Recovering Protestantism's Original Insight Paul E. Capetz, 2023-04-20 In this engaging volume Capetz argues that Protestants have largely ignored Luther's heritage when it comes to thinking about biblical authority and instead have followed Calvin's biblicism leading to many intellectual and moral problems in the face of a fully historical critical understanding of the Bible in our time After prefacing the book with a personal story that illustrates what is at stake in this question for the church's pastoral ministry he examines in detail the debate between Barth and his heir of Calvin and Bultmann a Lutheran regarding *Sachkritik* or content criticism of Scripture since their debate serves to clarify the central issue facing Protestants today He then traces their debate back to the Reformation itself to show how the difference between Luther and Calvin presented Protestants from the outset with two conflicting models of biblical authority He then reflects on how this question of the proper understanding of biblical authority manifests itself in the debates over sexual ethics that have plagued mainline denominations for the past four decades And he concludes by arguing that Luther's heritage provides Protestants with a viable way to engage in a robust theological interpretation of the Bible that does not violate what historical criticism has taught us about it

**Missional: Impossible!** Francis Rothery, 2014-01-07 Mainline Christianity in the West is dying Addiction to hierarchical and bureaucratic power is killing it A management god and a mission god have usurped the Way of Christ In the midst of decline the missional movement is attempting to reboot the church Its goal is to remake a New Christian West through mission leadership mapping and planning Yet it is trapped in the language and methods of modernity Its final solution is a polarizing vision of cultural domination by one social group the Christians The Way of Life and Truth has been forgotten Christ is not a conquering King a written Word or an absolute Idea but a divine Human Being Social wholeness can only be realized through a rediscovery of Conversation Reconciliation and Empowerment These reflect Christ's practices of eternal dialogue and reciprocal giving in small communities Through this mutual Way of Life people of all faiths and none can discover deep within themselves Our Un Known G d A gentle voice is whispering in the heart of all humanity I am the Way

**Sub-versions** Ciaran Ross,2010 From Swift s repulsive shit flinging Yahoos to Beckett s dying but never quite dead moribunds Irish literature has long been perceived as being synonymous with subversion and all forms of subversiveness But what constitutes a subversive text or a subversive writer in twenty first century Ireland The essays in this volume set out to redefine and rethink the subversive potential of modern Irish literature Crossing three central genres one common denominator running through these essays whether dealing with canonical writers like Yeats Beckett and Flann O Brien or lesser known contemporary writers like Sebastian Barry or Robert McLiam Wilson is the continual questioning of Irish identity Irishness going from its colonial paradigm and stereotype of the subaltern in MacGill to its uneasy implications for gender representation in the contemporary novel and the contemporary drama A subsidiary theme inextricably linked to the identity problematic is that of exile and its radical heritage for all Irish writing irrespective of its different genres Sub Versions offers a cross cultural and trans national response to the expanding interest in Irish and postcolonial studies by bringing together specialists from different national cultures and scholarly contexts Ireland Britain France and Central Europe The order of the essays is by genre This study is aimed both at the general literary reader and anyone particularly interested in Irish Studies

**South Asia's Christians** Chandra Mallampalli, 2023 South Asia is home to more than a billion Hindus and half a billion Muslims But the region is also home to substantial Christian communities some dating almost to the earliest days of the faith The stories of South Asia's Christians are vital for understanding the shifting contours of World Christianity precisely because of their history of interaction with members of these other religious traditions In this broad accessible overview of South Asian Christianity Chandra Mallampalli shows how the faith has been shaped by Christians location between Hindus and Muslims Mallampalli begins with a discussion of South India's ancient Thomas Christian tradition which interacted with West Asia's Persian Christians and thrived for centuries alongside their Hindu and Muslim neighbours He then underscores efforts of Roman Catholic and Protestant missionaries to understand South Asian societies for purposes of conversion The publication of books and tracts about other religions interreligious debates and aggressive preaching were central to these endeavours but rarely succeeded at yielding converts Instead they played an important role in producing a climate of religious competition which ultimately marginalized Christians in Hindu Muslim and Buddhist majority countries of post colonial South Asia Ironically the greatest response to Christianity came from poor and oppressed Dalit formerly untouchable and tribal communities who were largely indifferent to missionary rhetoric Their mass conversions poetry theology and embrace of Pentecostalism are essential for understanding South Asian Christianity and its place within World Christianity today
