Annotated Bibliography for Managed Behavioral Health Care 1989-1999 ,2000

Managing Managed Care Michael C. Roberts,Linda K. Hurley,2012-11-19 The introduction of the concept of managed care into mental and physical health care appears to be a juggernaut of unparalleled impact The two extremes of thought about this impact are 1 that managed care is a villainous foe to be resisted in order to bring back the earlier halcyon years of independence in practice decisions with greater reimbursement for psychologists services or 2 that managed care is a laudatory attempt to restrain health care costs that are out of control and spiraling upward by rooting out mismanagement

and reversing financial incentives to provide unnecessary care The former view calls managed health care such names as mangled care and distributes bumper stickers stating Just Say No to HMOs The latter view points to the slowdown of increases in health care expenditures and the enhancement of health care affordability and appropriateness for greater numbers of persons resulting from managed care cost containment strategies and service review procedures Mental or behavioral health care has been as strongly impacted as medical care under managed care Where managed care has forced practitioners attention to validated procedures and to examining previous wasteful practices we applaud the movement Where managed care has had adverse impact we think there needs to be greater public legal and regulatory attention to its excesses and abuses

U.S. Health Law and Policy 1999 Donald H. Caldwell, Jr.,1998-09-29 This annotated bibliographic guide to the literature of health care law offers the health care administrator corporate benefits manager physician or attorney a key to the door of health care policy and law This 1999 edition focuses on evaluating the materials many not widely disseminated about evolving corporate structures such as managed care organizations and their numerous progeny Also addressed are topics such as health care liability patient access to health care environmental issues legal issues arising in the context of AIDS and privacy of patient records
