Volume 7, Production, Destruction and Connection, 1750-Present, Part 2, Shared Transformations? J. R.

McNeill, Kenneth Pomeranz, 2015-04-16 Since 1750 the world has become ever more connected with processes of production and destruction no longer limited by land or water based modes of transport and communication Volume 7 of the Cambridge World History series divided into two books offers a variety of angles of vision on the increasingly interconnected history of humankind The second book questions the extent to which the transformations of the modern world have been shared focusing on social developments such as urbanization migration and changes in family and sexuality cultural connections through religion science music and sport ligaments of globalization including rubber drugs and the automobile and moments of particular importance from the Atlantic Revolutions to 1989 *Cultures of Empire* Catherine Hall, 2000 Collects together the best articles by key historians literary critics and anthropologists on the cultures of colonialism in the British Empire in the nineteenth and twentieth centuries A substantial introduction by the distinguished historian Professor Catherine Hall discusses new approaches to the history of empire and establishes a narrative frame through which to read the essays which follow The volume is clearly divided into three sections theoretical emphasising concepts and approaches the colonisers at home focusing on how empire was lived in Britain and away the attempt to construct new cultures through which the colonisers defined themselves and others in varied colonial sites A useful guide to recent scholarship on the culture of imperialism

The Routledge History of Sex and the Body Sarah Toulalan, Kate Fisher, 2013-03-20 The Routledge History of Sex and the Body provides an overview of the main themes surrounding the history of sexuality from 1500 to the present day The history of sex and the body is an expanding field in which vibrant debate on for instance the history of homosexuality is developing This book examines the current scholarship and looks towards future directions across the field The volume is divided into fourteen thematic chapters which are split into two chronological sections 1500 1750 and 1750 to present day Focusing on the history of sexuality and the body in the West but also interactions with a broader globe these thematic chapters survey the major areas of debate and discussion Covering themes such as science identity the gaze courtship reproduction sexual violence and the importance of race the volume offers a comprehensive view of the history of sex and the body The book concludes with an afterword in which the reader is invited to consider some of the tensions problems and areas deserving further scrutiny Including contributors renowned in their field of expertise this ground breaking collection is essential reading for all those interested in the history of sexuality and the body

Westward Bound Lesley Erickson, 2011-08-01 Westward Bound debunks the myth of Canada's peaceful West and the masculine conceptions of law

and violence upon which it rests by shifting the focus from Mounties and whisky traders to criminal cases involving women between 1886 and 1940 Erickson's analysis of these cases shows that rather than a desire to protect official responses to the most intimate or violent acts betrayed an impulse to shore up the liberal order by maintaining boundaries between men and women Native people and newcomers and capital and labour Victims and accused could only hope to harness entrenched ideas about masculinity femininity race and class in their favour This fascinating exploration of hegemony and resistance in key contact zones draws prairie Canada into larger debates about law colonialism and nation building

China, Sex and Prostitution Elaine Jeffreys, 2004-02-24 China Sex and Prostitution is a topical and important critique of recent scholarship in China studies concerning sexuality prostitution and policing Jeffrey's arguments are constructed in the form of detailed analysis of a wide range of primary texts including documents press reports police report and policy and legal pronouncements and secondary literature in both English and Chinese The work engages with some key debates in the fields of cultural and gender studies and will be welcomed by scholars in these areas as well as by China specialists sociologists and anthropologists

Regulating Girls and Women Joan Sangster, 2001-12-15 For people living in Ontario as throughout Canada the period from 1920 to 1960 was one of great change and turmoil the roaring twenties the Great Depression the upheaval of war and the economic boom of the postwar years One constant in society over those years however was the differential treatment that females and males received before the law especially in regard to family matters and sexuality A patriarchal justice system increasingly under the influence of expert opinion from social workers psychologists psychiatrists and other medical doctors openly espoused a sexual double standard and sought to regulate the behaviour of girls and women for their own good Indeed women in physically abusive relationships were at times advised by judges probation officers and social workers to go home and sleep with your husband on the assumption that keeping him sexually sated would end the violence In this fascinating study of sexuality family and the law historian Joan Sangster focuses on key issues that drew women into the courts as plaintiffs and defendants incest and sexual abuse wife assault prostitution female delinquency and the unique colonization of the soul that Aboriginal women had to endure before the law As Sangster writes While history does not offer pat solutions to present dilemmas it may stimulate some sobering second thoughts on current debates by dissecting the changing definitions of criminality and the process by which law constituted gender race and class relations by mounting a critique of past reform efforts and importantly by suggesting how the law affected the lives of girls and women who came into conflict with it

The Oxford Encyclopedia of Women in World History Bonnie G. Smith, 2008 The Encyclopedia of Women in World History captures the experiences of women throughout world history in a comprehensive 4 volume work Although there has been extensive research on women in history by region no text or reference work has comprehensively covered the role women have played throughout world history The past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the Western world but across the globe Historians

have investigated women's daily lives in virtually every region and have researched the leadership roles women have filled across time and region. They have found and demonstrated that there is virtually no historical social or demographic change in which women have not been involved and by which their lives have not been affected. The Oxford Encyclopedia of Women in World History benefits greatly from these efforts and experiences and illuminates how women worldwide have influenced and been influenced by these historical social and demographic changes. The Encyclopedia contains over 1,250 signed articles arranged in an A-Z format for ease of use. The entries cover six main areas: biographies, geography, and history; comparative culture and society; including adoption, abortion, performing arts, organizations, and movements such as the Egyptian Uprising and the Paris Commune; women's and gender studies; and topics in world history that include slave trade, globalization, and disease. With its rich and insightful entries by leading scholars and experts, this reference work is sure to be a valued go-to resource for scholars, college and high school students, and general readers alike.

Knowledge of Evil

Alyson Brown, David Barrett, 2013-01-11. This book documents the enduring involvement of children in the commercial sex trade in twentieth-century England. The authors argue that child prostitution needs to be understood within a broader context of child abuse and provide evidence that indicates the circumstances which have led young people into prostitution over the last hundred years, amounting at worst to physical or psychological abuse or neglect and at best as the result of limited choice.

Common Prostitutes and Ordinary Citizens J. Laite, 2011-12-02. Between 1885 and 1960, laws and policies designed to repress prostitution dramatically shaped London's commercial sex industry. This book examines how laws translated into street-level reality, explores how women who sold sex experienced criminalization, and charts the complex dimensions of the underground sexual economy in the modern metropolis.

The Routledge History of Women in Europe since 1700 Deborah Simonton, 2006-04-27. The Routledge History of Women in Europe since 1700 is a landmark publication that provides the most coherent overview of women's role and place in western Europe, spanning the era from the beginning of the eighteenth century until the twentieth century. In this collection of essays, leading women's historians counter the notion of national histories and provide the insight and perspective of a European approach. Important intellectual, political, and economic developments have not respected national boundaries, nor has the story of women's past or the interplay of gender and culture. The interaction between women's ideology and female agency, the way women engaged with patriarchal and gendered structures and systems, and the way women carved out their identities and spaces within these informs the writing in this book. For any student of women's studies or European history, *The Routledge History of Women in Europe since 1700* will prove an informative addition to their studies.

[Routledge Library Editions: Women and Crime](#) Various Authors, 2022-07-30. This set reissues five books on the subject of women and crime. The titles, which were originally published between 1930 and 1996, include a book of case studies of female criminals, a comprehensive annotated bibliography on the social conflict and change of women in crime, and essays which examine the construction of women in criminology. This set will be of particular

interest to students of both criminology and women's studies **The New Woman Gothic** Patricia Murphy, 2017-07-31 Drawing from and reworking Gothic conventions the New Woman version is marshaled during a tumultuous cultural moment of gender anxiety either to defend or revile the complex character The controversial and compelling figure of the New Woman in fin de siècle British fiction has garnered extensive scholarly attention but rarely has she been investigated through the lens of the Gothic Part I The Blurred Boundary examines an obfuscated distinction between the New Woman and the prostitute presented in a stunning breadth and array of writings Part II Reconfigured Conventions probes four key aspects of the Gothic each of which is reshaped to reflect the exigencies of the fin de siècle In Part III Villainous Characters the bad father of Romantic fiction is bifurcated into the husband and the mother both of whom cause great suffering to the protagonist **Women and Deviance: Issues in Social Conflict and Change** Nanette J. Davis, Jane M. Keith, 2015-12-22 This book first published in 1984 is a selective annotated bibliography on women and deviance that includes historical cross cultural sociological psychological political legal philosophical and social policy perspectives This title is concerned with the origins change conflict and consequences of deviant behaviour and women's adaptation to their changing roles It encompasses monographs journal articles books and government documents in English This title will be of particular interest to students of sociology and criminology Histories of the Normal and the Abnormal Waltraud Ernst, 2006-09-27 This fascinating volume tackles the history of the terms normal and abnormal Originally meaning as occurring in nature normality has taken on significant cultural gravitas and this book recognizes and explores that fact The essays engage with the concepts of the normal and the abnormal from the perspectives of a variety of academic disciplines ranging from art history to social history of medicine literature and science studies to sociology and cultural anthropology The contributors use as their conceptual anchors the works of moral and political philosophers such as Canguilhem Foucault and Hacking as well as the ideas put forward by sociologists including Durkheim and Illich With contributions from a range of scholars across differing disciplines this book will have a broad appeal to students in many areas of history **Fighting Modern Slavery and Human Trafficking** Genevieve LeBaron, Jessica R. Pliley, David W. Blight, 2021-07 Leading social scientists and historians debate key controversies in the field of modern slavery and human trafficking studies **Beyond Sovereignty** K. Grant, P. Levine, F. Trentmann, 2007-01-30 Explores the central role of the British Empire in developing transnational ideas institutions and social movements of increasing scope and influence in the eras of high imperialism and the two world wars Chapters follow transnational dynamics and debates over sovereignty in the domains of sexuality law politics culture and religion Whores and Other Feminists Jill Nagle, 2013-09-13 Whores and Other Feminists fleshes out feminist politics from the perspective of sex workers strippers prostitutes porn writers producers and performers dominatrices and their allies Comprising a range of voices from both within and outside the academy this collection draws from traditional feminisms postmodern feminism queer theory and sex radicalism It stretches the boundaries of contemporary feminism holding

accountable both traditional feminism for stigmatizing sex workers and also the sex industry for its sexist practices
