**The Story of B** Daniel Quinn,2010-01-13 From the author of the critically acclaimed award winning bestseller Ishmael and its sequel My Ishmael comes a powerful novel with one of the most profound spiritual testaments of our time A compelling humantale that will unglue stun shock and rearrange everything you ve learned and assume about Western civilization and our future Paul Hawken author of The Ecology of Commerce Father Jared Osborne has received an extraordinary assignment from his superiors Investigate an itinerant preacher stirring up deep trouble in central Europe His followers call him B but his enemies say he s something else the Antichrist However the man Osborne

tracks across a landscape of bars cabarets and seedy meeting halls is no blasphemous monster though an earlier era would undoubtedly have rushed him to the burning stake For B claims to be enunciating a gospel written not on any stone or parchment but in our very genes opening up a spiritual direction for humanity that would have been unimaginable to any of the prophets or saviors of traditional religion Pressed by his superiors for a judgement Osborne is driven to penetrate B's inner circle where he soon finds himself an anguished collaborator in the dismantling of his own religious foundations More than a masterful novel of adventure and suspense The Story of B is a rich source of compelling ideas from an author who challenges us to rethink our most cherished beliefs Explore Daniel Quinn's spiritual Ishmael trilogy ISHMAEL MY ISHMAEL THE STORY OF B

**Experiencing Globalization** Derrick M. Nault, Bei Dawei, Evangelos Voulgarakis, Rab Paterson, Cesar Andres-Miguel Suva, 2013-02-01 Today in an age of globalization religion represents a potent force in the lives of billions of people worldwide Yet when social theorists examine the impact of globalization on contemporary religious movements they tend to focus on issues such as Islamic fundamentalism and threats to US or global security This collection of essays takes a different approach analyzing with special reference to Asia religion through lived experience The key issues covered in the volume include how religious impulses contribute to globalization how religious groups and organizations repackage traditional beliefs for transcultural appeal how religious adherents cope with external threats to identity how new technologies are reshaping the nature of religious beliefs and images and how local and global religious influences blend and or clash Far from religion being a subject of peripheral concern to globalization the contributors demonstrate that from the most basic level of our interactions with the natural environment to the socio political behavior of the great religions and even to the profusion of folk and pop culture phenomena the influence of religion upon globalization and vice versa is apparent at all levels

**A Critique of the Moral Defense of Vegetarianism** Andrew F.

Smith,2016-04-29 Drawing on research in plant science systems ecology environmental philosophy and cultural anthropology Andrew F Smith shatters the distinction between vegetarianism and omnivorism The book outlines the implications that these manufactured distinctions have for how we view food and ourselves as eaters *The Way Back to Paradise* Joseph M. Felser,2005-01-05 Paradise is not the state of being in harmony but the process of harmonizing It is not a garden of bliss but the bliss of gardening Paradise is about mending the self restoring the balance getting back into tune bringing all our discarded and forgotten parts into the whole That means paying attention to and honoring synchronicities precognitive dreams telepathic communications visions and all manner of experiences of psychic sensitivity Philosophy professor Joe Felser realized that what he calls the decrepit decaying cultural ideologies in exclusively favoring reason and logic were excluding the equally real world of magic and psychic activities He began to investigate and the closer he looked the more he found But he wasn't ready to abandon the world of reason and logic Instead he wanted to see if he could find a way to blend the two He did The result is this book In *The Way Back to Paradise* Felser takes you through his day showing what everyday life looks like when you live that blend His stories both magical and reasonable point the way toward a new kind of paradise one suited to the 21st century **The Myth of the Great Ending** Joseph M. Felser,2011-04-01 From Christian believers in the Apocalypse and the Rapture to New Age enthusiasts of prophecies concerning the year 2012 Doomsday lore has been a part of culture a myth that colors how we perceive the world Why do we remain obsessed with Doomsday myths even when they fail to materialize What if we haven't recognized the true message of these myths Blending history psychology metaphysics and story philosopher and author Joseph Felser explores the spiritual questions raised by these enduring myths Along the way he consults the work of Joseph Campbell Carl Jung Marie Louise von Franz Black Elk Wovoka Itzhak Bentov Jane Roberts Seth Hermann Hesse Ingo Swann David Bohm Fred Alan Wolf J Allen Boone William James and Robert Monroe through ever widening circles of understanding Felser suggests that our obsession with The End of the World hides a repressed healthy longing for reconciliation with our inner and outer worlds with nature and our own natural spirituality He urges us to recognize and act upon that longing When we begin to listen to nature's voice and pay heed to our own dreams including visions intuitions and instinctive promptings the greatest revolution in all history will unfold We can create a future of our own choosing a beginning rather than an ending **Your Spiritual Lineage: Researching the Genealogy of Your Soul** William Bray,2006-10-30 Your Spiritual Lineage Researching the Genealogy of Your Soul Pioneering a New Understanding of the Origins of Personality Development Traditional psychology proposes that personality development begins at birth Instead this new study proposes that each of us has subconscious memories of past lives that form a much earlier origin A child prodigy may be selectively remembering talents skills and accomplishments from a previous lifetime that he is building on early in this one We are drawn to professions we are familiar with because we've done them before and may choose places to live visit or vacation because they are pleasant and familiar to us from a past life walking on our own

faded footprints without realizing it When one of his students in conversation began quoting poetry of Arthur Rimbaud without knowing it author William E Bray began exploring the possibility that his student might have been Rimbaud in a past lifetime Subsequent research led him to develop a lineage chart showing that the spiritual lineage of Rimbaud stretched back through Andre Breton Virgil and Alexander the Great He shows how the adventures of Aeneas would have been based on Virgil s subconscious memories of his own exploits when he would have been Alcibiades in a past life Each chapter leads the reader through an exciting search to discover the past lives of some of the world s most important figures The book is also written as a guide to help the reader learn how to research his own past lives Beyond Civilization Daniel

Quinn,2009-02-04 In Beyond Civilization Daniel Quinn thinks the unthinkable We all know there s no one right way to build a bicycle no one right way to design an automobile no one right way to make a pair of shoes but we re convinced that there must be only one right way to live and the one we have is it no matter what Beyond Civilization makes practical sense of the vision of Daniel Quinn s best selling novel Ishmael Examining ancient civilizations such as the Maya and the Olmec as well as modern day microcosms of alternative living like circus societies Quinn guides us on a quest for a new model for society one that is forward thinking and encourages diversity instead of suppressing it Beyond Civilization is not about a New World Order but a New Personal World Order that would allow people to assert control over their own destiny and grant them the freedom to create their own way of life right now not in some distant utopian future The Holy Daniel Quinn,2011-03-01

They knew us before we began to walk upright Shamans called them guardians mythmakers called them tricksters pagans called them gods churchmen called them demons folklorists called them shape shifters They ve obligingly taken any role we ve assigned them and while needing nothing from us have accepted whatever we thought was their due love hate fear worship condemnation neglect oblivion Even in modern times when their existence is doubted or denied they continue to extend invitations to those who would travel a different road a road not found on any of our cultural maps But now perceiving us as a threat to life itself they issue their invitations with a dark purpose of their own In this dazzling metaphysical thriller four who put themselves in the hands of these all but forgotten Others venture across a sinister American landscape hidden from normal view finding their way to interlocking destinies of death terror transcendental rapture and shattering enlightenment **After Dachau** Daniel Quinn,2011-03-01

A rare moral thriller in the tradition of Fahrenheit 451 this stunning work from the author of Ishmael is set in a white washed alternate world where Nazis won the war Village Voice Daniel Quinn well known for Ishmael a life changing book for readers the world over once again turns the tables and creates an otherworld that is very like our own yet fascinating beyond words Imagine that Nazi Germany was the first to develop an atomic bomb and the Allies surrendered America was never bombed occupied or even invaded but was nonetheless forced to recognize Nazi world dominance The Nazis continued to press their campaign to rid the planet of mongrel races until eventually the world from Capetown to Tokyo was populated by only white faces Two thousand years in the future people don

t remember or much care about this distant past The reality is that to be human is to be Caucasian and what came before was literally ancient history having nothing to do with those then living Now imagine that reincarnation is real that souls migrate over time from one living creature to another and that a soul that once animated an American black woman living at the time of World War II now animates an Aryan in Quinn's new world and that due to a traumatic accident memories of this earlier incarnation assert themselves Compared by readers and critics alike to 1984 and Brave New World After Dachau is a new dystopian classic with much to say about our own time and the dynamics of human history

**If They Give You Lined Paper, Write Sideways** Daniel Quinn, 2011-03-01 The award winning author of Ishmael shares his advice on how to challenge your own thought processes so you can see the world in new creative revolutionary ways In Ishmael Daniel Quinn offered new ways of seeing and understanding human history and our collective future His message was transformative for millions of people and Ishmael continues to attract tens of thousands of new readers each year Subsequent works such as The Story of B and My Ishmael expanded upon his insights and teachings but only now does he finally tackle the one question he has been asked hundreds of times but has never taken on How do you do what you do In If They Give You Lined Paper Write Sideways Quinn elucidates for readers the methods behind his own thought processes challenging and ultimately empowering them to view the world for themselves in creative perhaps even revolutionary ways If They Give You Lined Paper Write Sideways also includes Quinn's never before published essays The New Renaissance and Our Religions There is a scientific consensus that global warming is approaching a tipping point beyond no return faster than had previously been predicted Quinn has long portrayed humans as a species of beings which while supposedly rational are destroying the very planet they live on So what are we to do There has never been a plan for the future and there never will be But something extraordinary will happen in the next two or three decades the people of our culture will learn to live sustainably or not Either way it will be extraordinary The sooner we understand this reality the greater the chances that human society will transform itself so that the human race might have a future

**The Threefold Struggle** Andrew Frederick Smith, 2022-08-01 We members of settler colonial culture the latest form of what novelist and cultural critic Daniel Quinn calls Taker culture are constrained by myriad institutions that leave us with little choice but to engage in practices that are profoundly damaging to the planet to others and to ourselves Our path to living otherwise Andrew Frederick Smith argues lies in the threefold struggle which is

inspired by Quinn's focus on the interweaving roots of ecological, social, and personal wellbeing. These three forms of wellbeing are co-implicated. We cannot enjoy one without equally enjoying the others; they are a package deal. As such, what works for people individually and collectively works for the planet and vice versa. Reclaiming our lives and revitalizing our human and more-than-human communities are salient acts of resistance against Taker culture. They offer means of escape from our cultural captivity and an opportunity for full-spectrum wellbeing.
