How to Prevent and Reverse Heart Diseases Prem Chhatwani,2013-01-29 3 Chelation Therapy how it works where to seek help Chelation Therapy has been in medical use for decades to treat the patients intoxicated with heavy metals like lead mercury arsenic and many others The procedure involves use of FDA approved chelating agents like ethylene diamine tetra acetic acid EDTA Dimercaptosuccinic acid DMSA is another chelating agent used for the treatment of lead poisoning in children However chelation therapy has not been approved by FDA for anything other than removal of heavy metals Nevertheless Alternative medicine practitioners frequently use chelation therapy for helping patients with Heart disease Hardening of arteries reduces the flow of blood through them thus affecting the much needed nourishment and oxygen to different parts of body However administration of EDTA intravenously has proven time and time again effective against reversing the hardening of arteries and improving the blood flow The treatment is almost painless You simply lie down or sit up hooked up to a I V drip read your book sip on water or simply relax and watch TV The process takes about an hour and a half per sitting depending upon your dosage I am told 3 grams is full dose bag and one can start with half of that half bag You are encouraged to take a drink of water frequently as you would make a trip or two to empty your bladder to flush out the toxins The procedure is conducted and supervised under a qualified medical practitioner Your doctor will normally order blood test for you before and after few treatments to check your kidney function Also your doctor will decide the total number and the frequency of these treatments depending on your situation So basically the chelating agent like EDTA binds with the deposits and heavy metals in your blood and thus slowly flushing them out in your urine Hence the importance of drinking water Introducing Integrative Medicine According to ACAM integrative medicine combines conventional care with alternative medicine to improve patient care Rather than practice one type of medicine integrative physicians will often combine therapies and treatment approaches to ensure the best results for their patients ACAM physicians do not shun western medicine in fact they practice western care every day These physicians are unique in that they incorporate

appropriate and proven alternative treatment options

Introducing ACAM American College For Advancement In Medicine

ACAM organization located in Irvine California trains and certify all licensed healthcare providers including M D s DO s ND s Phd s and DC s and many more in integrative medicine

Chelation Therapy is one example

They maintain a list of certified Chelation therapists around the world

Contact ACAM in USA at 1 800 532 3688 Monday Friday 8 00 AM 5 00 PM Mountain Time or click on to this link <http://acam.site-ym.com/search/custom.asp?id=1758> Click on Health Resources and select Physician link Then select from Specialties Chelation Therapy from drop down list Select country and hit continue You should have list of doctors certified by ACAM

Note In some countries you may not find any doctor

Note Some of these treatments may not be covered by your medical insurance

Important Note Readers are advised to be careful about using Oral Chelation products

Research shows that it may take a very long time months or years in some cases to see any desired benefits

However intravenous Chelation Therapy many times is able to achieve these required benefits in days

Unfortunately IV therapy could be expensive as it may not be covered by your medical insurance

In that case Oral Chelation would be a alternate choice

Reported Benefits of Chelation Therapy

- Lowers Cholesterol
- Helps lower blood pressure
- Helps getting rid of cramps
- Curb the Hair loss and even grow new hair
- Reduce insulin dependence Great for diabetics
- Improve eye sight and avoid cataracts
- Even post surgery cataract patients will enjoy fully restored sight
- Sharpen memory and mental functions
- look younger with less wrinkles and healthy nails
- Avoid cold feet and hands and improve physical energy
- Improved sex life
- Reduce allergies
- Improve cardiac health
- Excellent cure for Alzheimer s disease
- Helps maintain ideal weight
- Reduces pain from arthritis and the list goes on

The Chelation Process

Before actual treatment is scheduled your doctor should run your necessary lab reports for blood urine and kidney functions

Also should check your blood for metal toxicity and go over your medical history including blood pressure and blood sugar

This would help your doctor to adjust your EDTA dosage and frequency of treatments

Your doctor knows best Just follow his her advice

If your primary doctor has covered some of these tests very recently you should take copies of these reports to this doctor if you can

However I warn you if you will ask your primary doctor about Chelation therapy most probably he will not approve it

You see main stream medical practitioners do not believe in these treatments

However when it was their own health involved these same doctors in several cases have opted for Chelation

According to National Institute of Health over 800 000 patients opted for Chelation therapy in the United States in a single year

Kindly note this process is also advisable for heart patients who have already gone through the bypass as chances are the vein grafts used in bypass do get clogged again within next year or two

The chelation has been successfully used even for patients over age 90 hence age is not a issue factor normally

The process itself is painless

It is intravenous prick with a needle to start the EDTA drip

Though you are tied to IV equipment mostly on wheels you are free to move or use restroom as your arm is properly secured with tape

You can also simply sit with pillow supporting your back or lie down

You are free to move about talk to other patients undergoing the same treatment read a book or do your office paper work or watch TV or bring your

kindle to read books like these It is always a pleasant atmosphere Trust me I have personally taken 12 treatments in year 2000 and now at age 75 I am planning to take few more treatments soon One of the reason I have generated this kindle publication is to let people know that I am talking from my own experience as well As they say it is better to die healthy when you are very old than to die young and unhealthy Normal duration of this treatment is between 1 2 hours You will start seeing some benefits after 4 to 5 treatments Ten to 30 treatments are common depending upon your personal medical issues You can also ask your doctor if you are a good candidate for a lower dosage or half a bag treatments saving you time and may be money Make sure you communicate well with your doctor if Chelation makes you feel dizzy or uncomfortable weak or lethargic due to low blood pressure possibly 99% of the times I believe you will have no side effects EDTA is a mild diuretic and if you have frequent visits to bathroom consider that as a good sign Drink plenty of water to help flush your kidneys Average cost for Chelation treatments Costs vary from clinic to clinic but would run approx around 100 150 per treatment Most of the insurance providers do not cover the cost If you have time and patience and money you can fight the insurance provider and plead your case I believe insurance pays if the chelation is for removal of toxic metals Check with your doctor Almost 12 years ago when I took the treatments my insurance company finally paid half of the cost May be we should approach AARP group here in USA to fight for us They have a strong voice for seniors Let us now examine some actual case histories These case histories are collected from several sources as described below Source Everything You Should Know About Chelation Therapy by Dr Morton Walker and Dr Hitendra Shah This is a great book to read 1 R H is blind in his left eye as a result of a childhood accident unfortunately he goes blind on the other eye as well His doctor told him there is nothing that can be done for him However after 7 Chelation sessions his vision returns and at the same distance he reads better than his doctor 2 Stewart F an assembly line foreman was at the point of losing his gangrenous big toe However 20 Chelation treatments saved his foot 3 Harold W H M D was genetically predisposed to die early from a heart attack like his father and grandfather and many other family members He was advised to give up working as a doctor as the stress involved aggravated his condition After a first early heart attack he received a classic combination of Chelation treatments and improved his diet and lifestyle He returned to full health and was able to resume his duties 4 John H M D Clinical Professor of Surgery has given over 16 000 Chelation infusions to his patients He uses EDTA Chelation on himself At the age of 70 he is still operating 15 hours a day 5 Ophelia 79 had a series of strokes She was no longer able to walk alone After more strokes she was hospitalized for the second time then sent home where she suffered yet another stroke which paralyzed her so that she couldn t swallow anymore Her children prepared for her death but the old lady hung on to life for another three weeks Her ankles were swollen and fluid was in the base of her lungs She could not hear She was semi comatose slipping in and out of sleep Then one of her sons arrived with news about Chelation therapy Her doctor could not promise the family anything as their Mamma was so far gone She received the therapy and improved steadily The paralysis left She re learned everything

she had lost eating drinking talking coherently moving around first with a walker then without Her first Chelation course consisted of 21 infusions Later she took 20 more at intervals of several months between series of 5 She is now well and carrying on a productive life Her hearing has returned and her appetite that she had lost is so good the family says she eats anything put in front of her including Italian wine and sausage 6 D D head of three corporations found himself unable to function Not only his brain failed also his heart and his eyes He was lucky to find the clinic of Dr Evers who gave him a special diet exercise and Chelation therapy After this treatment D D was back to normal life 7 A 46 year old woman from Texas was brought to a Dr Deiter because she was suddenly absolutely demented She failed to recognize her husband or her grown children or her friends A hair analysis found her to be super saturated with mercury After just a week of daily Chelation she regained her senses 8 A 58 year old attorney was legally blind from macular degeneration School medicine had tried their standard procedures but could not halt the progress of the degenerative process He decided to improve his diet and administer Chelation therapy After less than 4 months he could read and even drive again 9 C C a police officer had three coronary artery blockages one of 85% one of 80% and one of 75% His cardiologist told him that he was beyond surgery he was a goner He decided to fight and arrived in Dr Evers hospital in a wheelchair After 7 weeks of Chelation treatment he went back to his job which included picking up 200 pound drunks off the street 10 Dr Leon Anderson doctor of osteopathy had a Parkinson s type of tremor in his right hand He took 30 chelation infusions but the tremor already responded after the 5th His health was restored and he could continue to work as a doctor 11 Nick J was hit by a series of unusual problems following a car accident He suffered intense chest pains and spells of unconsciousness Within two years he received 117 Chelations his symptoms cleared up and the blackouts disappeared 12 Warren M Levin M D used Chelation therapy on his patients but also on himself as a prevention having lost his father at the age of 56 without having any pressing need of his own He noticed a very remarkable improvement in his memory functions 13 Dr R H a chiropractor whose gangrenous diabetic legs were saved from amputation by only 15 Chelation infusions 14 Paul M a car assembly supervisor and chain smoker had a whole list of complaints based on bad blood circulation Hypertension chest pain and muscle cramps were among them 20 Chelation sessions gave him his health back The blood pressure returned to normal after the 4th 15 Alfred was told by a surgeon that he was in dire danger of death He needed open heart surgery to correct his angina but the mortality risk for him would be 50% Aubrey agreed to the operation but was not a fit enough candidate was refused the operation and sent home to die After receiving a course of Chelation therapy he was again fit enough to walk four miles daily before breakfast A new test found his heart good and his lungs clear he was no longer a cardiac patient But Medicare his health care organization refused to pay his bill in the amount of 364 The operation together with the hospital bill amounting to 75 000 would have been paid but as the treatment that cured him was experimental and not tested and not considered the usual and customary treatment he had to pay for it out of his own pocket 16 Lester I doctor of osteopathy had an early

warning and Chelation recommendation by a colleague that he ignored Only after his near fatal heart attack 5 months later where he needed electric shocks to bring his enlarged heart back to life did he start the first 30 chelation infusions He returned to full health Source Forty Something Forever A consumer s guide to CHELATION THERAPY and other Heart Savers Harold Arline Brecher 1 61 year old patient was suffering from peripheral vision due to diabetic retinopathy and could not drive Dr Michael Schachter New York started him on Chelation therapy After just four treatments there was 50% improvement in his vision His ophthalmologist was astounded This patient almost legally blind now could drive his car again 2 This 82 year old lady could no longer read knit or watch TV and suffered great depression and anger due to her limitations She started Chelation treatments out of desperation After her fifth treatment she happen to glance outside her bedroom window and noticed her neighbor s dog running across her front lawn Eureka she screamed with joy and thanked God and ran outside to see the flowers blue sky and started shouting with joy to a pleasant surprise of her neighbors 3 86 year old man in Texas could not recognize his wife any more after 61 years of marriage Dr Fox cured him with Chelation treatments and this man was normal to celebrate his diamond wedding anniversary 4 This 68 year old lady almost had lost her mind She could not remember things She would go upstairs to get something and forget the reason She would go to mailbox and open the letter just put there for mailing Family decided to seek legal advice to declare her incompetent They were afraid she might hurt herself Then a neighbor suggested to try Chelation For next three months with this treatment she gradually started to come out of her condition till she recovered fully with her memory intact and became the loving person she was 5 James had a terrible memory loss and even could not remember his own name After just six Chelation treatments his mental faculties were fully restored He began giving lectures about Chelation benefits to his fellow retirement village residents 6 1980 study undertaken by swiss scientists from institution of radiation therapy and nuclear medicine at the university of Zurich comes to a dramatic conclusion Chelation with EDTA cuts the incidence of Cancer by 90% My personal story Recently I took 6 additional EDTA Chelation treatments One a week I had amazing positive results I was on 50 mg of Losartan for B P and 20 mg of Lipitor for my Cholesterol before the treatment After the six treatments I quit my BP medications and it has been two months now my BP is normal I reduced my Lipitor to 10 mg per day My Lipid profile was excellent after the Chelation My total Cholesterol dropped from 187 to 140 and Triglycerides dropped from 199 to 119 and LDL bad cholesterol dropped from 92 to 72 I am amazed I am off the BP prescription My primary doctor does not know about chelations I took However he was very happy with my lipid Profile and BP P S You may get a laugh at what I am about to tell you However there is more truth to this than you may know I read some where monkeys do not have heart problems The secret is practice walking on your four like the little kids do before they learn to balance on their feet and learn to walk So walk or crawl on floor inside your house over the carpet areas including going up the stairs few times a day as an adult on your two feet and two hands At first you may be out of breath if you are a older person but stay with it and slowly practice it daily Apart from
