Psyche Cupid And Psyche:

Apuleius: Cupid and Psyche Apuleius,1990-12-06 Apuleius story of Cupid and Psyche the relationship of the human Soul with divine Love is one of the great allegories of world literature It forms an integral part of and profoundly illuminates the message of his novel *Metamorphoses* or *The Golden Ass* which relates the adventures of a young man and his spiritual fall and redemption To enrich and deepen his basic plot the origins of which are obscure Apuleius has combined poetic sources Platonic philosophy and popular iconography in an unprecedented tour de force of literary creation This edition sensitively elucidates the subtle art with which this transformation has been accomplished and comprehensively illustrates both Apuleius inventive handling of his various models and sources and the exuberant and idiosyncratic Latinity with forms the vehicle for it It places in a fresh light the results of recent work on the ancient Novel and on Apuleius himself and offers a stimulating occasionally provocative reading of his much discussed text The Latin is accompanied by a facing English translation making the edition more accessible to students of comparative literature as well as to classicists **The Tale of Cupid and Psyche** Apuleius,2009-03-15 Is Cupid and Psyche a romance a folktale a Platonic allegory of the nature of the soul a Jungian tale of individuation or an archetypal dream This volume provides Joel Relihan s lively translation of this best known section of Apuleius *Golden Ass* some useful and illustrative parallels and an engaging discussion of what to make of this classic story **Love and the Soul** James Gollnick,1992-05-20 The Eros and Psyche myth has over the course of the twentieth century received nearly as much attention from depth psychologists as has the Oedipus story In their attempt to better understand this popular story scholars have proposed various interpretations which have generally followed either Freudian or Jungian theories about the nature of the psyche and its development This elaborate work provides serious students of psychology religion and mythology with a detailed account and analysis of what has been accomplished in the psychological interpretation of the Eros and Psyche myth to date It emphasizes how psychological theory determines the direction of interpretation much more than does the literary context of the myth itself It also examines the strengths and weaknesses of these psychological interpretations five Freudian and six Jungian of the Eros and Psyche myth in order to lay the groundwork for an interpretation which 1 avoids the rigidity of both Freudian and Jungian dogma and 2 restores the myth to its rightful literary and religious context something which has been ignored by most psychological interpretations
