Science, Creation and the Bible Richard F. Carlson, Tremper Longman III, 2010-09-07 Physicist Richard Carlson and biblical scholar Tremper Longman address the long standing problem of how to relate scientific description of the beginnings of the universe with the biblical creation passages found in Genesis Experts in their respective fields these two authors provide a way to resolve seeming conflicting descriptions Important Themes in Biblical Theology Canice Njoku C.S.Sp, 2020-02-17 This work is a collection of twenty five papers that I have personally written They consist of themes which were actually suggested assigned and moderated by seasoned professors and biblical scholars in various aspects of Biblical Theology Although in some cases I have modified the themes yet I tried as much as possible to remain focused on the objectives of the papers One very interesting point to note is the treatment of most of these themes basically from the biblical perspective This is mostly with regards to themes drawn from courses which are not strictly scriptural courses but rather are more of theological courses which nonetheless form an integral part of the study of Biblical Theology So in addition to the core scriptural courses I have featured themes from Fundamental Theology Ecclesiology and Eschatology Sacramental and Liturgical Theology Trinitarian Theology etcetera Also it suffices to note that this work is not a commentary on the bible nor is it a comprehensive approach to all the courses in Biblical Theology Rather it is a treatment of some important provocative and challenging themes scholars or students encounter in the course of their study of Biblical Theology This is simply meant to give one an idea of how these themes together shape Biblical Theology and most importantly how to approach some of these themes I hope you will find them very helpful and interesting Old Testament Survey William Sanford LaSor, David Allan Hubbard, Frederic William Bush, 1996-09-03 McKenna and William B Nelson Jr *An Introduction to Wisdom and Poetry of the Old Testament* Donald K. Studies in the New Perspective on Paul Don Garlington, 2008-06-15 This collection of essays follows upon its predecessor originally entitled In Defense of the New Perspective on Paul Essays and Reviews Wipf and Stock 2005 This second edition differs from the first in that five new chapters have been added and one review article has been deleted The change of the main title to Studies in the New Perspective on Paul is due to the conviction that the New Perspective on Paul actually represents a return to the original context in which Paul proclaimed the gospel of Christ Therefore it is not something to be defended but propounded in the most positive terms possible

Early Christian Literature and Intertextuality Craig A. Evans, H. Daniel Zacharias, 2009-06-25 Scholarly interest in intertextuality remains as keen as ever Armed with new questions interpreters seek to improve their understanding of the function of older scripture in later scripture The essays assembled in the present collection address these questions These essays treat pre Christian texts as well as Christian texts that make use of older sacred tradition They analyze the respective uses of scripture in diverse Jewish and Christian traditions Some of these studies are concerned with discreet bodies of writings such as the Dead Sea Scrolls while others are concerned with versions of scriptures such as the Hebrew or Old Greek and text critical issues Other studies are concerned with how scripture is interpreted as part of apocalyptic and eschatology Early Christian Literature and Intertextuality includes essays that explore the use of Old Testament scripture in the Gospels and Acts Other studies examine the Apostle Paul's interpretation of scripture in his letters while other studies look at non Pauline writings and their utilization of scripture Some of the studies in this collection show how older scripture clarifies important points of teaching or resolves social conflict law conversion anthropology paradise and Messianism are among the themes treated in these

studies themes rooted in important ways in older sacred tradition The collection concludes with studies on two important Christian interpreters Syriac speaking Aphrahat in the east and Latin speaking Augustine in the west

Growing in Holiness through the Psalms David J. McKinley, 2023-04-05 In a confused world with moral decay we need clear direction for godly living While the mention of holiness is not commonly heard these days the Psalms call us to cultivate holy lives in today's society The psalmists not only teach us how to grow in holiness but they draw us into their own rich experiences The author explores the Psalms to give us a perspective on the nature of holiness and the many important ways we can grow in holiness The Psalter serves as an invaluable guide for our spiritual formation as followers of Jesus Christ

Preaching Christ from Psalms Sidney Greidanus, 2016-11-10 In this penultimate volume of his series on preaching Christ from the Old Testament Sidney Greidanus offers expert guidance for busy pastors on preaching Christ from Psalms Beginning with a general introduction on how pastors can interpret and preach from the biblical psalms and why they should Greidanus proceeds by discussing twenty two psalms in the Revised Common Lectionary Year A supplying the building blocks necessary to preach from Psalms at Christmas Easter Pentecost and other major days and seasons of the church year In addition to laying out basic homiletical theological approaches suitable for each selected psalm these chapters also provide verse by verse exposition bridges to Christ in the New Testament and ideas for placing the psalmist's words into contemporary context

Imprecations in the Psalms Steffen G. Jenkins, 2022-02-04 The gap between the New Testament and the Imprecatory Psalms is less than we think When faced with prayers against enemies in the Psalms we are too quick to assume that these Old Testament authors were ignorant of some basic New Testament ethics They are self righteous thinking they have earned God's favor They don't know that the wicked can repent and be forgiven They believe in vengeance and hating their enemies We assume wrongly These prayers are far more aware than many modern churchgoers of how deeply our own sin runs so that even when persecuted we are not automatically entitled to divine help Even when we are truly entitled to justice against unrighteous attackers if God rescues us that is unmerited grace Further the psalms are fully aware that their enemies can repent and they show mercy to them The Book of Psalms teaches its readers individuals and the whole people of God to desire the repentance forgiveness and divine blessing of all nations even the people's most vicious enemies
