Les protestants de l'ancien colloque du Berry Didier Boisson, 2000 L histoire d une minorit religieuse tr s dispers e dans de nombreuses communaut s d Aubusson Ch teau Chinon A Companion to the Huguenots Raymond A. Mentzer, Bertrand Van Ruymbeke, 2016-02-02 The Huguenots are among the best known of early modern European religious minorities Their suffering in 16th and 17th century France is a familiar story The flight of many Huguenots from the kingdom after 1685 conferred upon them a preeminent place in the accounts of forced religious migrations Their history has become synonymous with repression and intolerance At the same time Huguenot accomplishments in France and the lands to which they fled have long been celebrated They are distinguished by their theological formulations political thought and artistic achievements This volume offers an encompassing portrait of the Huguenot past investigates the principal lines of historical development and suggests the interpretative frameworks that scholars have advanced for appreciating the Huguenot experience **Church and State in Old and New Worlds** Hilary M. Carey, John Gascoigne, 2010-12-06 Church state relations have always been important but the need for an historical re evaluation has been heightened by recent developments in the relations between governments and religious bodies Drawing on a wide range of historical case studies this book focuses particularly on the way in which the traditional European Old World fusion of church and state was reshaped in the New World of European settler colonies of the United States Australia and New Zealand Its analysis illuminates both the historical dynamics of such changes and the way in which such developments continue to influence the conduct of church state relations in both the Old and the New Worlds *Experiencing Exile* David van der Linden, 2016-04-22 The persecution of the Huguenots in France followed by the revocation of the Edict of Nantes in 1685 unleashed one of the largest migration waves of early modern Europe Focusing on the fate of French Protestants who fled to the Dutch Republic *Experiencing Exile* examines how Huguenot refugees dealt with the complex realities of living as strangers abroad and how they seized upon religion and stories of their own past to comfort them in exile The book widens the scope of scholarship on the Huguenot Refuge by looking beyond the beliefs and fortunes of high profile refugees to explore the lives of ordinary exiles Studies on Huguenots in the Dutch Republic in particular focus almost exclusively on the intellectual achievements of a small group of figures including Pierre Bayle and the Basnage brothers whereas the fate of the many refugees who joined them in exile remains unknown This book puts the masses of Huguenot refugees back into the history of the Refuge examining how they experienced leaving France and building a new life in the Dutch Republic Divided into three sections The Economy of Exile Faith in Exile and Memories in Exile the book argues that the Huguenot exile experience was far more complicated than has often been assumed Scholars have treated Huguenot refugees either as religious heroes as successful migrants or as modern philosophers while ignoring the many challenges that exile presented As this book demonstrates Huguenots in the Dutch Republic discovered that being a religious refugee in early modern

Europe was above all a complex and profoundly unsettling experience fraught with socio economic religious and political challenges rather than a clear cut quest for religious freedom

Normes juridiques et pratiques judiciaires, du moyen âge à l'époque contemporaine Benoît Garnot, 2007 On pourrait s'attendre ce que les pratiques judiciaires reflètent les normes juridiques qu'il s'agisse des lois ou des coutumes Et cela peut se produire Mais il arrive souvent qu'un écart apparaisse entre les unes et les autres c'est dire que les juges décident pour les délinquants des peines différentes de celles prévues par les lois fréquemment dans le sens d'une sévérité moindre On n'en finirait pas d'accumuler les exemples de ces écarts ils abondent dans ce livre qui couvre une très longue période du Moyen Âge à l'époque contemporaine et un vaste espace géographique puisque si la France y est privilégiée les autres pays européens et l'Amérique y sont largement abordés Tenter d'analyser globalement les facteurs des distorsions si fréquentes entre les normes juridiques et les pratiques judiciaires implique de prendre en compte en même temps les règles de droit les instances qui sont chargées de les faire appliquer et ceux qui doivent du moins en théorie les respecter Relever ces distorsions conduit relativiser la part d'autonomie et d'influence du droit Elles sont sans doute même une nécessité sauf Considérer que l'idéal atteindre serait celui d'une société immobile et coercitive

Repenser l'histoire Myriam Yardeni, 2000 Partout le protestantisme entretient des

relations ambiguës avec l'histoire Cette religion dont l'une des doctrines de base est le retour aux sources et qui veut par là effacer 1500 ans de mutations et d'adaptations aux changements d'espaces et de circonstances s'avère en fin de compte être non seulement une religion du livre mais aussi une religion de l'histoire Car en tant que descendants et dans une certaine mesure aussi en tant que continuateurs de la Renaissance les historiens protestants mènent une lutte sisyphique pour adapter l'éternel au relatif et pour comprendre leur propre héritage Quand la révocation de l'édit de Nantes transforme la lutte pour la survie en édification la vocation individuelle de l'historien huguenot se teint de plus en plus de motifs de vocation collective C'est toute l'histoire du calvinisme et des huguenots qui se charge d'une vocation et d'une mission D'ordinaire son rôle sera d'illustrer la prévalence des valeurs morales sociales et politiques comme chez Rapin Thoyras par exemple ou de mettre en évidence la mission civilisatrice du protestantisme français comme chez Erman et R clam
