Paola Ramos,2025-09-09 AN NPR BEST BOOK OF 2024 An award winning journalist s exploration of how race identity and political trauma have influenced the rise in far right sentiment among Latinos and how this group can shape American politics A deeply reported surprisingly personal exploration of a phenomenon that is little understood in our politics the affiliation of Latino voters with causes and candidates that would seem at first glance unwelcoming to them Rachel Maddow Democrats have historically assumed they can rely on the Latino vote but recent elections have called that loyalty into question In fact despite his vociferous anti immigrant rhetoric and disastrous border policies Trump won a higher percentage of the Latino vote in 2020 than he did in 2016 Now journalist Paola Ramos pulls back the curtain on these voters traveling around the country to uncover what motivates them to vote for and support issues that seem so at odds with their self interest From coast to coast cities to rural towns Defectors introduces readers to underdog GOP candidates January 6th insurrectionists Evangelical pastors and culture war crusaders aiming to identify the influences at the heart of this rightward shift Through their stories Ramos shows how tribalism traditionalism and political trauma within the Latino community has been weaponized to radicalize and convert voters who like many of their white counterparts are fearful of losing their place in American society Cross cultural and assiduously reported Defectors highlights how one of America s most powerful and misunderstood electorates may come to define the future of American politics **Death, American Style** Lawrence R. Samuel,2013-07-05 The notion of one day disappearing from the earth forever is contrary to many of America s defining cultural values with death and dying viewed as un American experiences Arguing that death and dying may be our last major taboo this book shows how death and dying became almost unmentionable words over the course of the last century Although we have recently made some progress in reconciling the fact that life is a finite resource we remain very unprepared for the approaching tsunami of death as the largest generation in history begins to age and die in great numbers DEATH AMERICAN STYLE is thus highly timely and relevant suggesting that Americans need to individually and collectively come to terms with mortality if we are to learn to treat death as an inevitable part of life and to prepare accordingly As more and more Americans face end of life decisions it will be vital for us to radically change the current view of death and dying The alternative the author argues is that the emerging death centric society may bring with it a period of turmoil equivalent to that of the countercultural 1960s and 1970s **Moon-o-theism, Volume I of II** Yoel Natan,2006 This is volume one of a two volume study of a war and moon god religion that was based on the Mideast moon god religion of Sin **Domina** Guy de la Bédoyère,2018-10-30 An illuminating and highly readable narrative about the role of women at the center of imperial Rome fascinating and important Lesley Adkins author of Handbook to Life in Ancient Rome Augustus Tiberius Caligula
