Proust The Creative Silence:

Proust Angelo Caranfa,1990 This study confronts Proust's underlying search to explain through literature the meaning of the human self It deals with Proust's creative silence from an aesthetic philosophical point of view by comparing him with Merleau-Ponty Claudel Braque Marcel St Bonaventure and St Augustine **Proust's Self-reader** Phillip Bailey,1997

Camille Claudel Angelo Caranfa,1999 This book attempts to separate Camille's art from that of Rodin and to show its connections to the artistic and spiritual ideas of her brother the poet Paul Claudel Like her brother Camille communicates in her art the silence of things This silence however is not an inarticulate void a nothingness an unlimited potentiality as it is for Rodin but it is communicative actual originary and meaningful **Marcel Proust** Harold Bloom,2004 A collection of essays written by various scholars critically analyzing the life and works of French author Marcel Proust Includes analyses of characters themes and symbolism in Proust's major works Also contains an annotated bibliography that can be used for finding further information **Merleau-Ponty at the Limits of Art, Religion, and Perception** Kascha Semonovitch,Neal DeRoo,2011-10-27 This book poses the question of what lies at the limit of philosophy Through close studies of French phenomenologist Maurice Merleau-Ponty's life and work the authors examine one of the twentieth century's most interdisciplinary philosophers whose thought intersected with and contributed to the practices of art psychology literature faith and philosophy As these essays show Merleau-Ponty's oeuvre disrupts traditional disciplinary boundaries and prompts his readers to ask what exactly constitutes philosophy and its others Featuring essays by an international team of leading phenomenologists art theorists theologians historians of philosophy and philosophers of mind this volume breaks new ground in Merleau-Ponty scholarship including the first sustained reflections on the relationship between Merleau-Ponty and religion and magnifies a voice that is talked over in too many conversations across the academic disciplines Anyone interested in phenomenology art theory and history cognitive science the philosophy of mind and the philosophy of religion will find themselves challenged and engaged by the articles included in this important effort at interdisciplinary philosophy

recherche du temps perdu one hundred years ago Marcel Proust portrays in abundant detail the extraordinary life and times of one of the greatest literary voices of the twentieth century An impeccably researched and well paced narrative that brings vividly and credibly to life not only the writer himself but also the changing world he knew Roger Pearson New York Times Book Review William C Carter is Proust s definitive biographer Harold Bloom Named a Notable Book of 2000 by the New York Times Book Review *Phenomenology, Modernism and Beyond* Carole Bourne-Taylor,Ariane Mildenberg,2010 From the first stirrings of modernism to contemporary poetics the modernist aesthetic project could be described as a form of phenomenological reduction that attempts to return to the invisible and unsayable foundations of human perception and expression prior to objective points of view and scientific notions It is this aspect of modernism that this book brings to the fore The essays presented here bring into focus the contemporary face of ongoing debates about phenomenology and modernism The contributors forcefully underline the intertwining of modernism and phenomenology and the extent to which the latter offers a clue to the former The book presents the viewpoints of a range of internationally distinguished critics and scholars with diverse but closely related essays covering a wide range of fields including literature architecture philosophy and musicology The collection addresses critical questions regarding the relationship between phenomenology and modernism with reference to thinkers such as Edmund Husserl Maurice Merleau Ponty Martin Heidegger Michel Henry and Paul Ricoeur By examining the contemporary philosophical debates this cross disciplinary body of research reveals the pervasive and far reaching influence of phenomenology which emerges as a heuristic method to articulate modernist aesthetic concerns **Comparative Criticism: Volume 14, Knowledge and Performance** E. S. Shaffer,1992-10-22 Addresses literary theory and criticism comparative studies in terms of theme genre movement and influence and interdisciplinary perspectives **Literary Studies and the Philosophy of Literature** Andrea Selleri,Philip Gaydon,2016-12-01 This book is about the interaction between literary studies and the philosophy of literature It features essays from internationally renowned and emerging philosophers and literary scholars challenging readers to join them in taking seriously the notion of interdisciplinary study and forging forward in new and exciting directions of thought It identifies that literary studies and the philosophy of literature address similar issues What is literature What is its value Why do I care about characters What is the role of the author in understanding a literary work What is fiction as opposed to non fiction Yet genuine interdisciplinary interaction remains scarce This collection seeks to overcome current obstacles and seek out new paths for exploration *Proust Writing Photography* Aine Larkin,2017-07-05 The importance of vision and visual arts such as painting theatre and sculpture in Marcel Proust s *A la recherche du temps perdu* has long been affirmed another significant system of visual representation in the novel is photography Proust appropriated photography as a practice with its own distinctive characteristics which could inform his writing about the processes of perception and memory Through close textual analysis of scenes where photography is experienced or observed as a practice and scenes where photography is

written into the body of the text Aine Larkin offers an invigorating new study that sheds genuinely new light on the presence of photographic motifs in Proust's novel and the subtlety of Proust's engagement with this modern imaging system in his work *Proust, the Body and Literary Form* Michael R. Finn, 1999-03-25 This 1999 study examines the connections between Proust's fin de siècle nervousness and his apprehensions regarding literary form Michael Finn shows that Proust's anxieties both about bodily weakness and about novel writing were fed by a set of intriguing psychological and medical texts and were mirrored in the nerve-based afflictions of earlier writers including Flaubert Baudelaire Nerval and the Goncourt brothers Finn argues that once Proust cast off his concerns about being a nervous weakling he was freed to poke fun both at the supposed purity of the novel form Hysteria as a figure and as a theme becomes a key to the Proustian narrative and a certain kind of wordless bodily copying of gesture and event is revealed to be at the heart of a writing technique which undermines many of the conventions of fiction **La Sonate E(s)t Une Femme** Dee Anne Rodeen, 1997 [Proust and America](#) Michael Murphy, 2007-12-01 An Open Access edition of this book is available on the Liverpool University Press website and the OAPEN library It is strange Proust wrote in 1909 that in the most widely different departments there should be no other literature which exercises over me so powerful an influence as English and American In the spirit of Proust's admission this engaging and critical volume offers the first comparative reading of the French novelist in the context of American art literature and culture In addition to examining Proust's key American influences Ralph Waldo Emerson Edgar Allan Poe and James McNeill Whistler Proust and America investigates the previously overlooked influence of the American neurologist George Beard whose writings on neurasthenia and American nervousness contributed to the essential modernity of the author's work **Marcel Proust e os paraísos perdidos** Ricardo Luiz de Souza, 2014-01-01 Em Marcel Proust e os paraísos perdidos Ricardo Luiz de Souza estuda alguns dos principais temas do romance proustiano o amor o ciúme a passagem do tempo o fazer artístico a arte como redenção a aristocracia as relações sociais buscando demonstrar como a sensação de desilusão que ao permear todo o texto confere a ele unidade e organicidade E em oposição ao desilusão que define a trajetória do Narrador surgem e ressurgem a todo momento os paraísos perdidos que apenas no final do romance e por intermédio da arte são reencontrados Essa dualidade e essa trajetória são analisadas neste livro Trata-se enfim de um estudo sobre a amargura o desencanto e o pessimismo tão presentes na obra de Proust mas trata-se também de um estudo sobre a visão da arte como a dimensão na qual a condição humana do autor do Narrador de todos nós poder ser reencontrada em sua inteireza e a partir daí ser compreendida e quem sabe ser redimida *Structural Models and African Poetics* Sunday O. Anozie, 2016-08-19 In this pioneering work first published in 1981 Sunday O. Anozie examines the relevance of structuralism and semiology to literary criticism in general and to African poetics in particular Behind the growing body of African literature lies an immense reservoir of oral tradition for which the proper tools of analysis and interpretation have yet to be found This book represents the first comprehensive full scale exposition analysis and critique of structuralism by a non Western and non European
