Mom Kills Kids And Self:

Mom Kills Kids and Self Alan Saperstein, 1979 Despite the presence of dead bodies and although it was unpleasant when the protagonist starts moving around the dead bodies changing their clothes putting them to bed etc it wasn't gory or gratuitous The main point is his bizarre emotional bender after finding the bodies of his wife and two children and many vignettes from their personal histories are revealed in flashbacks Goodreads

Heide, 1995 A tragic portrait of adolescents who kill their parents is revealed in this volume these young people almost always kill out of desperation as they are almost always victims of severe child abuse neglect and dysfunctional parenting Drawing upon her experience as a clinician expert witness and scholar the author asserts that a combination of interconnected problems creates the conditions for parricide including severe sexual physical and or verbal abuse of the child escalating violence in the family and increasing vulnerability of the child to stressors in the home This sensitive volume includes an examination of interventions that are effective in treating such children Heide concludes that ado If You Don't Die to Self, I May Have to Kill You Karen Long, 2010-04-21 Marital Misery You re Not Alone Contemplating divorce Gasp Never Murder Hmmm Well maybe If your marriage resembles a combat zone more than a covenant commitment you re in good company If You Don t Die to Self I May Have to Kill You is packed with juicy foibles and misdeeds candidly expressed by Emmy nominated TV news reporter Karen Long Follow her behind the scenes to discover solid spiritual ammunition targeting attitude gratitude contentment forgiveness self denial and even suffering Romance suspense and intrigue mark Karen s antics and what not to dos reinforce biblical principles that light the way from marital

Alt, Sandra K. Wells, 2010-04-16 From mothers who kill their children in postpartum fugues to fathers who murder their kids for revenge against an estranged wife the stories in this book are chilling yet real and bring home the message that children are vulnerable to violence even in the care of those who should love and protect them the most Sadly child murder by parents and caregivers happens more frequently than one might guess and while each case is different there are often warning signs that something might be amiss Signs of physical abuse may precede the ultimate act of murder A mother's mental state after the birth of a child may signal true distress and the potential for extreme actions No one can predict with certainty when a parent or other caregiver may snap but here Alt and Wells examine many cases of child murder to find out what they have in common how we might prevent such violence and what more we can do to protect children in potentially explosive situations *Talking Book Topics*, 1981 **Free-Range Kids, How to Raise Safe, Self-Reliant Children (Without Going Nuts with Worry)** Lenore Skenazy, 2010-04-19 FREE RANGE KIDS has become a national movement sparked by the incredible response to Lenore Skenazy's piece about allowing her 9 year old ride the subway alone in NYC Parent groups argued about it bloggers blogged spouses became uncivil with each other and the media jumped all over it A lot of parents today Skenazy says see no difference between letting their kids walk to school and letting them walk
