**The Myth of Wu Tao-tzu** Sven Lindqvist, 2012-08-02 During the Tang dynasty the Chinese artist Wu Tao tzu was one day standing looking at a mural he had just completed Suddenly he clapped his hands and the temple gate opened He went into his work and the gates closed behind him Thus begins Sven Lindqvist s profound meditation on art and its relationship with life first published in 1967 and a classic in his home country it has never been out of print As a young man Sven Lindqvist was fascinated by the myth of Wu Tao tzu and by the possibility of entering a work of art and making it a way of life He was drawn to artists and writers who shared this vision especially Hermann Hesse in his novel Glass Bead Game Partly inspired by Hesse s work Lindqvist lived in China for two years learning classical calligraphy from a master teacher There he was drawn deeper into the idea of a life of artistic perfectionism and retreat from the world But when he left China for India and then Afghanistan and saw the grotesque effects of poverty and extreme inequality Lindqvist suffered a crisis of confidence and started to question his ideas about complete immersion in art at the expense of a proper engagement with life The Myth of Wu Tao tzu takes us on a fascinating journey through a young man s moral awakening and his grappling with profound questions of aesthetics It contains the bracing moral anger and poetic intensely atmospheric travel writing Lindqvist s readers have come to love

**The Critical Response to Musil's The Man Without Qualities** Timothy J. Mehigan, 2003 Table of contents

**Irony and the Logic of Modernity** Armen Avanesian, 2015-09-14 The logic of modernity is an ironical logic Modern irony a flash of genius produced by Romantic theorists is first discussed e g in Hegel and Kierkegaard as an ethical problem personified in figures such as the aesthete the seducer the flaneur or the dandy It fully develops in the novel the modern genre par excellence in novels of the early 19th century no less than in those of postmodernity or in those of the masters of citation parody and pastiche of classical modernism Musil Joyce and Proust This book however goes one step further Looking at how such different authors as Schmitt Kafka and Rorty identify the political conflicts contradictions and paradoxes of the

20th century as ironical and offers a comprehensive account of the constitutive irony of modernity's ethical poetical and political logic *Joyce's Ulysses* Richard Thomas Eldridge, 2020 Though James Joyce was steeped in philosophy and humanism he has received too little attention from contemporary philosophers in comparison to many of the other titans of modernist fiction This book probes the possibilities for thinking philosophically about Joyce's masterpiece *Ulysses* presenting readings by renowned scholars such as David Hills Garry L Hagberg Vicki Mahaffey Martha C Nussbaum Sam Slote Wendy J Truran and Philip Kitcher who also provides an introduction to the volume that considers broader themes and situates *Ulysses* as a work of philosophical interest For the central characters of *Ulysses* Leopold Bloom Molly Bloom and Stephen Dedalus How to live is an urgent question Each must either start anew or attempt to recover lost paths Chapters plumb the depths of the philosophical quandaries that present themselves to these characters reflections on death and overcoming disgust Leopold Bloom's evocations of conscious thought the dominance of vision in our thinking about the senses identity and the possibility of revising one's values are only a handful of the subjects covered in the volume *Ulysses* is an intrinsically and deeply philosophical work and these readings provide new inroads and firm orientation for Joyce's project Readers will come away with renewed appreciation for one of our greatest works of literature in the English language and deepened understanding of Joyce's attempt to offer alternative ways of structuring and enriching the world of our experience

**Fiction Refracts Science** Allen Thiher, 2005 Examines the relationship between science and the fiction developed by modernists including Musil Proust Kafka and Joyce Looks at Pascalian and Newtonian cosmology Darwinism epistemology relativity theory quantum mechanics the development of modernist and postmodern fiction positivism and finally works by Woolf Faulkner and Borges Provided by publisher [The Photograph](#) Mary Price, 1997 This richly evocative study of photography has two major emphases that the language of description be it title caption or text is deeply implicated in how a viewer looks at photographs and that the use of a photograph determines its meaning **Encyclopedia of the Essay** Tracy Chevalier, 2012-10-12 This groundbreaking new source of international scope defines the essay as nonfictional prose texts of between one and 50 pages in length The more than 500 entries by 275 contributors include entries on nationalities various categories of essays such as generic such as sermons aphorisms individual major works notable writers and periodicals that created a market for essays and particularly famous or significant essays The preface details the historical development of the essay and the alphabetically arranged entries usually include biographical sketch nationality era selected writings list additional readings and anthologies **You Can't Please All** Tariq Ali, 2024-11-05 The revolutionary upsurge of 1968-1975 jump-hopped continents with ease but finally petered out What happened after is the subject of *You Can't Please All* Tariq Ali recounts a life committed to writing and cultural interventions An eyewitness in Moscow to the fall of the Soviet Union he was caught up in the intellectual excitement that had gripped the country In Porto Alegre Hugo Chavez invited him to visit Caracas and the two men developed a striking friendship Post 2001 as a founding member of the Stop the War Coalition he

became a fierce critic of the War on Terror visiting many US cities with surprising regularity to engage in debate and discussion inaugurating a new phase of political activism Evident in his work is the integral part politics plays in his life He is one of the most sought after socialist and anti imperialist public intellectuals on most continents Underlying the narrative is a chain of anecdotes reflections jottings and storytelling The book explores his work for the theatre and film as well as his fiction including the acclaimed Islam Quintet There are pen portraits of friends and comrades such as Edward Said Derek Jarman Richard Ingrams Benazir Bhutto Mary Kay Wilmers and the intellectuals who founded and relaunched New Left Review E P Thompson Perry Anderson and Robin Blackburn The book also contains a moving family portrait describing how his parents met and lived during the early years of Pakistan

Beyond Postmodernism Klaus Stierstorfer, 2012-05-02 After the veritable hype concerning postmodernism in the 1980s and early 1990s when questions about when it began what it means and which texts it comprises were apt to trigger heated discussions the excitement has notably cooled down at the turn of the century Voices are now beginning to be heard which seem to suggest a new episteme in the making which points beyond postmodernism while it remains at the same time very uncertain whether what appears as newness is not rather a return to traditional concepts theoretical premises and authorial practices Contributors to this volume propose to explore new openings and recent developments in anglophone literatures and cultural theories which engage with issues seen to be central in the construction of a postmodern paradigm but deal with them in ways that promise new openings or a new Zeitgeist

Reinventions of the Novel , 2021-11-01 The history of the Novel is a story of perpetual change so that its identity still remains open to question The sixteen articles in Reinventions of the Novel investigate connections differences and similarities in the Novel around the world for the past three hundred years Rather than searching for the essence of the genre they look for the formal and thematic patterns on which the novel thrives considering such matters as tradition and modernity realism rhetoric and identity tableau and spatiality and wondering whether epic and avant garde are not quite contradictory terms Close readings combined with historical overviews and theoretical discussions open up new constellations in the history of the novel Untraditional cross readings are made between Rabelais and Jens Peter Jacobsen and between Balzac and Nicholson Baker Transformations of traditional modes of epic biography and Bildung are traced as far as Georges Perec and Günter Grass while canonical classics like Proust Joyce Richardson and Goethe are read in prosaic pragmatic and media specific contexts In the 1920s many people predicted the death of the novel now more than ever it seems to be the dominant literary form perhaps because it is the same yet always different

Landmarks in the German Novel Peter Hutchinson, 2007 There is a large pool of German novelists in whose oeuvre we may look for works of landmark significance and at certain periods of its history German fiction is particularly rich Yet although the novel begins to assert itself in the seventeenth century we have to wait until the late eighteenth and Goethe's first major prose work Werther to see it truly rise to the level of other genres The thirteen novels featured in this collection have all proved milestones in the development

of the form and there is heavy prominence given to works by Goethe himself and by Thomas Mann Through these as well as those by such figures as Kafka Hesse and Günter Grass we can trace the development of the novel to its far more self conscious form ranging through the social studies of the nineteenth to works which treat a variety of intellectual psychological and philosophical issues in the twentieth A second volume will cover landmarks published between 1959 and the present day These essays all by specialists in the relevant field were originally delivered as lectures in the University of Cambridge

Literature and Visual Technologies J. Murphet, L. Rainford, 2003-11-05 This is the first major collection of essays specifically to address the impact of visual technologies on the production of literature in the twentieth century Literature and Visual Technologies investigates the manifold effects which a visual century has wrought upon literary conventions From the influence of Mutoscope parlours on Joyce's fiction to the interrelation between Peter Greenaway's *A Z and T* the collection consists of an integrated series of high level intellectual engagements with a hundred years of cultural revolution and covers the whole twentieth century from silent to digital film **Partisan Review**, 1954
