Apolonia Diana Sherly da Costa

Natural Resources Management And Livelihood Security Survival Strategies An Sustainable Policies:

Natural Resources Management and Livelihood Security Mrityunjay M. Jha, 2004 This Edited Volume Deals With Earth Its Conservation Management Of Natural Resources Agriculture Livestock And Water Resources Development It Is Divided Into Five Parts Natural Resources Sustainable Livestock Development Sustainable Agriculture Policies Foundation Day Lectures Advocates Strategies Needed To Save Mankind And Our Planet In The New Millennium *Natural Resources Management and Agrarian Development* Reji D. Nair, 2010 Natural Resource Management in the Thar Desert Region of Rajasthan Nisha Varghese, Sukhdeo Singh Burark, K.A. Varghese, 2023-07-28 This book covers a wide range of issues related to the Thar Desert Region of Rajasthan from an integrated and sustainable development perspective The chapters in this book cover regional and local issues which are discussed with reference to the past scenario the present practices and the future strategies Some of the issues addressed in this book like arid agroforestry livelihood and multidimensional development give it a cutting edge over other related publications currently available in the market The chapters are supported with relevant pictures which will help the reader to connect with the issues being discussed This book is useful to students civil services aspirants researchers environmentalists geographers and non professionals who are interested in deserts and desert development **Rural India** Madaswamy Moni, Suresh Misra, 2009 Papers presented at the Third International Conference on Rural India achieving Millennium Development Goals and Grassroots Development held at Hyderabad during 10 12 November 2005 **Sustainable Resource Development** Udai Prakash Sinha, 2011 Study conducted in Munger Division India Development, Environment and Sustainable Livelihood Soumyendra Kishore Datta, Atanu Sengupta, 2014-10-16 This book is the outcome of an international conference held in the Department of Economics Burdwan University in 2013 The major part of the conference had been related to development environment and livelihood issues which are also in some way linked to the theme of the ongoing DRS project in the Department pertaining to issues on rural livelihood The achievement of higher economic growth is one of the principal objectives of current government policies and involves intensive resource development programmes with equitable access and distribution of output It is a great challenge for developing countries and the only vehicle which can bring these countries out of poverty India s development path is based on its unique resource endowments As a welfare state its overriding priority lies in generating its citizens wellbeing with the multifarious programmes of eradicating poverty through providing means of earning income for a sustainable livelihood While a number of programmes have been undertaken by the Government with the aim of eliminating poverty the purpose of generating an all round enhanced livelihood opportunity based on the creation of an improved ambience is only partially served by such programmes The recent focus therefore has been on the assets processes activity framework concerned with not only poverty reduction but also promoting sustainable livelihood enhancing strategies and access to assets like human capital physical assets social capital financial capital and natural capital In terms of the sustainable livelihood framework livelihood

comprises the activities the assets the capabilities and the access that combine to determine the standard of living attainable for an individual A livelihood is deemed to be sustainable when it can absorb unforeseen shocks and recover from stresses and uncertainties while maintaining or enhancing the capability and asset base both at present and for future periods without distorting the natural resources and creating social unrest This book is composed of seventeen papers covering the socio developmental aspects and natural resources connected with the concept of sustainable livelihood as well as livelihood issues intimately linked with the farm and non farm sectors and impacted by gender aspect **Building Resilience for Flood Disaster in Malaka-Timor, Indonesia** Apolonia Diana Sherly da Costa,2024-10-02 This book provides a new and different perspective on human geography as an umbrella understanding of the social science of disaster management but it is simple to understand where disaster affected communities anywhere for example in this study in disaster communities in Malacca Timor eastern Indonesia female customary land can respond to flood disasters with the resilience capacity they have day after day What is presented in this book is very relevant and indicates the concept of resilience to flood disasters from the perspective of the community human geography through the use of applied science along with practical social methods or approaches combined with applied GIS data in the form of nine spatial distribution maps of each resilience capacity asset that flood affected communities have in coping with disaster impacts or risks In the relevance of human geography natural disasters and spatial studies we as readers jointly find a bright spot in this book that natural vulnerability has an impact on physical social cultural economic religious legal and political vulnerabilities where communities experiencing flood hazards need to learn to deal with and or practice the resources they have The resources they have in the scientific trajectory of human geography disaster management and spatial studies are specialized in understanding how effective efficient and adequate the resilience they have in the study of sustainable livelihood development is based on the lens of social ecological integrity This book provides a clear and digestible understanding for all readers from interdisciplinary scientific backgrounds

The Irrigation Future of India A. Narayanamoorthy,2022-02-02 This book aims to bring forth and address the major issues confronting the irrigation sector of India and also to suggest policy pointers to sustain it As the policy and reform canvas is large for a huge and diverse country this book has particular focus on the most important and immediate issues and future options The chapters not only focus on new research in depth analysis and technical details but also provide a balanced review of the state of irrigation sector and comprehensive presentation of major issues challenges and future options With the presentation of in depth analysis and synthesis of available knowledge the work can act as a handbook for major irrigation water issues actual policy changes and potential reform that could turnaround the sector Given the temporal and spatial data analysis of the irrigation sector this book will be effective and useful as a research and teaching tool to students and researchers both in India and globally Besides its professional audience within the academic research and policy community the non technical format of the book will appeal to a general audience in the media policy and donor circles

Deforestation and Socio-economic Environment Jasleen Kewlani,2012 Study conducted in Gurd spur District of Kandi area Punjab India **Developing Sustainable Digital Libraries: Socio-Technical Perspectives** Ashraf, Tariq,Sharma, Jaideep,Gulati, Puja Anand,2010-03-31 This book provides tools to complement an organization s burgeoning information treasuries exploring new frontiers by looking at social and economic aspects of digital libraries and their sustainability Provided by publisher
