wrestled with personal demons his governments launched major reforms in public health care law reform and immigration On his watch First Nations on reserve obtained the right to vote and the federal government began to open up the North He established Canada as a leader in the struggle against apartheid in South Africa and took the first steps in making Canada a leader in the fight against nuclear proliferation And Diefenbaker's Bill of Rights laid the groundwork for the Charter of Rights and Freedoms He set in motion many of the achievements credited to his successor Lester B Pearson Pearson in turn gave coherence to Diefenbaker's piecemeal reforms He also pushed Parliament to adopt a new and now much loved Canadian flag against Diefenbaker's fierce opposition Pearson understood that if Canada were to be taken seriously as a nation it must develop a stronger sense of self Pearson was superbly prepared for the role of prime minister decades of experience at External Affairs respected by leaders from Washington to Delhi to Beijing the only Canadian to win the Nobel Prize for Peace Diefenbaker was the better politician though If Pearson walked with ease in the halls of power Diefenbaker connected with the farmers and small town merchants and others left outside the inner circles Diefenbaker was one of the great orators of Canadian political life Pearson spoke with a slight lisp Diefenbaker was the first to get his name in the papers as a crusading attorney Diefenbaker for the Defence champion of the little man But he struggled as a politician losing five elections before making it into the House of Commons until his ascension to the Progressive Conservative leadership in 1956 through a freakish political accident As a young university professor Pearson caught the attention of the powerful men who were shaping Canada's first true department of foreign affairs rising to prominence as the helpful fixer the man both sides trusted the embodiment of a new country that had earned its place through war in the counsels of the great powers ambassador undersecretary minister peacemaker Everyone knew he was destined to be prime minister But in 1957 destiny took a detour Then they faced each other Diefenbaker v Pearson across the House of Commons leaders of their parties each determined to wrest and hold power in a decade long contest that would shake and shape the country

Religion, Protest, and Social Upheaval Matthew T. Eggemeier, Peter Joseph Fritz, Karen V. Guth, 2022-07-26 Represents some of the best cutting edge thinking available on multiple forms of social upheaval and related grassroots movements From the January 2017 Women's March to the August 2017 events in Charlottesville and the 2020 protests for racial justice in the wake of George Floyd's murder social upheaval and protest have loomed large in the United States in recent years The varied sometimes conflicting role of religious believers communities and institutions in such events and movements calls for scholarly analysis Arising from a conference held at the College of the Holy Cross in November 2017 Religion Protest and Social Upheaval gathers contributions from ten scholars in religious studies theology and ethics and gender studies from seasoned experts to emerging voices to illuminate this tumultuous era of history and the complex landscape of social action for economic racial political and sexual and gender justice The contributors consider the history of resistance to racial capitalist imperialism from W E B Du Bois to today the theological genealogy of the capitalist economic order and Catholic theology's growing

Policing Protest Paul A. Passavant,2021-06-28 In Policing Protest Paul A Passavant explores how the policing of protest in the United States has become increasingly hostile since the late 1990s moving away from strategies that protect protesters toward militaristic practices designed to suppress protests He identifies reactions to three interrelated crises that converged to institutionalize this new mode of policing the political mobilization of marginalized social groups in the Civil Rights era that led to a perceived crisis of democracy the urban fiscal crisis of the 1970s and a crime crisis that was associated with protests and civil disobedience of the 1960s As Passavant demonstrates these reactions are all haunted by the figure of black insurrection which continues to shape policing of protest and surveillance notably in response to the Black Lives Matter movement Ultimately Passavant argues this trend of violent policing strategies against protesters is evidence of the emergence of a post democratic state in the United States **Capitalism's Brutal Comeback in China** Susan
