Proust A Collection Of Critical Essays:

Proust René Girard,1972 **Proust** René Girard,1977 Marcel Proust Rene Girard,1962 *Sensual Reading* Michael Syrotinski,Ian Maclachlan,2001 *Sensual Reading* is a collection of essays that attempts to rearticulate the relationship between reading and the different senses as a way of moving beyond increasingly homogenized discourses of the body and the subject Contributions engage with the individual senses with the themes of sensory richness and sensory deprivation and with the notion of telesensuality **Collecting, Curating, and Researching Writers' Libraries** Richard W. Oram,2014-05-21 Academic collection practices in recent years have extended to the private libraries of notable individual authors As a consequence book historians have become more interested in the study of provenance of the contents of these libraries while literary scholars have devoted more attention to authorial annotations At the same time the Internet has encouraged both scholarly and hobbyist reconstructions of private libraries see for example the Legacy Libraries on Librarything com Although there are many bibliographies and reconstructions of the libraries of authors this is the first general consideration of these libraries and serves as an introduction to best practices for academic libraries in their acquisition cataloging and issues of access This collection begins with principal editor Richard Oram s historical overview of writers libraries and institutional collecting focusing primarily on English language authors The co editor Joseph Nicholson has provided a definitive review of best cataloging and arrangement practices that facilitate scholarly access The bookseller Kevin Mac Donnell discusses the marketing of these collections and obstacles to placing intact author libraries in institutions Also included are case studies by Amanda Golden and David Faulds relating to the personal libraries of the poets Anne Sexton and Ted Hughes indicating how these collections have the potential to enhance archival research Fiction writers Iain Sinclair Russell Banks Jim Crace poet Ted Kooser and biographer Ron Powers describe their sometimes passionate relationship with books and their own personal libraries The concluding chapter a location guide to over 500 individual libraries will be invaluable to scholars and librarians who want to know where writers libraries are currently located what happened to them if they are known to have been sold or dispersed and what has been written about them **Research in Education** ,1974 The UAB Marcel Proust Symposium William C. Carter,1989 **Resources in Education** ,1974 *A Collection of Critical Essays* Proust,1962 **J. M. Coetzee and the Limits of the Novel** John Bolin,2023-06-22 This is the first book that reads Coetzee s novels in light of research into his archive of manuscripts and drafts **A History of Modern Criticism, 1750-1950** René Wellek,1955-01-01 The final volume of Ren Wellek s monumental history of modern criticism is a comprehensive survey of the main currents of twentieth century criticism in Western Europe In this volume as in the preceding books of the series Wellek expounds and analyzes the work of the most prominent critics offering succinct appraisals of his subjects both as individuals and as participants in the broader movements of the century Contents I French Criticism 1900 1950 French Classical Criticism in the Twentieth Century Retrospect Alain R my de Gourmont The Nouvelle

Steel, 1979 *Flat Protagonists* Marta Figlerowicz, 2016-11-25 We've all encountered protagonists who over the course of a novel turn out to be more complicated than we thought at first But what does one do with a major character who simplifies as a novel progresses to the point where even this novel's other characters begin to disregard him *Flat Protagonists* shows that writers have undertaken such formal experiments which give rise to its titular flat protagonists since the novel's inception It finds such characters in British and French novels ranging from the late seventeenth to the early twentieth century by Aphra Behn Isabelle de Charrière Françoise de Graffigny Thomas Hardy and Marcel Proust Marta Figlerowicz argues that these uncommon flat protagonists challenge our larger views about the novel as a genre Upending a longstanding tradition of valuing characters for their complexity Figlerowicz proposes that novels and their characters should be appreciated for highlighting the limits to how much attention any particular person's self-expression tends to garner and how much insight anyone has to offer her community As invitations to consider how we might come across to others rather than merely how others come across to us flat protagonists both subvert and complement the more conventional approach to novels as at their best sites of instruction in interpersonal empathy [Place Attachment](#) Irwin Altman, Setha M. Low, 2012-12-06 In step with

the growing interest in place attachment this volume examines the phenomena from the perspective of several disciplines including anthropology folklore and psychology and points towards promising directions of future research Mimesis and Theory René Girard, Robert Doran, 2008 Mimesis and Theory brings together twenty previously uncollected essays on literature and literary theory by one of the most important thinkers of the past thirty years *Proust's Cup of Tea* Emily Eells, 2017-03-02 Proust's Cup of Tea analyzes Proust's reading of various Victorian authors and shows how they contributed to *A la recherche du temps perdu* This book proves that British literature and art played a fundamental role in Proust's writing process by citing from the manuscript versions of his novel as well as from his correspondence essays and the lengthy critical apparatus accompanying his translations of Ruskin Eells reflects here on why Proust was attracted to Victorian culture and how he incorporated it into his novel The works of the British novelists he was most interested in Thomas Hardy and George Eliot address questions of gender which Proust develops in his own work He builds *Sodome et Gomorrhe I* the section of his novel focusing on homosexuality on a series of explicit citations and guarded allusions to Shakespeare Darwin Walter Scott Oscar Wilde and Robert Louis Stevenson Eells explores how Proust followed in the pioneering footsteps of those British writers who had ventured beyond the boundaries of conventional sexuality though he took pains to erase their traces in the definitive version of his work This study also highlights how Proust made his fictitious painter Elstir into a master of ambiguity by modeling his art on Turner the Pre Raphaelites and Whistler Eells shows that Proust drew on Victorian culture in his depiction of sexual ambiguity arguing that he confounded eroticism and aestheticism in the way he inextricably linked the man woman figure with British art and literature As Proust aestheticized male and female homosexuality using references to British art and letters Eells coins the term *Anglosexuality* to refer to his characters of the third sex She defines *Anglosexuality* as an intersexuality represented through intertextuality as an artistic sensitivity an aesthetic stance and a new way of seeing Proust's Cup of Tea thus demonstrates that Victorian culture and homoeroticism form one of the cornerstones of Proust's monumental work The Cambridge Companion to Balzac Owen Heathcote, Andrew Watts, 2017-02-02 Leading specialists shed new light on key narrative and thematic features of the writings of Honoré de Balzac **The Publishers' Trade List Annual**, 1964 **The Narrative Shape of Truth** Ilya Kliger, 2011-04-18 Its champions and its detractors have often understood the novel as the genre par excellence of truthlessness The Narrative Shape of Truth counters this widely accepted view It argues instead that the novel has found new historically specific configurations of truth and narrative The nineteenth century novel in particular can be understood as responding to the emerging tendency to view truth as inseparable from rather than opposed to time Ilya Kliger offers a nonreductive way of reading the histories of philosophy and the novel side by side He identifies the crucial moment in the epistemological history of narrative when at the end of the eighteenth century a new structural affiliation between truth and time emerged This book examines novels by four authors Balzac Stendhal Dostoevsky and Tolstoy as well as the writings of leading European intellectuals and philosophers Kliger

argues that the realist novel can be conceived as prompting us and giving us the means to think of truth differently as immanent in a temporal shape rather than transcendent in a principle a fact or a higher order
