Guía patrimonio cultural de Buenos Aires: Murales María de las Nieves Arias Incollá, 2003 **The Aesthetics of Rule and Resistance** Lisa Bogerts, 2022-03-11 Effective visual communication has become an essential strategy for grassroots political activists who use images to publicly express resistance and make their claims visible in the struggle for political power. However, this aesthetics of resistance is also employed by political and economic elites for their own purposes, making it increasingly difficult to distinguish from the aesthetics of rule. Through illuminating case studies of street art in Buenos Aires, Bogotá, Caracas, and Mexico City, *The Aesthetics of Rule and Resistance* explores the visual strategies of persuasion and meaning-making employed by both rulers and resisters to foster self-legitimization, identification, and mobilization. **Anthropologica**, 1997 Cultural and Creative Mural Spaces Virginia Santamarina-Campos, Eva-María Martínez-Carazo, María de Miguel Molina, 2021-02-15 This book puts into context the evolution of mural art in recent years, particularly the case of the contemporary muralism in Uruguay. While the focus of this volume revolves around Uruguay, the editors demonstrate that circumstances found in Uruguay are also reflected widely in a large number of cases worldwide. Mural art has evolved from an elite audience to a more popular objective. At the same time, it does not lose the necessity of high-value artists that not only technically but also conceptually will be able to connect to the audience and provide a sense of identity and necessity of preservation of this art. This leads to a bottom-up approach where different actors take part in the process from the conceptualization to the conservation. Moreover, mural art has been studied as a driver of local economic development, attracting visitors and tourists who can access these open-air museums easily. This book is of interest to students and researchers working in fine art, heritage, and museum studies. *Eva Perón* María Belén Rabadán Vega, Mirna Vohnsen, 2021-08-15 No Latin American woman has ever elicited such extreme feelings of love and hate as Eva Perón. She was an actress of humble origins who fell in love with and married the soon-to-be president of Argentina, Juan Domingo Perón. As she was fondly known, she became the most powerful woman in Argentine history. Adored by the masses and loathed by the bourgeoisie, she polarized Argentine society. Not even her death could put an end to the mixed feelings she aroused during her lifetime, and she remains till this day a controversial figure. *Eva Perón: A Reference Guide to Her Life and Works* captures her eventful life, her works, and her legacy. The volume features a chronology that includes her childhood, her acting career, her trip to Europe, her political activity, her illness, and her death, as well as more recent events that have memorialized her. While an introduction offers a brief account of her life, a dictionary section lists entries on people, places, and events related to her. A comprehensive bibliography offers a list of works by and about her. Finally, a filmography includes the movies in which she appeared and the TV series and films that have been made about her. *El espacio mural* Aurelio Vallespín Muniesa, 2022-12-30 La superficie mural en un entorno arquitectónico muchas veces se ha entendido como una decoración algo complementario a la arquitectura. Este estudio pretende mostrar cómo esa superficie mural no es un

complemento sino que puede cualificar la arquitectura considerándose un elemento más de esta modificando la percepción del espacio funcionando como un elemento arquitectónico más aunque aparentemente intangible Este trabajo pretende estudiar a través de la pintura mural y la arquitectura que la cubre la relación entre el espacio y sus límites como elementos esenciales para la comprensión de la arquitectura Por supuesto teniendo en cuenta la ambigüedad generada debido a la capacidad que tiene la superficie mural de ser percibida como superficie es decir límite o como espacio Entonces podemos decir que este desconcierto necesario para desencadenar el proceso interior que provoca que una obra nos emocione encuentra un vehículo perfecto para su desarrollo a través de la modificación que opera la superficie mural sobre el espacio arquitectónico No es que este haya sido el papel que ha desempeñado la pintura mural pero sin duda este es el que nos interesa Su capacidad de modificar el espacio generando ambigüedad a través de su percepción como superficie o como espacio **The Oxford**

Surveying the Avant-Garde

Lori Cole,2018-06-04 Surveying the Avant Garde examines the art and literature of the Americas in the early twentieth century through the lens of the questionnaire a genre as central as the manifesto to the history of the avant garde Questions such as How do you imagine Latin America and What should American art be issued by avant garde magazines like Im n a Latin American periodical based in Paris and Cuba s Revista de Avance demonstrate how editors writers and readers all grappled with the concept of America particularly in relationship to Europe and how the questionnaire became a structuring device for reflecting on their national and aesthetic identities in print Through an analysis of these questionnaires and their responses Lori Cole reveals how ideas like American art as well as modernism and avant garde were debated at the very moment of their development and consolidation Unlike a manifesto whose signatories align with a single polemical text the questionnaire produces a patchwork of responses providing a composite and sometimes fractured portrait of a community Such responses yield a self reflexive history of the era as told by its protagonists which include figures such as Gertrude Stein Alfred Stieglitz Jean Toomer F T Marinetti Diego Rivera and Jorge Luis Borges The book traces a genealogy of the genre from the Renaissance paragone or comparison of the arts through the rise of enquetes in the late nineteenth century up to the contemporary questionnaire which proliferates in art magazines today By analyzing a selection of surveys issued across the Atlantic Cole indicates how they helped shape artists and writers understanding of themselves and their place in the world Based on extensive archival research this book reorients our understanding of modernism as both hemispheric and transatlantic by narrating how the artists and writers of the period engaged in aesthetic debates that informed and propelled print communities in Europe the United States and Latin America Scholars of modernism and the avant garde will welcome Cole s original and compellingly crafted work

Archbishop Romero and Spiritual Leadership in the Modern World Robert S. Pelton, 2015-06-09 Archbishop Romero and Spiritual Leadership in the Modern World presents a contemporary and integrated understanding of one of the most remarkable pastoral leaders of our time This bishop Oscar Romero of El Salvador experienced deeply the overwhelming sufferings of the Salvadoran people as well as those within himself He cried out in vain to Presidents Carter and Reagan no more arms to El Salvador but his pleas were not heard at that time Knowing that he would soon be murdered Romero promised that he would rise again in the Salvadoran people This book illustrates how this is happening and conclusively demonstrates that by respecting transparency and with dogged perseverance a nonviolent public leader can become an influential leader even in times of the most savage repression and marginalization Archbishop Romero accomplished precisely that through determination courage and honing his public skills while simultaneously conducting himself in deeply spiritual ways
