Mujeres Y Utopia Tabasco Garridista:

Mujeres y utopía María Trinidad Torres Vera, 2001 The River People in Flood Time Terry Rugeley, 2014-09-10 The River People in Flood Time tells the astonishing story of how the people of nineteenth century Tabasco Mexico overcame impossible odds to expel foreign interventions Tabascans resisted control by Mexico City overcame the grip of a Cuban adventurer who seized the region for two years turned back the United States Navy and defeated the French Intervention of the early 1860s thus remaining free territory while the rest of the nation struggled for four painful years under the imposed monarchy of Maximilian With colorful anecdotes and biographical sketches this deeply researched and masterfully written history reconstructs the lives and culture of the Tabascans as well as their pre Columbian and colonial past Rugeley reveals how over the centuries one colorful character after another sets foot on the Tabascan stage only to be undone by climate disease and more than anything else tenacious Tabascan resistance Virtually the only English language study of this little known province River People in Flood Time explores the ways in which geography climate and social relationships contributed to an extraordinarily successful defense against unwelcome meddling from the outside world River People in Flood Time demonstrates the complex relationship between imperial forces in relation to remote parts of Latin America and the way that resistance to external pressure helped mold the thoughts attitudes and actions of those remote peoples Nineteenth century Mexico was more a land of localities than a unified nation and Rugeley s narrative paints an indelible portrait of one of its least known and most unique provinces **The Palgrave Handbook of Women's Political Rights** Susan Franceschet, Mona Lena Krook, Netina Tan, 2018-10-26 This Palgrave Handbook provides a definitive account of women s political rights across all major regions of the world focusing both on women s right to vote and women s right to run for political office This dual focus makes this the first book to combine historical overviews of debates about enfranchising women alongside analyses of more contemporary efforts to increase women s political representation around the globe Chapter authors map and assess the impact of these groundbreaking reforms providing insight into these dynamics in a wide array of countries where women s suffrage and representation have taken different paths and led to varying degrees of transformation On the eve of many countries celebrating a century of women s suffrage as well as record numbers of women elected and appointed to political office this timely volume offers an important introduction to ongoing developments related to women s political empowerment worldwide It will be of interest to students and scholars across the fields of gender and politics women s studies history and sociology **Anti-Catholicism in the Mexican Revolution, 1913-1940** Jürgen Buchenau, David S. Dalton, 2024-12-01 Anti Catholicism in the Mexican Revolution 1913 1940 examines anti Catholic leaders and movements during the Mexican Revolution an era that resulted in a constitution denying the Church political rights Anti Catholic Mexicans recognized a common enemy in a politically active Church in a predominantly Catholic nation Many books have elucidated the popular roots and diversity of Roman Catholicism in Mexico but the perspective of the Church s

adversaries has remained much less understood This volume provides a fresh perspective on the violent conflict between Catholics and the revolutionary state which was led by anti Catholics such as Plutarco El as Calles who were bent on eradicating the influence of the Catholic Church in politics in the nation s educational system and in the national consciousness The zeal with which anti Catholics pursued their goals and the equal vigor with which Catholics defended their Church and their faith explains why the conflict between Catholics and anti Catholics turned violent culminating in the devastating Cristero Rebellion 1926 1929 Collecting essays by a team of senior scholars in history and cultural studies the book includes chapters on anti Catholic leaders and intellectuals movements promoting scientific education and anti alcohol campaigns muralism feminist activists and Mormons and Mennonites A concluding afterword by Matthew Butler a global authority on twentieth century Mexican religion provides a larger perspective on the themes of the book

Memoria, conocimiento y utopía. Anuario de la Sociedad Mexicana de Historia de la Educación. Número 1. Enero 2004 - Mayo 2005 Sociedad Mexicana de Historia de la Educación,2005

Religion and State Formation in Postrevolutionary Mexico Ben Fallaw,2013-01-21 The religion question the place of the Church in a Catholic country after an anticlerical revolution profoundly shaped the process of state formation in Mexico From the end of the Cristero War in 1929 until Manuel vila Camacho assumed the presidency in late 1940 and declared his faith Mexico s unresolved religious conflict roiled regional politics impeded federal schooling undermined agrarian reform and flared into sporadic violence ultimately frustrating the secular vision shared by Plutarco El as Calles and L zaro C rdenas Ben Fallaw argues that previous scholarship has not appreciated the pervasive influence of Catholics and Catholicism on postrevolutionary state formation By delving into the history of four understudied Mexican states he is able to show that religion swayed regional politics not just in states such as Guanajuato in Mexico s central west Rosary Belt but even in those considered much less observant including Campeche Guerrero and Hidalgo Religion and State Formation in Postrevolutionary Mexico reshapes our understanding of agrarian reform federal schooling revolutionary anticlericalism elections the Segunda a second Cristero War in the 1930s and indigenism the Revolution s valorization of the Mesoamerican past as the font of national identity
