Translations on Sub-Saharan Africa United States. Joint Publications Research Service, 1978 *Esoteric Buddhism and the Tantras in East Asia* Charles Orzech, Henrik Sørensen, Richard Payne, 2011 This volume the result of an international collaboration of forty scholars provides a comprehensive resource on Esoteric Buddhism and the Tantras in their Chinese Korean and Japanese contexts from the first few centuries of the common era to the present *Coups, Military Rule and Autocratic Consolidation in Angola and Nigeria* Ross Harvey, 2020-12-09 This book provides a unique explanation of why Angola and Nigeria Africa's two largest oil producing nations have experienced different political and economic outcomes since attaining independence It explains why Asian led oil for infrastructure deals materialised in Angola but failed in Nigeria between 2004 and 2007 One hypothesis of the natural resource curse is that resource wealth leads to underdevelopment because it entrenches autocracy but that fails to explain the different political economy outcomes in Angola and Nigeria which were both predominantly autocratic post independence The book reveals through the application of a game theoretic model that Angola's Jose Eduardo dos Santos successfully used the country's oil wealth to consolidate power early in his reign by eliminating potential threats to his dictatorial ambitions He ruled for 38 years and thus represented one of Africa's longest autocracies but was eventually upended by his own ruling party an unusual outcome By contrast no Nigerian leader attained the same level of consolidation over oil or power Perennial contestation for power through multiple successful military coups resulted in an uneven evolution towards a more open and competitive political settlement The findings of this

book will deepen the reader's understanding of the resource curse and illuminate the importance of tailoring governance solutions to reflect the specificities of any resource wealthy context Annual Report ,1868 **Government Gazette** ,1906 A Provincial History of the Ottoman Empire Marc Aymes,2013-08-15 Provincializing the history of the Ottoman Empire this book provides a critical approach to the projects of modernity that took place in the Eastern Mediterranean over the past two centuries Leaving their mark on this period are the turmoil of insurgency in Greece and Egypt a growing intervention of European Powers in Eastern Mediterranean politics and the unfolding of large reform projects within the administration of the Ottoman Empire Whilst these developments have prompted enduring debates over Middle Eastern paths of transformation the case of Cyprus has remained isolated from these discussions something this book seeks to address One of the first research monographs to appear in English on Cyprus during the eventful times of the Ottoman long 19th century this book consistently seeks to provide a dialogue between source analyses and theoretical frameworks Exploring the myriad relationships between this singular locality and the regional not to say global dynamics of empire trade and social change at that time A Provincial History of the Ottoman Empire will be of interest to students and scholars with an interest in the Middle East and Modern History Canadian Reference Sources Mary E.
