While many Civil War reference books exist there is no single compendium that contains important details about the combatant states and territories that Civil War researchers can readily access for their work People looking for information about the organizations activities economies demographics and prominent personalities of Civil War States and state governments must assemble data from a variety of sources with many key sources remaining unavailable online This crucial reference book the fifth in the States at War series provides vital information on the organization activities economies demographics and prominent personalities of Ohio during the Civil War Its principal sources include the Official Records state adjutant general reports legislative journals state and federal legislation federal and state executive speeches and proclamations and the general and special orders issued by the military authorities of both governments North and South Designed and organized for easy use by professional historians and amateurs this book can be read in two ways by individual state with each chapter offering a stand alone history of an individual state s war years or across states comparing reactions to the same event or solutions to the same problems     **The Publishers' Circular and Booksellers' Record** ,1924     The Publisher ,1909     **Unsettling Archival Research** Gesa E Kirsch, Romeo García, Caitlin Burns Allen, Walker P.

Smith, 2023-03-22 HONORABLE MENTION 2024 Conference on College Composition and Communication Outstanding Book Award in Edited Collection A collection of accessible interdisciplinary essays that explore archival practices to unsettle traditional archival theories and methodologies What would it mean to unsettle the archives How can we better see the wounded and wounding places and histories that produce absence and silence in the name of progress and knowledge Unsettling Archival Research sets out to answer these urgent questions and more with essays that chart a more just path for archival work Unsettling Archival Research is one of the first publications in rhetoric and writing studies dedicated to scholarship that unsettles disciplinary knowledge of archival research by drawing on decolonial Indigenous antiracist queer and community perspectives Written by established and emerging scholars essays critique not only the practices ideologies and conventions of archiving but also offer new tactics for engaging critical communal and digital archiving within and against systems of power Contributors reflect on efforts to unsettle and counteract racist colonial histories confront the potentials and pitfalls of common archival methodologies and chart a path for the future of archival research otherwise Unsettling Archival Research intervenes in a critical issue whether the discipline's assumptions about the archives serve or fail the communities they aim to represent and what can be done to center missing voices and perspectives The aim is to explore the ethos and praxis of bearing witness in unsettling ways carried out as a project of queering and or decolonizing the archives Unsettling Archival Research takes seriously the rhetorical force of place and wrestles honestly with histories that still haunt our nation including the legacies of slavery colonial violence and systemic racism **The Athenaeum**, 1915
