Psyche In Antiquity Bk 2 Gnosticism And Early Christian:

Jesus and the Lost Goddess Timothy Freke, Peter Gandy, 2011-08-10 Why Were the Teachings of the Original Christians Brutally Suppressed by the Roman Church Because they portray Jesus and Mary Magdalene as mythic figures based on the Pagan Godman and Goddess Because they show that the gospel story is a spiritual allegory encapsulating a profound philosophy that leads to mythical enlightenment Because they have the power to turn the world inside out and transform life into an exploration of consciousness Drawing on modern scholarship the authors of the international bestseller *The Jesus Mysteries* decode the secret teachings of the original Christians for the first time in almost two millennia and theorize about who the original Christians really were and what they actually taught In addition the book explores the many myths of Jesus and the Goddess and unlocks the lost secret teachings of Christian mysticism which promise happiness and immortality to those who attain the state of Gnosis or enlightenment This daring and controversial book recovers the ancient wisdom of the original Christians and demonstrates its relevance to us today

Understanding the Hebrew Bible John Barton, 2025-02-01 This is the latest in a series of volumes published about every twenty five years since 1924 surveying the current state of the academic study of the Old Testament more often called the Hebrew Bible in scholarly contexts It is written by leading members of the Society for Old Testament Study the professional organization for scholars in that field in the UK and Ireland but with international members too some of whom have contributed to the volume It provides academics students of the Bible clergy and rabbis and intelligent general readers with a snapshot of the main approaches and issues in the study of the Hebrew Bible since approximately the year 2000 There are chapters on specific biblical books in their ancient context grouped mainly by genre but also on methodological aspects of biblical studies today including interdisciplinary perspectives and contemporary questions such as the Bible in sociological theological historical archaeological literary and linguistic perspectives and the influence of concerns about gender race visual culture and psychology A particular recent interest is represented by a chapter on the reception history of the Hebrew Bible in the visual arts music and literature including drama and film The concern throughout is to encapsulate contemporary currents in interpretation rather than to put forward the contributors personal views but also to suggest how biblical study may or should develop next in these areas As with previous volumes what is provided is a view of global scholarship as seen from these islands that will be useful to serious students of the Hebrew Bible throughout the world As well as describing their field the contributors also provide substantial bibliographies pointing readers to other modern discussions

The British National Bibliography Arthur James Wells, 2002

The Problem of Evil in the Ancient World Mark Edwards, 2023-06-22 The aim of this book is to ascertain how ancient Greek and Latin authors both pagan and Christian formulated and answered what is now called the problem of evil The survey ranges chronologically from the classical and Hellenistic eras through the Roman era to the end of the pagan world Six of the twelve chapters are devoted to Christianity including Manichaeism as one thesis of the book is that the problem of

evil takes an acute form only for Christians since no other philosophy of antiquity posits a personal God exercising providence over individuals without having to overcome countervailing forces None the less it will also be shown that Greek philosophies Platonism in particular come close to the Christian formulation Being conscious of the affinity between Greek thought and their own early Christians respond to the problem of evil in the same way as the philosophers by questioning the existence of evil rather than of the divine

Cosmology and Fate in Gnosticism and Graeco-Roman Antiquity Nicola F. Denzey,2013-04-09 In *Cosmology and Fate in Gnosticism and Graeco Roman Antiquity* Nicola Denzey Lewis dismisses Hans Jonas mischaracterization of second century Gnosticism as a philosophically oriented religious movement built on the perception of the cosmos as negative or enslaving A focused study on the concept of astrological fate in Gnostic writings including the Apocryphon of John the recently discovered Gospel of Judas Trimorphic Protennoia and the Pistis Sophia this book reexamines their language of enslavement to fate Gk heimarmene from its origins in Greek Stoicism its deployment by the apostle Paul to its later use by a variety of second century intellectuals both Christian and non Christian Denzey Lewis thus offers an informed and revisionist conceptual map of the ancient cosmos its influence and all those who claimed to be free of its potentially pernicious effects

Forbidden Texts on the Western Frontier Tony Burke,2016-01-28 North American study of the Christian Apocrypha is known principally for its interest in using noncanonical texts to reconstruct the life and teachings of Jesus and for its support of Walter Bauer s theory on the development of early Christianity The papers in this volume presented in September 2013 at York University in Toronto challenge that simplistic assessment by demonstrating that U S and Canadian scholarship on the Christian Apocrypha is rich and diverse The topics covered in the papers include new developments in the study of canon formation the interplay of Christian Apocrypha and texts from the Nag Hammadi library digital humanities resources for reconstructing apocryphal texts and the value of studying late antique apocrypha Among the highlights of the collection are papers from a panel by three celebrated New Testament scholars reassessing the significance of the Christian Apocrypha for the study of the historical Jesus *Forbidden Texts on the Western Frontier* demonstrates the depth and breadth of Christian Apocrypha studies in North America and offers a glimpse at the achievements that lie ahead in the field

The Nag Hammadi Library after Fifty

Years Turner, McGuire, 2020-10-26 This volume contains 22 papers originally delivered at the Society of Biblical Literature's 1995 commemoration of the 50th anniversary of the discovery of the Nag Hammadi Library. Of these papers five focus on the theme Past Present and Future Research on the Nag Hammadi Codices. J. M. Robinson, S. Emmel, B. A. Pearson, H. M. Schenke, E. M. Yamauchi, thirteen stem from three seminars respectively devoted to the Apocryphon of John, M. Waldstein, F. Wisse, K. L. King, and S. LaPorta, the Gospel of Thomas and the Thomasine tradition, P. H. Poirier, P. H. Sellew, J. M. Sevrin, I. Dunderberg, S. R. Johnson, A. DeConick, and the Gospel of Philip, E. Pagels, E. Thomassen, M. Turner, and two deal with the Valentinian school, C. Marksches, L. Painchaud, T. Janz. Sharing and Hiding Religious Knowledge in Early Judaism, Christianity, and Islam

Mladen Popović, Lautaro Roig Lanzillotta, Clare Wilde, 2018-08-21 Few studies focus on the modes of knowledge transmission or concealment or the trends of continuity or change from the Ancient to the Late Antique worlds. In Antiquity knowledge was cherished as a scarce good cultivated through the close teacher-student relationship and often preserved in the closed circle of the initiated. From Assyrian and Babylonian cuneiform texts to a Shi'ite Islamic tradition, this volume explores how and why knowledge was shared or concealed by diverse communities in a range of Ancient and Late Antique cultural contexts. From caves by the Dead Sea to Alexandria, both normative and heterodox approaches to knowledge in Jewish, Christian, and Muslim communities are explored. Biblical and Qur'anic passages as well as gnostic, rabbinic, and esoteric Islamic approaches are discussed. In this volume a range of scholars from Assyrian studies to Jewish, Christian, and Islamic studies examine diverse approaches to and modes of knowledge transmission and concealment, shedding new light on both the interconnectedness as well as the unique aspects of the monotheistic faiths and their relationship to the ancient civilisations of the Fertile Crescent.

Canadian Books in Print. Author and Title Index, 1975. **From the Words of Angels and Ancient Book of Jifia - On the Drama of Initiation in the Atlantean Age and Our Hidden Genesis** Christine Preston, 2011-07-15 This work unravels the great mysteries of the Bible and ancient civilization. In introducing her disclosures, Christine Preston reveals the meaning of Trees in Scripture as being in connection with Initiation in the Old World. The latter being the Atlantis of Plato, she reveals original sin as a misuse of power by Atlanteans influenced by Wise Serpents who opposed spiritual evolution. She discusses divine-human intermarriages and provides a solution for the fact that the Watchers parallel to the Sons of God of Genesis are depicted as evil by disclosing a secondary scenario in Enoch that is illustrated by the Ancient Book of Jifia. **A Story of the Soul's Journey in the Nag Hammadi Library** Ulla Tervahauta, 2015-08-19 Authentikos Logos NHC VI 3, also known as Authoritative Teaching, is a little-studied story of a soul's descent and ascent in the Nag Hammadi library. With her book, Ulla Tervahauta fills a gap in the scholarship and provides the first monograph-length study that has this writing as its primary focus. The aim is to find a place and context for Authentikos Logos within early Christianity, but Tervahauta also adds new insight into the scholarship of the Nag Hammadi Library and study of early Christianity. Contrary to the usual discussion of the Nag Hammadi writings from the viewpoint of Gnostic studies, she argues that Authentikos Logos is best approached

from the context of Christian traditions of late ancient Egypt between the third and the fifth centuries Tervahauta discusses the story of the soul's journey in light of various Christian and Platonic writings Also she analyses the relationship of Authentikos Logos with the Valentinian Wisdom myth and suggests that no firm evidence connects the writing closely with Valentinian traditions And although a Platonic mind set can be assumed the writing combines motifs in a unique manner For example the four epithets used in the writing the invisible soul the pneumatic soul the material soul and the rational soul are not found thus combined elsewhere Discussion of matter hyle is connected with Christian scriptural allusions and the focus is on ethics and the evilness of matter The body on the other hand is the soul's place of contest and progress The Pauline term pneumatic body 1 Cor 15 44 is used allusively and from a Platonic perspective With this book Ulla Tervahauta makes an important contribution to the study of early Christianity in late ancient Egypt by discussing a writing that shows knowledge and creative combination of literary traditions that circulated in late ancient Egypt

Ithihaasa Bhaktivejanyana
Swami, 2013-01-29 Dr Singh Science says that the different species were not created simultaneously but evolved gradually I came across a statement in the Bhagavad Gita to the effect that all 8 400 000 species of living entities are created simultaneously Is that correct Srila Prabhupada Yes Living beings move from one bodily form to another The forms already exist The living entity simply transfers himself just as a man transfers himself from one apartment to another One apartment is first class another is second class and another is third class Suppose a person comes from a lower class apartment to a first class apartment the person is the same but now according to his capacity for payment or karma he is able to occupy a higher class apartment Real evolution does not mean physical development but the development of Consciousness Do you follow The apartment already exists however it is not the lower class apartment that becomes the higher class apartment That is Darwins nonsensical theory He would say that the apartment has become high class Modern scientists think that life has come from matter They say that millions and millions of years ago there was simply matter but no life We do not accept that Of the two energies life and matter life or spirit is the original superior energy and matter is the resultant inferior energy Spirit is independent and matter is dependent Dr Singh All that you have been saying completely contradicts Darwins theory of evolution Srila Prabhupada Darwin and his followers are rascals If originally there were no higher species why do they exist now Also why do the lower species still exist For example at the present moment we see both the intellectual person and the foolish ass Why do both these entities exist simultaneously Why hasn't the ass form evolved upwards and disappeared Why do we never see a monkey giving birth to a human In Bhagavad Gita the word yantra or machine means that in any species of life we are traveling in bodies that are like machines provided by material nature

The Commerce of the Sacred Jack N. Lightstone, 2006 This work was originally published in the Brown Judaic Studies series in 1984 by Scholars Press It was first brought to my attention by Sarah Schwarz at Penn The book describes the thinking of the Hellenistic Jewish community outside Palestine beyond rabbinic influence in the early days of the Christian church It particularly addresses

their influences on the Church their interactions with it and their shared cultural perceptions The author's social anthropologic approach to the history of religion was ground breaking This new edition of the work is accompanied by a comprehensive new introduction and updated bibliography situating the book in the literature bringing its content up to date and describing its influence on subsequent work Teaching Mysticism William B. Parsons, 2011-12-16 The term mysticism has never been consistently defined or employed either in religious traditions or in academic discourse The essays in this volume offer ways of defining what mysticism is as well as methods for grappling with its complexity in a classroom This volume addresses the diverse literature surrounding mysticism in four interrelated parts The first part includes essays on the tradition and context of mysticism devoted to drawing out and examining the mystical element in many religious traditions The second part engages traditions and religious cultural strands in which mysticism is linked to other terms such as shamanism esotericism and Gnosticism The volume's third part focuses on methodological strategies for defining mysticism with respect to varying social spaces The final essays show how contemporary social issues and movements have impacted the meaning study and pedagogy of mysticism Teaching Mysticism presents pedagogical reflections on how best to communicate mysticism from a variety of institutional spaces It surveys the broad range of meanings of mysticism its utilization in the traditions the theories and methods that have been used to understand it and provides critical insight into the resulting controversies **Subject Guide to Books in Print**, 2001 The Bible and Posthumanism Jennifer L. Koosed, 2014-03-31 What does it mean and what should it mean to be human In this collection of essays scholars place the philosophies and theories of animal studies and posthumanism into conversation with biblical studies Authors cross and disrupt boundaries and categories through close readings of stories where the human body is invaded possessed or driven mad Articles explore the ethics of the human use of animals and the biblical contributions to the question Other essays use the image of lions animals that appear not only in the wild but also in the Bible ancient Near Eastern texts and philosophy to illustrate the potential these theories present for students of the Bible Contributors George Aichele Denise Kimber Buell Benjamin H Dunning Heidi Epstein Rhiannon Graybill Jennifer L Koosed Eric Daryl Meyer Stephen D Moore Hugh Pyper Robert Paul Seesengood Yvonne Sherwood Ken Stone and Hannah M Str mmen present an open invitation for further work in the field of posthumanism Features Coverage of texts that explore the boundaries between animal human and divinity Discussion of the term posthumanism and how it applies to biblical studies Essays engage Derrida Foucault Wolfe Lacan i ek Singer Haraway and others Canadian Books in Print 2002 Marian Butler, 2002-02 Reading the Way to the Netherworld Ilinca Tanaseanu-Döbler, Gabriela Ryser, 2016-12-05 The volume focuses on the various representations of the Beyond in later Antiquity a period of intense interaction and competition between various religious traditions and ideals of education The concepts and images clustering around the Beyond form a crucial focal point for understanding the dynamics of religion and education in later Antiquity Although Christianity gradually supersedes the pagan traditions the literary

representations of the Beyond derived from classical literature and transmitted through the texts read at school show a remarkable persistence they influence Christian late antique writers and are still alive in medieval literature of the East and West A specifically Christian Beyond develops only gradually and coexists subsequently with pagan ideas which in turn vary according to the respective literary and philosophical contexts Thus the various conceptualisations of the great existential unknown serves here as a point of reference for mirroring the changes and continuities in Imperial and Late Antique religion education and culture and opening up further perspectives into the Medieval world

The Naked State of Human Being
Luis Ivan Martinez-Toledo, 2016-04-21 This book explains the image of nakedness *gymnos* taken by Paul in the Corinthian correspondence to refer to the state of human being during death Through an academic approach but simple language the author explains the biblical monist understanding of human being He takes the biblical experience of death and resurrection to point out his arguments This book uncovers the ancient problem of the continuation of personal identity from life prior to death on to resurrection It also provides a fresh biblical approach from an anthropological and biblical perspective to the problem of what being human really is Those who enjoy traveling through the Bible with an open mind and warm heart will find in this book a good experience
