Protestantism And Regionalism:

Protestantism and Regionalism Martin E. Marty,1992 **Modern American protestantism and its world** ,1992

Fundamentalism and Evangelicalism Martin E. Marty,2011-06-15 No detailed description available for

Fundamentalism and Evangelicalism *Poet John Hewitt, 1907-1987 and Criticism of Northern Irish Protestant Writing*
Sarah Ferris,2002 This study questions the validity of John Hewitt s prominence in Northern Irish Protestant writing and asserts the need for a more accurate history of this genre Confronting the perceived wisdoms of a highly politicized discourse it undermines Hewitt s status within it as a matchless acceptable Protestant for a critically re visioned Ireland Challenging the substance of Hewitt s self representations as icon of cultural liberalism radical secular dissenter and verse apologist for the Planter condition this book shows that his elevation over the majority of northern Protestants is tenable only within an incompressive history of Northern Irish Protestant writing that diminishes other important figures The study provides a framework for a more equitable study of Protestant voices **Protestantism and Politics in Korea** Chung-shin

Park,2011-07-01 Following its introduction to Korea in the late nineteenth century Protestantism grew rapidly both in numbers of followers and in influence and remained a dominating social and political force throughout the twentieth century In Protestantism and Politics in Korea Chung shin Park charts this stunning growth and examines the shifting political associations of Korean Protestantism Elsewhere in Asia evangelical Protestant missionaries failed to have much social and political impact being perceived as little more than agents of Western imperialism But in Korea the church became a locus of national resistance to Japanese colonization in the fifty years preceding 1945 Missionaries and local adherents steadily gained popular support as they became identified with progressive political reforms After World War II and the division of the Korean peninsula however most Protestant institutions in South Korea were conscripted into the fight against communism In addition they became involved in the postwar push for rapid economic development These alliances led to increasing political conservatism so that mainstream Korean Protestantism eventually became a stalwart defender of the authoritarian status quo A small liberal minority remained politically active supporting social and human rights causes throughout the 1960s and 1970s laying the foundation for mass protests and gradual democratic liberalization in the 1980s Park documents the theological evolution of Korean Protestantism from early fundamentalism to more liberal doctrines and shows how this evolution was reflected in the political landscape Encyclopedia of Protestantism Hans J.

Hillerbrand,2004-08-02 For more information including sample entries full contents listing and more visit the Encyclopedia of Protestantism web site Routledge is proud to announce the publication of a new major reference work from world renowned scholar Hans J Hillerbrand The Encyclopedia of Protestantism is the definitive reference to the history and beliefs that continue to exert a profound influence on Western thought Featuring entries written by an international team of specialists and scholars the encyclopedia traces the course of Protestantism from its beginnings prior to 1517 when Martin Luther

nailed his 95 Theses to the door of Wittenberg Cathedral to the vital and diverse international scene of the present day

Protestantism in America Randall Balmer, 2005-11-18 As America has become more pluralistic Protestantism with its long roots in American history and culture has hardly remained static This finely crafted portrait of a remarkably complex group of Christian denominations describes Protestantism's history constituent subgroups and their activities and the way in which its dialectic with American culture has shaped such facets of the wider society as healthcare welfare labor relations gender roles and political discourse Part I provides an introduction to the religion's essential beliefs a brief history and a taxonomy of its primary American varieties Part II shows the diversity of the tradition with vivid accounts of life and worship in a variety of mainline and evangelical churches Part III explores the vexed relationship Protestantism maintains with critical social issues including homosexuality feminism and social justice The appendices include biographical sketches of notable Protestant leaders a chronology a glossary and an annotated list of resources for further study

Protestantism and Social Christianity Martin E. Marty, 1992 A collection of essays on the relationship of so called Social Christianity and mainstream American Protestantism The articles address the themes of the general movement and focus on more specific issues such as Prohibition and pacifism

Bridging the Gap Gerald A. Klingbeil, 2007 This volume is intended to introduce university and seminary students and scholars to the neglected field of ritual studies particularly within the larger context of biblical and theological studies At the same time the author hopes to further the discussion by interacting with numerous scholars in the field providing an extensive bibliography of relevant works Klingbeil defines the basic terms used in ritual studies and explains the concepts involved in interpreting biblical ritual He offers a broad history of the study of biblical ritual beginning with the critiques of ritual found in the Old Testament prophetic books and surveying attitudes toward ritual down to modern times Drawing on the fields of anthropology and sociology as well as his decade of work in the field Klingbeil presents a comprehensive reading strategy for biblical ritual texts In addition he explores connections between ritual studies and theological research This ground breaking study promises to generate discussion about biblical ritual and provides an excellent introduction to this growing field of study for students and scholars

Devolution, Regionalism and Regional Development , Varieties of Protestantism Martin E. Marty, 1992

Theological Themes in the American Protestant World Martin E. Marty, 1992

Federalism and Regionalism in Western Europe W. Swenden, 2006-02-21 Federalism and Regionalism in Western Europe seeks to clarify the relevance problems and consequences of operating federal systems of government in Western Europe The book analyzes and explains varieties in the allocation of resources the decision making process and problem solving capacity of West European federal and regional states

Native American Religion and Black Protestantism Martin E. Marty, 1993

The Lost Soul of American Protestantism D. G. Hart, 2004-08-27 In *The Lost Soul of American Protestantism* D G Hart examines the historical origins of the idea that faith must be socially useful in order to be valuable Through specific episodes in Presbyterian Lutheran and Reformed history Hart

presents a neglected form of Protestantism confessionalism as an alternative to prevailing religious theory He explains that unlike evangelical and mainline Protestants who emphasize faith's role in solving social and personal problems confessionals Protestants locate Christianity's significance in the creeds ministry and rituals of the church Although critics have accused confessionals of encouraging social apathy Hart deftly argues that this form of Protestantism has much to contribute to current discussions on the role of religion in American public life since confessionals refuses to confuse the well being of the nation with that of the church The history of confessionals Protestantism suggests that contrary to the legacy of revivalism faith may be most vital and influential when less directly relevant to everyday problems whether personal or social Clear and engaging D G Hart's groundbreaking study is essential reading for everyone exploring the intersection of religion and daily life

The Dynamics of Conflict in Northern Ireland Joseph Ruane,Jennifer Todd,1996-11-13 This book offers a uniquely comprehensive account of the conflict in Northern Ireland providing a rigorous analysis of its dynamics and present structure and proposing a new approach to its resolution It deals with historical process communal relations ideology politics economics and culture and with the wider British Irish and international contexts It reveals at once the enormous complexity of the conflict and shows how it is generated by a particular system of relationships which can be precisely and clearly described The book proposes an emancipatory approach to the resolution of the conflict conceived as the dismantling of this system of relationships Although radical this approach is already implicit in the converging understandings of the British and Irish governments of the causes of conflict The authors argue that only much more determined pursuit of an emancipatory approach will allow an agreed political settlement to emerge

Regional Aesthetics Hugh Chignell,Ieuan Franklin,Kristin Skoog,2015-09-15 This book is about forms of media that have reflected or increased consciousness of a sense of place or a regional identity From landscape painting in the Romantic era to newspaper coverage of devolution the chapters explore through contextualized case studies the aesthetics of a wide range of local regional and grassroots forms of media

The Greenwood Encyclopedia of Daily Life in America Randall M. Miller,2008-12-30 The course of daily life in the United States has been a product of tradition environment and circumstance How did the Civil War alter the lives of women both white and black left alone on southern farms How did the Great Depression change the lives of working class families in eastern cities How did the discovery of gold in California transform the lives of native American Hispanic and white communities in western territories Organized by time period as spelled out in the National Standards for U S History these four volumes effectively analyze the diverse whole of American experience examining the domestic economic intellectual material political recreational and religious life of the American people between 1763 and 2005 Working under the editorial direction of general editor Randall M Miller professor of history at St Joseph's University a group of expert volume editors carefully integrate material drawn from volumes in Greenwood's highly successful Daily Life Through History series with new material researched and written by themselves and other scholars The four volumes cover the following periods The War of

Independence and Antebellum Expansion and Reform 1763 1861 The Civil War Reconstruction and the Industrialization of America 1861 1900 The Emergence of Modern America World War I and the Great Depression 1900 1940 and Wartime Postwar and Contemporary America 1940 Present Each volume includes a selection of primary documents a timeline of important events during the period images illustrating the text and extensive bibliography of further information resources both print and electronic and a detailed subject index *Literature, Partition and the Nation-State* Joseph N.

Cleary,2002-01-03 The history of partition in the twentieth century is one steeped in controversy and violence *Literature Partition and the Nation State* offers an extended study of the social and cultural legacies of state division in Ireland and Palestine two regions where the trauma of partition continues to shape political events to this day Focusing on the period since the 1960s when the original partition settlements in each region were challenged by Irish and Palestinian nationalists Joe Cleary s book contains individual chapters on nationalism and self determination on the construction of national literatures in the wake of state division and on influential Irish Israeli and Palestinian writers film makers and public intellectuals Cleary s book is a radical and enthralling intervention into contemporary scholarship from a range of disciplines on nations and nationalism It will be of interest to scholars in Cultural and Post Colonial Studies Nations and Nationalism Irish Literature Middle East Studies and Modern History *Presbyterians and the Irish Language* Roger Blaney,1996 This book is the first to establish the rightful place of the Irish language in the Presbyterian heritage in Ireland It traces the Presbyterian Irish speaking tradition from its early roots in Gaelic Scotland through the Plantation and Williamite War periods to its successive revivals in the later decades of each of the 18th 19th and most recently 20th centuries There are detailed biographies of influential Irish speaking Presbyterians clerical and lay whose love of the language helped to ensure its survival The author contends that the origins of the Gaelic League are as likely to be found in Presbyterian Belfast as in Catholic Dublin At a time when the Irish Language was losing ground to a combination of demographic political and educational forces it was Presbyterians who were to the fore in saving valuable manuscripts in teaching through the language and in publishing works in Irish for example the first Irish language magazine was produced in Belfast The result is an absorbing account of an integral but little known strand in the fabric of Presbyterianism It will add significantly to the mutual understanding between the main traditions on our island and will provide new evidence for the view that we share more than divides us

The Enigmatic Realm of **Protestantism And Regionalism**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing short of extraordinary. Within the captivating pages of **Protestantism And Regionalism** a literary masterpiece penned by a renowned author, readers set about a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting impact on the hearts and minds of those who partake in its reading experience.
