**A Manual of Christian Evidence** John Rely Beard, 1868 **A Thematic Access-Oriented Bibliography of Jesus's Resurrection** Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus s physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic

Access Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease

### **Is Jesus of Nazareth the Predicted Messiah?**

Douglas D. Scott, 2019-02-04 Christians in general and preachers of prophecy in particular attribute the fulfillment of hundreds of Old Testament messianic prophecies to Jesus of Nazareth Often these claims arise in the uncritical environment of Christian churches or popular literature that is treating messianic prophecy People with critical thinking abilities and those endowed with a skeptical nature often have key questions that remain unaddressed in such environments These thinkers and skeptics are the people that will be most interested in this work The primary question addressed is this Do critically acceptable historical evidential reasons exist for believing that Jesus Christ is the direct fulfillment of some specific Old Testament messianic texts Approaching this question within a framework that eliminates any possibility of staged prophetic fulfillment and those that may occur by mere chance or collusion produces results that must be taken seriously Even with these strict criteria Jesus emerges as the only viable candidate to fulfill some of the prophecies included in this study For other prophetic texts the evidence is not as abundant or convincing However even these texts yield several minimal facts that directly impinge on New Testament claims about Jesus

**Defending The Gospel Through The Centuries** John

Warwick Montgomery, 2017-03-12 Dr Montgomery traces the history of apologetics from Paul on Mars Hill to CS Lewis at Oxford. Learn how Christians have defended the faith as each age has leveled attacks upon it and how relevant the master apologists of the past are to our contemporary witness for Christ and the Bible. The Bridge Michael W.

McGowan, 2015-05-04 Philosophers of religion and theologians have long wrestled with the concept of revelation. Does God reveal truth to human subjects primarily through sacred texts or audible voices? Through inner experiences or pronouncements of religious leaders? What is the relationship between the truths given in revelation and those discoverable by reason? Revelation is a challenge not only to scholars but also for churchgoers. How can the same God command one person to do one thing and another to do something quite different? In The Bridge Michael McGowan explores how a number of great twentieth and twenty-first century thinkers understand the concept of revelation. Using insights from their work and some recent advances in literary theory and communication studies, he constructs a model of revelation in which symbol and narrative figure heavily. Ancient ideas are given new life in this contemporary explication of the nature of revelation: God as the Revealer and revelation's implications. *The Remaking of Evangelical Theology* Gary J. Dorrien, 1998-01-01 In this in-depth historical analysis of evangelical theology, Gary Dorrien describes how evangelicalism has developed and matured. Beginning at the turn of the century and the start of the fundamentalist/modernist controversies, he notes the key figures and institutions of the evangelical movement. He also shows how evangelicalism has both diversified and entered into the broader theological discussions of today.
