 the difference **The Politics of Protection** Elizabeth G. Ferris,2011-05-01 For the past decade humanitarian actors have
 increasingly sought not only to assist people affected by conflicts and natural disasters but also to protect them At the same
 time protection of civilians has become central to UN peacekeeping operations and the UN General Assembly has endorsed
 the principle that the international community has the responsibility to protect people when their governments cannot or will
 not do so Elizabeth Ferris explores the evolution of the international community's understandings of protection with a
 particular emphasis on the humanitarian community Protection is a noble word with positive connotations but what does it
 actually mean in practice Does providing assistance to vulnerable people protect them for example Does monitoring the
 number of rapes protect women Does increased engagement in protection activities by humanitarian agencies jeopardize the
 cornerstone humanitarian principles of neutrality and impartiality In *The Politics of Protection* Ferris examines inconsistent
 ways in which protection is defined and applied For example why do certain groups receive international protection while
 other equally needy groups do not Her case studies ranging from Iraq to Katrina illustrate the challenges and limitations of
 protecting vulnerable populations from the ravages of war and natural disasters Ferris argues that the protection paradigms
 currently in use are inadequate to meet the challenges of the future such as climate change protracted displacement and the
 changing nature of warfare **Protect and Defend (kindle)** Richa PATTERSON,2010-03-30 Perfect in Christ Mitchell
