of Egyptian religion well into the next century All those with an interest in the subject should welcome this volume which makes Blackman's writings accessible in a convenient form A select bibliography provides an update and key to more recent work on topics discussed by Blackman **Walking in the Way of Peace** Meredith Baldwin Weddle, 2001-05-03 This book investigates the historical context meaning and expression of early Quaker pacifism in England and its colonies Weddle focuses primarily on one historical moment King Philip's War which broke out in 1675 between English settlers and Indians in New England Among

the settlers were Quakers adherents of the movement that had gathered by 1652 out of the religious and social turmoil of the English Civil War King Philip's War confronted the New England Quakers with the practical need to define the parameters of their peace testimony to test their principles and to choose how they would respond to violence The Quaker governors of Rhode Island for example had to reconcile their beliefs with the need to provide for the common defense Others had to reconcile their peace principles with such concerns as seeking refuge in garrisons collecting taxes for war carrying guns for self defense as they worked in the fields and serving in the militia Indeed Weddle has uncovered records of many Quakers engaged in or abetting acts of violence thus debunking the traditional historiography of Quakers as saintly pacifists Weddle shows that Quaker pacifism existed as a doctrinal position before the 1660 crackdown on religious sectarians but that it was a radical theological position rather than a pragmatic strategy She thus convincingly refutes the Marxist argument that Quakers acted from economic and political and not religious motives She examines in detail how the Quakers theology worked how for example their interpretation of certain biblical passages affected their politics and traces the evolution of the concept of pacifism from a doctrine that was essentially about protecting the state of one's own soul to one concerned with the consequences of violence to other human beings

THE PRESIDENTS NEED A KING Joy Molele, 2024-08-21 Politics is often referred to as a battle of thrones As life in the spirit politics also has its roots in the spirit Spiritual intelligence is essential in politics as it is a battle of souls that determines who gains control over state resources The number of voters plays a crucial role in elections but the spiritual intelligence of leaders and organizations is often overlooked Governing positions are considered spiritual with thrones traditionally inherited by kings The book emphasizes how applying spiritual intelligence derived from the Bible will bring order justice righteousness prophetic instructions and welfare to the political system All believers should be united to choose righteous leaders to rule over them across all nations politically Ultimately the call is for every citizen and leader in organizations and societies to return to godly principles and values to gain peace prosperity and justice This is how we can hand over a Godly nation to the next generation that loves and honors God in all their deeds

Civilization Or Barbarism Cheikh Anta Diop, 1991 Challenging societal beliefs this volume rethinks African and world history from an Afrocentric perspective *Faith Lies* Darrell Smith, 2019-01-08 Faith Lies 7 Incomplete Ideas That Hijack Faith and How to See Beyond Them is for people noticing the cracks in the foundation of their faith as well as those who feel they have been hurt or discarded by a God or a faith that just does not make sense Faith lies are those seemingly required religious ideas or spiritual beliefs that are often confusing and rarely helpful LIE 1 The Bible is the Literal Word of God The

Bible is not the written record of God's dictation. God was most certainly the inspiration for the Bible but not the medium. People were the medium; they did the storytelling, the writing, the selecting, and the interpretation that resulted in the Bible. The Bible is not God's Bill of Rights and Constitution. Rather, it is a divinely inspired story of progression that should open things up rather than constrict and regulate.

LIE 2: God is Angry and Doesn't Like Me Especially When I Sin. Instead of perceiving God as a loving parent, many of us understand God as a cosmic scorekeeper intent on our purification. Understanding God as a loving parent not only requires a reframing of our perception of God but also invites us to see each other and ourselves as beloved children.

LIE 3: The Devil is God's Counterpart. This is the bad idea that the Bible presents a continuous, consistent narrative about the devil. It simply does not. Moreover, when we string together what we actually have: disparate statements about Satan made by different people from different places, languages, cultures, and times, we arrive at the strange notion that there is a good God who is responsible for the good things in our lives and a bad God, Satan, who handles the bad stuff.

LIE 4: I Am Supposed to Protect and Defend God and My Faith. There are real tensions and conflicts around the globe today that are built on the notion that as people of faith, one of our jobs is to defend our faith or our God. Rather than settling for a God who needs our protection, we can follow the powerfully divine thread of moving beyond the tribe that is found throughout the Bible.

LIE 5: There is One Right Way to Believe and One Right Way to Behave. One of the root lies of fundamentalism in all faiths is the notion that true faith is defined by believing the right things and acting the right way. Isn't it more likely that we are all part of a diverse creation that flows from a God that cannot be contained by any one belief or behavior?

LIE 6: Faith is a Private Matter. Much like whom we voted for in the last election or how much money we make, people have wrongfully accepted the idea that faith is a private matter and not to be shared with others. The spiritual life has always been a communal life. We require others to undertake our journey, and others need us too.

LIE 7: Real Faith is Blind Belief. The idea that true faith has no doubts or questions creates a powerless and impotent faith that discourages critical thinking and fosters the ridiculous assumption that science and faith are unrelated. Real faith actually requires doubt, criticism, and exploration in order to change us, let alone change the world. While the loud voices at the margins adamantly declare faith either completely irrelevant or capable of being contained in one narrow ideology, most people get lost in the mix, feeling no certainty or comfort in either direction.

Faith Lies deconstructs the terrible notion that faithlessness and fundamentalism are our only options.

The Gospel according to Luke J. J. Van

Oosterzee, 2007-05-01 Presented here in paperback for the first time is John Peter Lange's Theologisch-homiletisches Bibelwerk. Intended to help preachers prepare sermons, the commentary series is essentially biblical and evangelical catholic. This 19th century commentary has served as a standard reference for more than a century. Many early reviewers regarded Schaff's edition with his additional material as superior to the original. It has proven to be a complete and useful Commentary and continues to prove especially valuable to ministers. It contains critical annotations of the text and its translation and a threefold commentary: exegetical, doctrinal, and homiletical. Under these three heads, the text is viewed from every aspect.

A Commentary on the Holy Scriptures: Critical, Doctrinal, and Homiletical Johann Peter Lange, 1870
