The Proof of God Samuel Ley, 2024-05-24 Breaking with centuries of tradition that say that proving the existence of God is not possible The Proof of God solves the long vaunted issue concerning whether God exists This book argues that God is almost everywhere with the effect that proving his existence is very easy indeed for over two thousand years the solution has been expressly set out in the Holy Bible Drawing insight from the Scriptures of the Christian faith this book argues that God's existence is demonstrated in both the Judges and Prophets of the Old Testament and the Gospel of Christ in the New Testament By exploring the nature of proof this book breaks new ground in an age old question Proof it is argued is a matter of God imposing Himself on us it is He who makes the important contributions to our daily lives Thus firstly Man proves God because of his intricate design and image and secondly God proves God through the sending of his Son to the cross to die and resurrect for our sins Whilst the Christian narrative is well trodden ground this book presents it in a light never seen before to definitively conclude arguments about God's existence in his favour *Prove It* Frank Harber Jr, 2021-05-05 In courtroom fashion Prove It takes a fresh look at the overwhelming evidence that proves beyond a reasonable doubt the reality of our Intelligent Designer Easy to follow chapters on design cosmology miracles contingency human consciousness desire astronomy and Pascal's Wager among others offer proof of God that is upheld by science history archaeology philosophy and theology Frank Harber holds a Ph D from Southwestern Baptist Theological Seminary and a Doctor of Jurisprudence from Texas A M He is the President and Chief Legal Counsel for The Institute for Christian Defense Prove It! Church** Amy Welborn,2001-09-14 What do you say when someone tries to tell you You re not a Christian because your church isn t Bible based You re not a Christian because what your church teaches isn t in the Bible You re not a Christian because you believe that good works will get you to heaven You re not a Christian because you worship Mary like a goddess You re not a Christian because you believe that the pope is right about everything You re not a Christian because you obey the pope instead of God And the biggie You re not a Christian because you re not saved Prove It Church gives you the answers you need when someone challenges your Catholic Faith From Mary to the saints to papal infallibility infant baptism purgatory and a whole lot more Prove It Church explains what you need to know to prove that the Catholic Church belongs to Christ teaches Christ preaches Christ and is in fact Christ in the world today *Physical Universe - Virtual God* Ramesh Kushwaha,2025-03-12 Discover the True Nature of God in Dr Ramesh Kushwaha s Groundbreaking Book Dr Ramesh Kushwaha s visionary book calls into question the stances of both theists and atheists suggesting that both miss a deeper truth by taking religious scriptures at face value Instead of debating God s existence Dr Kushwaha asks a deeper question What is the true nature of God Rethinking Eternity and the Concept of God Dr Kushwaha suggests the theory that if the universe is eternal as proposed by some religions and astrophysicists the traditional concept of God may not be needed This radical perspective could resolve the long standing arguments between theists and atheists while addressing questions often used to prove God s existence Bridging the Gap Between Science and Religion The book addresses the parallels between science and religion describing them as two distinct universes Science Anchored in the objective physical world Religion Rooted in the virtual subjective world created by the senses and the brain Dr Kushwaha posits that every individual is the creator God of their own Virtual Inner Universe of love hate greed and hope elements of human nature that science cannot fully explain The Theory of the Virtual Inner World Central to Dr Kushwaha s argument is the concept that human experiences are inherently virtual By focusing or withdrawing attention individuals can influence their inner world including pain and emotions This principle shines the torch on religious and mystical experiences such as the healing power of prayer and the impact of faith on physical well being Pure Consciousness The True God Within Dr Kushwaha identifies the Virtual Inner World as the space where the real God resides a form of Pure Consciousness present in all living beings He explains how evolved human brains tap into this consciousness to achieve awareness and phenomenal experiences Mystics have been practicing this for centuries and the author believes it is the access point to daily happiness This book invites readers to Analyze the intersection of science religion and human nature Understand how attention shapes emotions and inner experiences Learn about the transformative power of Pure Consciousness in achieving fulfilment Whether you are a theist atheist or seeker of truth Dr Kushwaha s perspectives will revolutionize how you view God the universe and yourself *The Anthropist* Denis O'Sullivan,2015-08-23

Arguments for God's Existence in Classical Islamic Thought Hannah C. Erlwein,2019-07-22 The endeavour to prove God s existence through rational argumentation was an integral part of classical Islamic theology kal m and philosophy falsafa thus the frequently articulated assumption in the academic literature The Islamic discourse in question is then often compared to the discourse on arguments for God s existence in the western tradition not only in terms of its objectives but also in terms of the arguments used Islamic thinkers too put forward arguments that have been labelled as cosmological teleological and ontological This book however argues that arguments for God s existence are absent from the theological and philosophical works of the classical Islamic era This is not to say that the arguments encountered there are flawed arguments for God s existence Rather it means that the arguments under consideration serve a different purpose than to prove that God exists Through a close reading of the works of several mutakallim n and fal sifa from the 3rd 7th 9th 13th century such as al B qill n and Fakhr al D n al R z as well as Ibn S n and Ibn Rushd this book proffers a re evaluation of the discourse in question and it suggests
