

Pawnee Great Plains

Jay H. Buckley, Jeffery D. Nokes

Pawnee Great Plains:

Encyclopedia of the Great Plains David J. Wishart, 2004-01-01 Wishart and the staff of the Center for Great Plains Studies have compiled a wide ranging and intended encyclopedia of this important region. Their objective was to give definition to a region that has traditionally been poorly defined and they have *Encyclopedia of the Great Plains Indians* David J. Wishart, 2007-03-01 Until the last two centuries the human landscapes of the Great Plains were shaped solely by Native Americans and since then the region has continued to be defined by the enduring presence of its Indigenous peoples. The *Encyclopedia of the Great Plains Indians* offers a sweeping overview across time and space of this story in 123 entries drawn from the acclaimed *Encyclopedia of the Great Plains* together with 23 new entries focusing on contemporary Plains Indians and many new photographs. Here are the peoples, places, processes and events that have shaped lives of the Indians of the Great Plains from the beginnings of human habitation to the present: not only yesterday's wars, treaties and traditions but also today's tribal colleges, casinos and legal battles. In addition to entries on familiar names from the past like Sitting Bull and Crazy Horse, new entries on contemporary figures such as American Indian Movement spiritual leader Leonard Crow Dog and activists Russell Means and Leonard Peltier are included in the volume. Influential writer Vine Deloria Sr, Crow medicine woman Pretty Shield, Nakota blues rock band Indigenous and the Nebraska Indians baseball team are also among the entries in this comprehensive account. Anyone wanting to know about Plains Indians past and present will find this an authoritative and fascinating source. *Finding the Wild West: The Great Plains* Mike Cox, 2021-12-01 A modern day explorer's guide to the Old West. From the famed Oregon Trail to the boardwalks of Dodge City to the great trading posts on the Missouri River to the battlefields of the nineteenth century Indian Wars, there are places all over the American West where visitors can relive the great Western migration that helped shape our history and culture. This guide to the Great Plains states of Oklahoma, Kansas, Nebraska and the Dakotas, one of the five volume *Finding the Wild West* series, highlights the best preserved historic sites as well as ghost towns, reconstructions, museums, historical markers, statues and works of public art that tell the story of the Old West. Use this book in planning your next trip and for a storytelling overview of America's Wild West history. **The Pawnee Nation** Judith A. Boughter, 2004-03-29 The Pawnees have appeared in many historical documents from early Spanish accounts and journals of American explorers and adventurers to fascinating accounts of daily life by Quaker agents and Presbyterian missionaries during the nineteenth century. In recent years Pawnee activists have taken the lead in the repatriation struggle and have fought for respectful burials of their ancestors' remains. This is the first comprehensive bibliography of the Pawnees, examining a wide spectrum of books and journals on Pawnee history, culture and ethnology. Chapters are devoted to topics such as Pawnee archaeology and anthropology, myths and legends, social organization, material culture, music and dance, religion, education, repatriation. Entries are thoroughly annotated and evaluated, making this up-to-date research tool essential for historians, ethnologists and other Pawnee

researchers **Bad Land Pastoralism in Great Plains Fiction** Matthew J. C. Cella, 2010-04-15 At the core of this nuanced book is the question that ecocritics have been debating for decades what is the relationship between aesthetics and activism between art and community By using a pastoral lens to examine ten fictional narratives that chronicle the dialogue between human culture and nonhuman nature on the Great Plains Matthew Cella explores literary treatments of a succession of abrupt cultural transitions from the Euroamerican conquest of the Indian wilderness in the nineteenth century to the Buffalo Commons phenomenon in the twentieth By charting the shifting meaning of land use and biocultural change in the region he posits this bad land the arid West as a crucible for the development of the human imagination Each chapter deals closely with two novels that chronicle the same crisis within the Plains community Cella highlights for example how Willa Cather reconciles her persistent romanticism with a growing disillusionment about the future of rural Nebraska how Tillie Olsen and Frederick Manfred approach the tragedy of the Dust Bowl with strikingly similar visions and how Annie Proulx and Thomas King use the return of the buffalo as the centerpiece of a revised mythology of the Plains as a palimpsest defined by layers of change and response By illuminating these fictional quests for wholeness on the Great Plains Cella leads us to understand the intricate interdependency of people and the places they inhabit Cella uses the term pastoralism in its broadest sense to mean a mode of thinking that probes the relationship between nature and culture a discourse concerned with human engagement material and nonmaterial with the nonhuman community In all ten novels discussed in this book pastoral experience the encounter with the Beautiful leads to a renewed understanding of the integral connection between human and nonhuman communities Propelling this tradition of bad land pastoralism are an underlying faith in the beauty of wholeness that comes from inhabiting a continuously changing biocultural landscape and a recognition of the inevitability of change The power of story and language to shape the direction of that change gives literary pastoralism the potential to support an alternative series of ideals based not on escape but on stewardship community continuity and commitment The Plains of the Great

West and Their Inhabitants Richard Irving Dodge, 1876 **The Hunting Grounds of the Great West. A Description of the Plains, Game, and Indians of the Great North American Desert** Richard Irving Dodge, William

Blackmore, 2024-07-03 Reprint of the original first published in 1877 *Great Plains Indian Illustration Index* John Van Balen, 2004 Library catalog records often do not adequately describe the contents of books or of the illustrative materials they contain and as a result it is often difficult to locate drawings or photographs and far more difficult to find specific ones Equally troublesome to historians is finding material on individual Indians scattered through numerous books This work remedies these twin problems as they relate to books about the Great Plains Indian tribes The index has two uses it guides students researchers and general readers to photographs drawings maps and other illustrative materials that appear in selected books about Native Americans published within the last 75 years And it guides researchers to more than 1 200 biographical references to individuals found in these books Tribes covered include the Arapahoe Cheyenne Crow Gros Ventre

Kiowa Omaha Pawnee Sioux and Winnebago among many others

What the River Carries Lisa Knopp, 2012-05-18 In this informed and lyrical collection of interwoven essays Lisa Knopp explores the physical and cultural geography of the Mississippi Missouri and Platte rivers she has come to understand and cherish At the same time she contemplates how people experience landscape identifying three primary roles of environmental perception the insider the outsider and the outsider seeking to become an insider Viewing the waterways through these approaches she searches for knowledge and meaning Because Knopp was born and raised just a few blocks away she considers the Mississippi from the perspective of a native resident a dweller in the land She revisits places she has long known Nauvoo Illinois the site of two nineteenth century utopias one Mormon one Icarian Muscatine Iowa once the world's largest manufacturer of pearl mussel shell buttons and the mysterious prehistoric bird and bear shaped effigy mounds of northeastern Iowa On a downriver trip between the Twin Cities and St Louis she meditates on what can be found in Mississippi river water state lines dissolved oxygen smallmouth bass corpses family history wrecked steamboats mayfly nymphs toxic perfluorinated chemicals philosophies Knopp first encountered the Missouri as a tourist and became acquainted with it through literary and historical documents as well as stories told by longtime residents Her journey includes stops at Fort Bellefontaine where Lewis and Clark first slept on their sojourn to the Pacific Little Dixie Missouri's slaveholding hemp growing region as revealed through the life of Jesse James's mother Fort Randall Dam and Lake Francis Case the construction of which destroyed White Swan on the Yankton Sioux Reservation and places that produced unique musical responses to the river including Native American courting flutes indie rock Missouri River valley fiddling Prohibition era jazz jam sessions and German folk music Knopp's relationship with the Platte is marked by intentionality she settled nearby and chose to develop deep and lasting connections over twenty years residence On this adventure she ponders the half million sandhill cranes that pass through Nebraska each spring the ancient varieties of Pawnee corn growing at the Great Platte River Road Archway Monument a never broken tract of tallgrass prairie the sugar beet industry and the changes in the river brought about by the demands of irrigation In the final essay Knopp undertakes the science of river meanders consecutive loops of water moving in opposite directions which form around obstacles but also develop in the absence of them What initiates the turning that results in a meander remains a mystery Such is the subtle and interior process of knowing and loving a place What the River Carries asks readers to consider their own relationships with landscape and how one can most meaningfully and responsibly dwell on the earth's surface

The Plains of the Great West and Their Inhabitants, Being a Description of the Plains, Game, Indians, &c., of the Great North American Desert Richard Irving Dodge, 1876

The Louisiana Purchase Junius P. Rodriguez, 2002-06-20 Published in celebration of the Purchase's bicentennial this resource offers a multifaceted view of a watershed American event In one easy access resource The Louisiana Purchase brings together the work of over 100 experts covering historical figures relevant legal and historical concepts states that formed in the new territory frontier outposts and the Native

Americans uprooted by expansion westward The book examines every aspect and consequence of Thomas Jefferson's momentous transaction the largest real estate deal in American history Readers will learn how the purchase made Manifest Destiny really seem like destiny how it sparked the rise of America's urban industrial society and inflamed passions over the expansion of slavery and how it triggered tragic conflicts between the government and Native Americans as well as immeasurable environmental damage Ideal for students historians and public and private libraries the Encyclopedia is the most comprehensive reference ever compiled on an event so central to the American experience that it seems to lie at the heart of everything triumphant and tragic in our history **v.3.
