The Philosophy of Envy Sara Protasi, 2021-07-15 Envy is almost universally condemned and feared But is its bad reputation always warranted In this book Sara Protasi argues that envy is more multifaceted than it seems and that some varieties of it can be productive and even virtuous Protasi brings together empirical evidence and philosophical research to generate a novel view according to which there are four kinds of envy emulative inert aggressive and spiteful For each kind she individuates different situational antecedents phenomenological expressions motivational tendencies and behavioral outputs She then develops the normative implications of this taxonomy from a moral and prudential perspective in the domain of personal loving relationships and in the political sphere A historical appendix completes the book Through a careful and comprehensive investigation of envy's complexity and its multifarious implications for human relations and human value *The Philosophy of Envy* surprisingly reveals that envy plays a crucial role in safeguarding our happiness

The Loved and Envied, by Enid Bagnold Enid Bagnold, 1951 [The Loved and Envied](#) Enid Bagnold, 1951 At fifty three Lady Ruby Maclean had not lost her beauty for which she had been loved by many men and envied by her colorless daughter Miranda her friend Cora and her women relatives Through flash backs the life of each character is related A curious detachment presents a depressing picture of people whose fruitful years are over and who face old age with varying degrees of hopelessness

Chiron in Love: The Astrology of Envy, Rage, Compassion and Wisdom Liz Greene, 2023-09-20 This book is based on a seminar originally given by Liz Greene in 2005 entitled *Chiron in Love* because Chiron's story is most clearly and poignantly enacted in our most personal exchanges with the people closest to

us It includes a background of mythic material about Chiron that can help to shed light on the interaction between Chiron in one horoscope and the planets and angles in another In 2020 during the height of the Covid pandemic Liz gave three further online seminars to explore the relationship between Chiron and the global outpouring of helplessness fear rage polarisation and apparently obsessive determination to find scapegoats that has emerged as a result of the pandemic and its psychological consequences Sections of these more recent seminars have been amalgamated with the original seminar resulting in a broad spectrum of themes all related to the central core of Chiron s myth and meaning Ways of permanently healing Chiron s wound and saving the world are not included Instead the emphasis is on the individual and the necessity of working as honestly and insightfully as possible with the feelings of envy rage bitterness and potential wisdom and compassion reflected by Chiron s complex story Astrology students of all levels will find Liz Greene s insights invaluable in working with this paradoxical and challenging astrological symbol

Cinderella and Her Sisters - The Envied and the Envy Ann Ulanov, Barry Ulanov, Seated in her nest of ashes Cinderella embodies human misery The essence of inner and outer nobility she is the envy of her cruel stepmother and her ugly sisters Using this familiar story Ann and Barry Ulanov explore the psychological and theological aspects of envy and goodness In their interpretation of the tale they move back and forth between internal and external issues from how feminine and masculine parts of persons fit or do not fit together to how individuals conduct their lives with those of the same and opposite sexes how they conflict compete or join harmoniously The Cinderella tale so simple and so profound offers a direct road into and through the thickets of envying and being envied Envy between sisters between mothers and daughters between the sexes between nations between different parts of our own psyche even of God these are the multiple places of wounding we touch in this book The central role of envy in determining the very nature of our society its politics for example is we think crucial After considering this rarely discussed human emotion the authors focus on the nature of goodness as it surfaces in the envy experience They reflect on its abundance ability to unite disparate parts its abiding presence and its joy then conclude with a glossary of terms and a brief review of the psychological literature on envy

Jealousy and Envy Léon Wurmser, Heidrun Jarass, 2011-02-25 Jealousy and envy permeate the practice of psychoanalytic and psychotherapeutic work New experience and new relevance of old but neglected ideas about these two feeling states and their origins warrant special attention both as to theory and practice Their great complexity and multilayered nature are highlighted by a number of contributions the very early inception of the triangular jealousy situations the prominence of womb envy and hatred against femininity rooted in the envy of female procreativity the role of shame and the core of both affects the massive effects of the embodiment of these feelings in the conscience i e the envious and resentful attacks by the inner judge against the self the attempt to construct a cultic system of sacrifices the would countermand womb envy by an all male cast of killing rebirth redemption and blissful nourishment and finally the projection of envy jealousy and their context of shame and self condemnation in the form of the Evil Eye Taken together the

contributions to the stunning and insightful volume form a broad spectrum of new insights into the dynamics of two central emotions of rivalry and their clinical and cultural relevance and application **Melanie Klein** Julia Segal, 2004-08-10 Praise for First Edition The book is very intimate the first chapter on Klein's personal and professional life is extremely candid and enlightening Will be enjoyed by pre professional students and psychoanalytically oriented theoreticians and practitioners Choice Melanie Klein was without doubt one of the most influential figures in the development of psychoanalysis Whilst constantly challenging Freud's theories and at the same time placing more importance on some of the neglected aspects of his work Klein developed new psychoanalytic concepts from her detailed observations of the behaviour and thought processes of the children and adults she treated in the consulting room In this Second Edition of Melanie Klein Julia Segal uses case studies of Klein's sessions with children to show how she developed her unique form of communication with her clients As well as assessing Klein's major theoretical and practical contributions to the profession the author examines and challenges the criticisms aimed at Klein and traces her influence on counsellors and psychotherapists working today In contrast to existing books which require specialist psychoanalytic knowledge Julia Segal provides a concise and refreshing introduction to Klein's life and work which is accessible to all *An Analytical Exploration of Love and Narcissism* Susan E. Schwartz, 2025-06-27 This book reflects the psychic wounds of narcissism from the perspective of Jungian analytical psychology Oriented towards the richness and plurality of the psyche it sheds light on clinical practice as well as the common and intricate issues of this personality type Narcissism is described as a grandiose sense of self exhibitionistic needing reassurance but suffering in disturbed relationships The perspective of Jungian analytical psychology expands the symbolism within narcissism Clinical examples dreams the myth of Narcissus and Echo and basic Jungian concepts move us further into the psyche Topics covered are what narcissism is and why it's misunderstood and if narcissists are capable of love and their perfectionist burden It explores how to forge knowledge and emotional transformation with a narcissist in clinical treatment and all relationships Exploring this complex and intriguing phenomenon the book will appeal to readers and therapists from various fields including psychoanalysis general psychology gender studies culture and sociology **Spinoza's Ethics and "De Intellectus Emendatione"** Benedictus de Spinoza, 1928 Faith Envy Hermen Kroesbergen, 2021-06-24 From time to time both believers and nonbelievers envy those with more faith In this book Hermen Kroesbergen coins the concept of faith envy as an angle to investigate faith and religious language and provide a new direction for the philosophy of religion For far too long the philosophy of religion has focused on statements of faith concerning superempirical powers forgetting that if they would ever be able to prove these statements they cease to be religious Kroesbergen explores the possibility of using the angle of faith envy for a much needed alternative approach using the philosophers S ren Kierkegaard Ludwig Wittgenstein and Simone Weil as guides Their lives and works have often been studied for what they have to say about religious beliefs here however the focus is on what they have to say about the faith they envy Our own faith envy and Kierkegaard

Wittgenstein and Weil's struggle to make sense of it provides a deeper insight into what faith is and could be. This book is a timely and provocative intervention in a philosophy of religion that has reached a dead end and a society that is deeply troubled about faith but envies it nonetheless. My Enemy's Daughter Justin McCarthy, 1869 Our Lady Says: Love People Albert Joseph Mary Shamon, 2003-06 No doubt the word love is the most misused and misunderstood word in American society. The word love has been used to justify crimes against God and nature. It is often considered synonymous with lust. What is love to the Christian Father Shamon goes to great lengths to explain what love is by focusing on St Paul's description in 1 Corinthians 13:4-7. There are in the end three things that last: faith, hope, and love, and the greatest of these is love. A beautiful guide for those seeking insight into Christian love. *Teachers' Guide to International Sunday School Lessons for [Jan.-Dec.] 1913* Martha Tarbell, 1912 **Rousseau and the Women He Loved** Francis Henry Gribble, 1908

Words of Love Larry D. Ingram, 2016-11-19 WORDS OF LOVE ONE WORD A DAY Devotional is a daily study of one word each day taken from key verses in the Christian Bible. As humans we share the same planet, the same humanity, and ultimately the same destiny. Regardless of any religious consideration, the topics in this study deal with fundamental elements of our character of human nature and of things that bind us together as humanity. Streams of Life Rev. Dr. Elie Hasbani, 2025-10-05 Streams of Life Faith Hope and the Greatest Is Love 365 Devotions for Life's Journey is a year-long guide to spiritual renewal written to inspire, strengthen, and encourage every believer in their daily walk with Christ. Rooted in the timeless truth of 1 Corinthians 13:13, "And now these three remain: faith, hope, and the greatest is love. But the greatest of these is love," this devotional invites readers into a deeper experience of God's presence, promises, and purpose. Written by Rev. Dr. Elie Hasbani, a pastor and international minister with over four decades of Spirit-filled ministry, this book is not just a collection of thoughts; it is a wellspring of wisdom born out of prayer, Scripture meditation, and real-life encounters with God's grace. Each of the 365 daily readings includes a powerful Scripture verse, a devotional reflection that connects the Word to daily life, a prayer or meditation to guide your response, space for personal application and journaling. This devotional covers themes such as faith in trials, hope in suffering, love in action, forgiveness, healing, joy, spiritual growth, and more, all while pointing to Jesus as the source and sustainer of our lives. Whether beginning your faith journey or walking with the Lord for many years, Faith Hope Love helps you cultivate daily Scripture and prayer, renew your mind and heart with eternal truth, experience God's love through the Holy Spirit, and grow in trust, courage, compassion, and kingdom purpose. *Envy, Competition and Gender* Leyla Navaro, Sharan L.
