Firebaugh, 2000 **One Hundred Years of Sea Power** George W. Baer, 1996-07-01 A navy is a state's main instrument of maritime force What it should do what doctrine it holds what ships it deploys and how it fights are determined by practical political and military choices in relation to national needs Choices are made according to the state's goals perceived threat maritime opportunity technological capabilities practical experience and not the least the way the sea service defines itself and its way of war This book is a history of the modern U S Navy It explains how the Navy in the century after 1890 was formed and reformed in the interaction of purpose experience and doctrine **Naval Engineers Journal**, 1917 *A Fearsome Heritage* Dr John Schofield, Wayne Cocroft, 2016-07-08 *Fearsome Legacies* unites innovative work on the interpretation and management of Cold War heritage from fields including archaeology history art and architecture and cultural studies Air University Library Index to Military Periodicals, 1999 Twenty-First Century Seapower Peter Dutton, Robert Ross, Øystein Tunsjø, 2013-05-02 This book offers an assessment of the naval policies of emerging naval powers and the implications for maritime security relations and the global maritime order Since the end of the Cold War China Japan

India and Russia have begun to challenge the status quo with the acquisition of advanced naval capabilities. The emergence of rising naval powers is a cause for concern as the potential for great power instability is exacerbated by the multiple maritime territorial disputes among new and established naval powers. This work explores the underlying sources of maritime ambition through an analysis of various historical cases of naval expansionism. It analyses both the sources and dynamics of international naval competition and looks at the ways in which maritime stability and the widespread benefits of international commerce and maritime resource extraction can be sustained through the twenty first century. This book will be of much interest to students of naval power, Asian security and politics, strategic studies, security studies and IR in general. *Journal of the American Society of Naval Engineers, Inc*, American Society of Naval Engineers, 1917. [Educating the Royal Navy](#) Harry W. Dickinson, 2007-01-25. This volume provides the first comprehensive history of education and training for officers of the Royal Navy in the eighteenth and nineteenth centuries. It covers the development of educational provision from the first 1702 Order in Council appointing schoolmasters to serve in operational warships to the laying of the foundation stone of the present Royal Naval College, Dartmouth, in 1902. *Educating the Royal Navy 1702-1902* includes the establishment of the Royal Navy's first naval academy, the commissioning of the officer training ship HMS Britannia, and the conduct of education at sea. It also covers the birth of higher education in the Service with the opening of the Royal Naval College, Greenwich, and the provision of technical education and training for a new category of officer, the naval engineer. This book will be essential reading for students of naval history and naval education and of much interest to professional military colleges studying the development of naval training.
