toxicologists microbiologists dietitians and nutritionists public health officials food scientists and technologists agricultural chemists and biochemists bacteriologists and graduate level students in food science and toxicology How to Change Your Mind Michael Pollan, 2019-05-14 Now on Netflix as a 4 part documentary series Pollan keeps you turning the pages clear-eyed and assured New York Times A 1 New York Times Bestseller New York Times Book Review 10 Best Books of 2018 and New York Times Notable Book A brilliant and brave investigation into the medical and scientific revolution taking place around psychedelic drugs and the spellbinding story of his own life changing psychedelic experiences When Michael Pollan set out to research how LSD and psilocybin the active ingredient in magic mushrooms are being used to provide relief to people suffering from difficult to treat conditions such as depression addiction and anxiety he did not intend to write what is undoubtedly his most personal book But upon discovering how these remarkable substances are improving the lives not only of the mentally ill but also of healthy people coming to grips with the challenges of everyday life he decided to explore the landscape of the mind in the first person as well as the third Thus began a singular adventure into various altered states of consciousness along with a dive deep into both the latest brain science and the thriving underground community of psychedelic therapists Pollan sifts the historical record to separate the truth about these mysterious drugs from the myths that have surrounded them since the 1960s when a handful of psychedelic evangelists inadvertently catalyzed a powerful backlash against what was then a promising field of research A unique and elegant blend of science memoir travel writing history and medicine How to Change Your Mind is a triumph of participatory journalism By turns dazzling and edifying it is the gripping account of a journey to an exciting and unexpected new frontier in our understanding of the mind the self and our place in the world The true subject of Pollan's mental travelogue is not just psychedelic drugs but also the eternal puzzle of human consciousness and how in a world that offers us both suffering and joy we can do our best to be fully present and find meaning in our lives Handbook of Mushroom Poisoning Barry H. Rumack, David G. Spoerke, 1994-09-27 The Handbook of Mushroom Poisoning provides an in depth examination of mushroom poisoning including case examples for each toxic class The book contains specific chapters on mushroom poison pharmacology and approaches to treatment of cases caused by an unknown mushroom or unknown poison For those who want a broader background there are sections on gross and microscopic mushroom identification general information about the types of toxic substances found in various mushroom families and tables detailing the results of various field and laboratory tests For those interested in learning more about mushroom poisonings and how to treat them this book is a must *The Genus Psilocybe* Gastón Guzmán, 1983

Pharmako/Gnosis, Revised and Updated Dale Pendell, 2010-09-28 Delving deep into the world of psychoactive plants including ayahuasca Pharmako Gnosis serves as a comprehensive and standalone guide Celebrated by readers as a modern classic this is a must have for anyone interested in the science history and lore of psychoactive substances In this third and final volume of the Pharmako trilogy Dale Pendell embarks on a captivating journey through the botanical and cultural

landscapes of a diverse array of mind altering teachers From plant based psychedelic substances to their synthetic derivatives Pendell illuminates each with an erudition and playful wit uniquely his own He delves into the worlds of traditional use and modern interpretations of substances such as Amanita muscaria Ayahuasca Banisteriopsis caapi Blowfish Puffer Fish Tetradontidae Bufo alvarius Iboga Tabernanthe iboga Jurema Mimosa hostilis Ketamine Kratom Mitragynia speciosa Mescal Bean Sophora secundiflora Morning Glory Ipomoea Rivea spp Peyote Psilocybe Teonanacatl San Pedro Cactus Tropane alkaloids Peganum harmala Pharmako Gnosis offers more than a mere historical or pharmacological background of these substances Pendell delves into the nuances of each substance s effect on consciousness with a poetic finesse bringing to life our profound and intricate relationship with these potent compounds He approaches the topic with genuine curiosity acknowledging the transformative power these substances wield over individuals societies and cultures The narrative enriched by a wealth of quotations from acclaimed writers is as intoxicating as the substances it explores brewing a unique literary concoction Taking the reader beyond the confines of traditional scientific discourse Pendell s distinctive narrative style weaves in personal experiences anecdotal evidence and a profound sense of the sacred resulting in a reading experience that is as deeply engaging as it is informative

Plant Medicines, Healing and Psychedelic Science Beatriz Caiuby Labate, Clancy Cavnar, 2018-04-28 This is a book about the intersections of three dimensions The first is the way social scientists and historians treat the history of psychiatry and healing especially as it intersects with psychedelics The second encompasses a reflection on the substances themselves and their effects on bodies The third addresses traditional healing as it circles back to our understanding of drugs and psychiatry The chapters explore how these dimensions are distinct but deeply intertwined themes that offer important insights into contemporary healing practices The intended audience of the volume is large and diverse neuroscientists biologists medical doctors psychiatrists psychologists mental health professionals interested in the therapeutic application of psychedelic substances or who work with substance abuse depression anxiety and PTSD patients and practitioners of complementary and alternative medicine ethnobotanists and ethnopharmacologists lawyers criminologists and other specialists in international law working on matters related to drug policy and human rights as well as scholars of religious studies anthropologists sociologists and historians social scientists concerned both with the history of science medicine and technology and concepts of health illness and healing It has a potentially large international audience especially considering the increasing interest in psychedelic science and the growing spread of the use of traditional psychoactives in the West

Modern Psychedelics Joe Dolce, 2025-08-05 Modern Psychedelics is a judgment free handbook that compiles contemporary research and ancient knowledge to guide adult readers who are interested in the mindful exploration of these misunderstood extraordinary powerful substances We are currently in the midst of a massive psychedelic resurgence Medical and academic research teams all over the world have launched studies into the effective use of psychedelics to treat illnesses which modern medicine can t always effectively address including PTSD addiction and

depression At the same time a growing number of adults are interested in experiencing the potentially life changing insight and perspective that psychedelics reputedly provide But those searching for reliable information for how to take and make meaning from these profound experiences have found little available until now Modern Psychedelics covers the history research myths and use of the most popular psychedelics including MDMA Magic Mushrooms Ketamine DMT 5 MeO DMT Ayahuasca LSD Mescaline Payote Huachuma and Ibogaine Iboga In addition it offers essential information on how to set an intentional journey the potential benefits of microdosing how couples can use psychedelics to enhance intimacy and connection and recommendations for responsible use when working with these extraordinary substances Accessibly written and filled with wisdom from many trusted sources no other book offers the depth of information to mindfully guide you into these amazing alternative experiences
