

The background of the book cover is an aerial photograph of a coastal landscape. It features rolling green hills in the foreground and middle ground, leading down to a rugged, rocky shoreline. The water is a deep blue-grey color. The overall scene is natural and scenic, emphasizing the theme of nature conservation.

Nature Conservation In Europe Policy And Practice:

Nature Conservation in Europe Peter Bromley,1997 This route map through the legislative and policy frameworks explains how conservation works in Europe looking at the mechanisms for delivering nature conservation policies in the European Community member states *Nature Conservation in Europe* Graham Tucker,2023-05-25 A detailed description and analysis of European nature conservation and its achievements focussing on the EU and last forty years *Europe* Kevin Hillstrom,Laurie Collier Hillstrom,2003-08-13 A concise yet thorough overview of the environmental issues problems and controversies facing the world s most densely populated continent Europe Europe one of six titles in The World s Environments series tackles the tough issues the complex problems and the political controversies surrounding the continent s environmental past its complicated present and its uncertain future Europe looks at the catastrophes in January 2000 a massive spill of cyanide and heavy metals from a gold mining operation in Romania destroyed all biological life in the Tisza Hungary s second biggest river The poisons traveled 1 000 kilometers through Hungary and Yugoslavia where they wreaked havoc on the Danube It also examines the progress European society has shown a greater interest in renewable energy technologies than most other industrialized regions in the last 30 years Serving as both a blueprint for the future as well as a roadmap of the past this book offers a gripping look at Europe s ecological history *Greening Europe* Anna-Katharina Wöbse,Patrick Kupper,2021-12-20 Today the environment seems omnipresent in European policy within and beyond the European Union The idea of a shared European environment however has come a long way and is still being contested Greening Europe focuses on the many ways people have interacted with nature and made it an issue of European concern The authors ask how notions of Europe mattered in these activities and they expose the many entanglements of activists across the subcontinent who set out to connect and network and to exchange knowledge worldviews and strategies that exceeded their national horizons Moving beyond human agency the handbook also highlights the eminent role nature played in both greening Europe and making Europe a shared environment **Sustainable Politics and the Crisis of the Peripheries** Liam Leonard,Iosif Botetzagias,2011-11-17 Examines the impact of the economic crisis on peripheral European states such as Ireland and Greece This book focuses on governance sustainable politics and environmental policies within the context of accelerated growth and the subsequent economic downturn It also examines issues of governance and politics within these peripheral states **Social Movements, Public Spheres and the European Politics of the Environment** Hein-Anton van der Heijden,2010-12-08 This book analyzes how the European environmental movement has influenced the problem definitions and solution strategies of European policy issues examining biodiversity GMOs Trans European Transport Networks and climate change *Ibss: Political Science: 1997* British Library of Political and Economic Science,1999-01-14 Provides an unrivalled overview of intellectual development in political science *Environmental science : understanding, protecting, and managing the environment in the Baltic Sea region* Lars Rydén,Pawel

Migula, Magnus Andersson, 2003 Pasture Landscapes and Nature Conservation Bernd Redecker, Werner Härdtle, Peter Finck, Uwe Riecken, Eckhard Schröder, 2012-12-06 One of the main problems and aims of nature conservation in Europe is to protect semi open landscapes The development during the past decades is characterized by an ongoing intensification of land use on the one hand and an increasing number of former meadows and pastures lying fallow caused by changing economic conditions on the other hand In several countries the establishment of larger pasture landscapes with a mixed character of open grassland combined with shrubs and forests has been recognized as one solution to this problem The book gives an overview of the European projects concerning to this topic nature conservation policy and strategies scientific results and practical experiences creating large scale grazing systems **Environmental Policy in Europe** Andrew J. Jordan, Duncan Liefferink, 2004-08-02 The continuing development of the European Union EU is transforming policy and politics in its member countries and possibly in an even larger number of potential members This book offers a detailed investigation of the Europeanization of national environmental policy in ten western European countries since 1970 By blending state of the art theories with fresh empirical material on the many manifestations of Europeanization it sheds new light on the dynamics that are decisively reshaping national environmental policy It also offers an original assessment of how far Europeanization has produced greater policy convergence in western Europe Throughout the approach taken is genuinely comparative drawing on the insights provided by leading country specialists
