PROUD AMERICANS Terry L. Nau, 2018-11-07 Proud American Vietnam Artillery Soldiers Then and Now By Terry L. Nau Told in the voices of Vietnam veterans looking back on their war Proud Americans is an oral history of the 2nd Battalion 32nd Field Artillery unit that served in Vietnam from 1965 to 1972 The 2 32 nicknamed the Proud Americans fired the first 175 millimeter rounds in the Vietnam War The unit stayed in Vietnam for seven years refreshed by more draftees and enlisted soldiers From rescuing other American soldiers to the Tet Offensive to surviving 42 days of mortar attacks the veterans share their personal stories of service Bonds slow to form became unbreakable as black Hispanic white and immigrant soldiers became brothers Proud Americans honors the sacrifices of those who never came home and those who did Reflecting on their journeys to and from Vietnam these veterans share an intimate view of their dangerous service **Proud**

Warriors Alexander M. Bielakowski, 2021-11-15 During World War II tens of thousands of African Americans served in segregated combat units in U S armed forces The majority of these units were found in the U S Army and African Americans served in every one of the combat arms They found opportunities for leadership unparalleled in the rest of American society at the time Several reached the field grade officer ranks and one officer reached the rank of brigadier general Beyond the Army the Marine Corps refused to enlist African Americans until ordered to do so by the president in June 1942 and two African American combat units were formed and did see service during the war While the U S Navy initially resisted extending the role of African American sailors beyond kitchens eventually the crew of two ships was composed exclusively of African Americans The Coast Guard became the first service to integrate initially with two shipboard experiments and then with the integration of most of their fleet Finally the famous Tuskegee airmen are covered in the chapter on air warfare Proud Warriors makes the case that the wartime experiences of combat units such as the Tank Battalions and the Tuskegee Airmen ultimately convinced President Truman to desegregate the military without which the progress of the Civil Rights Movement might also have been delayed One of the Few, the Proud, the Marines Thomas Hitchcock, 2010

Domestic Gun Control and International Small Arms Control in Africa Niklas Hultin,2022-08-08 This book based on field research in the West African country of The Gambia explores how domestic gun control is shaped by international efforts and how local actors interact with international organizations or opt not to do so The book also shows how the question of who can have what kind of gun under what circumstances is an intrinsic question to modern societies across the world but it is seldom one that is addressed in sub Saharan Africa except in cases of post conflict countries Small arms control and gun control are often treated as separate efforts with the former the domain of international actors such as the United Nations and the latter being of concern to the domestic politics of countries such as the United States By focusing on a country that has never seen the outbreak of a civil war the book is able to disentangle the complex roots of gun control in Africa its origins in colonial era legislation its reverberations across social life and how it shapes contemporary understandings of groups ranging for security guards to hunters

The Roads to Congress 2020 Sean D. Foreman,Marcia L. Godwin,Walter Clark Wilson,2021-11-20 This book analyzes changes to campaigning and voting in the United States in 2020 The global pandemic caused by COVID 19 upended traditional campaign strategies posed unprecedented challenges to candidates and possessed the potential to fundamentally alter how campaigns think about running for office At the same time the Trump administration s divisive handling of twin crises stemming from the pandemic and rising racial tensions loomed over congressional races as the most disruptive election cycle in living memory The ramifications of the 2020 congressional elections for the direction of public policy in America and perhaps for American democracy itself cannot be overstated The Roads to Congress 2020 examines key House and Senate campaigns candidates and controversies in the 2020 election to reveal what accounts for the outcomes and point the way to America s political future

Gunfight Ryan Busse,2021-10-19 A former firearms executive pulls back the curtain on America s multibillion dollar gun industry exposing how it fostered extremism and racism radicalizing the nation and bringing cultural division to a boiling point As an avid hunter outdoorsman and conservationist all things that the firearms industry was built on Ryan Busse chased a childhood dream and built a successful career selling millions of firearms for one of America s most popular gun companies But blinded by the promise of massive profits the gun industry abandoned its self imposed decency in favor of hardline conservatism and McCarthyesque internal policing sowing irreparable division in our politics and society That drove Busse to do something few other gun

executives have done he s ending his 30 year career in the industry to show us how and why we got here Gunfight is an insider s call out of a wild secretive and critically important industry It shows us how America s gun industry shifted from prioritizing safety and ethics to one that is addicted to fear conspiracy intolerance and secrecy It recounts Busse s personal transformation and shows how authoritarianism spreads in the guise of freedom how voicing one s conscience becomes an act of treason in a culture that demands sameness and loyalty Gunfight offers a valuable perspective as the nation struggles to choose between armed violence or healing

Proud of What I Was — a Soldier Richard Dan Hill, 2011-11-17 Anyone who ever served in the military can tell a similar story The circumstances change and the names are different but when you deal with young soldiers anything is probable Hill tells the reader about many of these young men and women in some very funny situations He also details what it is like to be the commander of a unit with 200 or more of these soldiers in peacetime and in war In telling the story of his long and varied career he offers some real leadership gems that carry over to industry As one observer quipped every Lieutenant should read this book before spending a day with troops he will either resign his commission or stay in the military until they kick him out The author refers to the family members of military members as the real heroes in the military You will gain a whole new appreciation of what it is like to be an Army spouse Hill and his wife Carla moved 16 times during his 24 year career Once children came along it meant new adventures along with new schools and new friends The term Army Brat is worn with pride but it is a title that is hard earned One knows that military families are nomads but the author explains how assignments happen and the consequences of decisions on careers and promotion He tells the reader about dealing with the ubiquitous assignment officer The citizen who has never been around the military will learn a great deal about the inner workings of the career Army Officer and those who support them You will laugh out loud at some of these tales and cry when you learn about the sacrifices these soldiers and the families make You will swell with pride when you hear how some of these men respond from unspeakable adversity Hill is unabashedly proud of all veterans and as the title states he is proud of his many years of service He is Proud of What he was A soldier
