William A. Spurrier

Natural Law And The Ethics Of Love A New Synthesis

Menno Boldt

Natural Law And The Ethics Of Love A New Synthesis:

Natural Law and the Ethics of Love William Atwell Spurrier, 1974-01-01 *Justice Henry Fielding's Influence on Law and Literature* Claudine L Maria-Julia Boros, Dr, Claudine L. Maria-Julia Boros, 2010-07 This book presents and analyzes Magistrate Justice of the Peace Henry Fielding's impact on law and literature through his pamphlets periodicals and novels in the context of laws legal affairs legal administration and the social economic political and legal environment present in 18th century England I demonstrate and argue that among novels of all time the most extensive and diversified coverage of laws Justices of Peace lawyers crimes and the socio economic environment particularly rural 18th century England Of all the noteworthy 18th century novelists or fiction writers Justice Henry Fielding is the only one who was also a jurist This book is also focused on demonstrating how extensively Fielding was consumed throughout his life and the area of law from his early age to his death but with a far broader spectrum education and experience than anyone except perhaps Lord High Chancellor Hardwicke and Sir William Blackstone Justice Henry Fielding traveled a long and diversified path in the legal arena to reach the level of expertise which he deployed in providing his public with Tom Jones Amelia and Joseph Andrews as well as his journals and political pamphlets **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1976

A Quest for Humanity Menno Boldt, 2011-01-01 In A Quest for Humanity Menno Boldt presents a persuasive new framework for achieving a human social order in the global age Boldt explores the concept of the good society as a world in which every person can realize their potential for humanity through liberty social justice and equal human dignity A Quest for Humanity innovatively positions globalization as a deterministic phenomenon of expanding interdependence and shared knowledge resulting in ever larger economic and political jurisdictions but also creating social and psychological links between peoples across the world Boldt challenges mainstream certainty that Western democracy and constitutional human rights are the exemplary doctrines for the global good society With a fresh vision designed to inspire a universal acknowledgement of human dignity A Quest for Humanity powerfully affirms the value of each human being

To Liberate and Redeem Edward LeRoy Long, 2009-12-01 In To Liberate and Redeem scholar Edward LeRoy Long Jr surveys the full biblical narrative setting the context by beginning with the oppression of Israel's enslavement and the Exodus liberation then looking back to the Creation and forward to Christ Paul and the early church This original approach demonstrates how the unfolding drama of the Bible is marked by those who need liberation because they are trapped in oppressive structures and those who once freed must faithfully construct communities of redemption so as not to become oppressors themselves From this basis Long explores how present day moral decisions can be informed by studying the ways in which our biblical forebears wrestled with concerns similar to our own while standing in faithful responsiveness to God

Natural Law and Religious Freedom J. Daryl Charles, 2017-07-20 Every successive generation finds fresh reasons for the study of natural law Current interest in the natural law may well be due to a pervasive moral pessimism in the

Western cultural context and wider contemporary geopolitical challenges Those geopolitical challenges result from two significant and worrisome global developments unprecedented violent persecution of religious minorities on several continents and a growing climate of secular hostility toward religious faith in Western societies Natural Law and Religious Freedom aims to address what is relatively absent from the literature by demonstrating the importance of natural law ethics in both establishing and preserving basic human rights of which religious freedom has pride of place Probing contemporary challenges to natural law thinking that are both internal and external to religious faith and examining the character and constitution of natural law ethics Natural Law and Religious Freedom will be of interest to theologians ethicists and philosophers as well as policy analysts politicians and activists who are concerned to anchor religious freedom and human rights policy considerations in an enduring way

Aquinas, Natural Law, and Social Ontology

Ana Marta González, 2025-07-22 This volume explores the connections between Thomas Aquinas doctrine of natural law and contemporary social thought It aims to make explicit the basic notions of Thomas Aquinas social ontology and to show how key concepts from sociology economics and political science relate to his ethics and social thought Social ontology is a growing area of contemporary social theory Scholars in this area reflect on the ontological status of society and the various realities that make up the social realm However Aquinas scholars rarely use the term social ontology instead resorting to his natural law to examine social life This volume argues that the social thought of Thomas Aquinas including his natural law theory implies a social ontology Aquinas adopts a clear position on the ontological uniqueness of human beings the intentional structure of human action and the existence of informal social relations and institutional realities that shape human society This volume shows how these views can be reconstructed into a coherent social ontology Its chapters are divided into five thematic parts Part 1 offers conceptual elements to bridge the gap between Aquinas and contemporary social theory Part 2 considers the metaphysics and theology implicit in Aquinas social ontology Part 3 focuses on the way this ontology is at work in his account of the common good and his approach to natural law Part 4 expands this reflection to economics Finally Part 5 addresses legal and political issues such as political polarization family law and the ethics of war Aquinas Natural Law and Social Ontology will appeal to scholars and graduate students interested in the thought of Thomas Aquinas social and political philosophy contemporary social theory Catholic theology and the social sciences

Biblical Natural Law Matthew Levering, 2008-03-20 An introduction to natural law theory and a challenge to re think current biblical scholarship on the topic Levering establishes the relevance of a biblical worldview to the contemporary pursuit of a moral life and locates his argument in the context of the philosophical development of natural law theory from Cicero to Nietzsche

Theological Studies , 1975

From Teilhard to Omega Ilia Delio, 2014-01-09 Thirteen scholars including John F

Haught Ursula King and John C Haughey SJ take off from where Teilhard de Chardin left off opening new windows to the divine mystery to the evolving person and to the new energies of love needed for the forward movement of life

The Enigmatic Realm of **Natural Law And The Ethics Of Love A New Synthesis**: Unleashing the Language is Inner Magic
