Proud journey a Spanish Civil War memoir by Bob Cooney
with an introduction by Merian Jupp

Bob Cooney (1907-1984) was a prominent anti-fascist and communist in Aberdeen who joined the International Brigades in the Spanish Civil War of 1936-39. Published here for the first time, *Proud journey* is his memoir of those turbulent times. It takes us from street clashes with Blackshirts to the battlefields of Spain and the heroism and sacrifice of Cooney and his comrades facing the forces of Franco, Hitler and Mussolini. Written in 1944 and with the Second World War as a backdrop, this is a moving personal account of one man's part in the long and bloody fight against fascism that helped define this key period of twentieth century history. Cooney paints an action-packed and politically-charged picture of struggle, solidarity, comradeship – and hope.

Proud Journey:

Journey Proud Agnes McDonald, 1994 McDonald takes her title Journey Proud from the expression her grandmother used to describe the exhilaration of travelling the rush of preparation for the journey and the satisfied exhaustion that comes upon arrival The author of Quickest Door Smallest Room McDonald teaches writing at UNC Wilmington **Scattering the Proud** Sean O'Conaill, 2012-07-12 In this radically original and optimistic reflection on the future of Christianity in the Western world Sean O'Conaill starts from the conviction that the life ministry and death of Jesus of Nazareth were a deliberate reversal of the human heroic journey to adulation and influence which has caused violence tyranny and injustice in all epochs He did not identify with or seek to emulate the powerful and the influential he sought out the outcasts and taught that every person was of equal worth in the eyes of God In the end he exalted the person who was most despised the victim by accepting an ignominious death O'Conaill argues that even since the earliest times Jesus's followers have been tempted to rejoin the upward journey toward power and influence a journey which inevitably creates pyramids of esteem or hierarchies of respect which glorify individuals and elites at the expense of majorities The development of the relationship between Christianity and the political establishment in the fourth century soon associated Christ himself with coercion and led in the end to the schisms between East and West Protestant and Catholic and between Christianity and liberal secularism It is also at the root of the silent schism within the Catholic church today The future of Christianity then lies in its willingness to abandon this upward journey and to return to the essence of the gospel message not only institutionally but personally in the lives of all Christians This return to a countercultural stance will aim to raise the disadvantaged and to secure the future of the global family and its environment **BUILD A BUSINESS THAT WILL MAKE YOU PROUD** Lawrence
