

In order to understand this "experience," it is well worth considering Georges Poulet's observations on the reading process. He says that books only take on their full existence in the reader.<sup>25</sup> It is true that they consist of ideas thought out by someone else, but in reading the reader

mentally proposes it, and yet the it which I propose is not my-  
self."<sup>26</sup>

But for Poulet this idea is only part of the story. The strange subject does think the strange thought as the reader indicates the potential presence of the author, whose ideas can be "internalized" by the reader. "Such is the characteristic condition of every work which I mention back into existence by placing my consciousness at its disposal. I give it not only existence, but awareness of existence."<sup>27</sup> This would mean that consciousness forms the point at which author and reader converge, and at the same time it would result in the cessation of the temporary self-alienation that occurs to the reader when his consciousness brings to life the ideas formulated by the author. This process gives rise to a form of communication which, however, according to Poulet, is dependent on two conditions: the life-story of the author must be shut out of the work, and the individual disposition of the reader must be abstracted of the act of reading. Only then can the thoughts of the author take place objectively in the reader, who decides how he is truly to follow that the work itself must be thought of as a transcendence, because only in this way is there an adequate basis for the author-reader relationship—a relationship that can only come about through the negation of the author's own life-story and the reader's own disposition. This conclusion is actually drawn by Poulet when he describes the work as the self-presentation or materialization of consciousness: "And so I ought not to hesitate to recognize that as long as it is assumed by this materialization of the act of reading, a work of literature becomes for the exposure of the reader whose own life it suspends a sort of human being, that it is a mind

**Reading the Bible Ethically** Eric J. Douglass, 2014-09-11 All interpretive systems deal with the author Modern systems consider the text to be autonomous so that it is disconnected from the author's interests In *Reading the Bible Ethically* Eric Douglass reconsiders this connection His central argument is that the author is a subject who reproduces her culture and her subjectivity in the text As the author reproduces her subjectivity the text functions as the author's voice This allows Douglass to apply ethical principles to interpretation where that voice is treated as a subject for conversation and not an object for manipulation He uses this to texture the reading process so that an initial reading takes account of the author's communication while a second reading critiques that communication

**Analyzing Literature-to-Film Adaptations** Mary H. Snyder, 2011-01-20 This is a wise and wonderful book which among other things provides a novelist's eloquent insider's perspective on the transformation of one of her books into a film Thirty years ago Stanley Cavell published *The World Viewed: Reflections on the Ontology of Film* which opened up an intellectual highway between philosophy and cinema Now at long last Mary Snyder's book accomplishes a parallel clearing of the way between film making the art of the novel and literary and critical theory Every page is bubbling with creative theoretical and pedagogical insights Her intertextual readings of a score of literature to film adaptations are priceless in themselves I only wish that the title of the book had been taken from her chapter *The Fascination Never Ends* Michael Payne

*Herod the Fox* John A. Darr, 1998-01-01 In foregrounding the themes of witnessing seeing and hearing and recognition Luke urges readers to reflect on their own hearing reading of his story to become certain kinds of readers and to read in particular ways So the need for a reader oriented methodology in interpreting Luke Acts is evident But what is the best theory to deploy Charting a path through the

thickets of modern literary theory Darr develops a new reader oriented model insisting that the original extratext the repertoire of literary and social conventions of Luke Acts and not simply the text itself should be taken into account in any critical evaluation of how this story works To demonstrate this new hermeneutical model Darr undertakes an extensive study of Lukan characterization and especially his portrayal of Herod the Tetrarch *The Birth of the Lukan Narrative* Mark Coleridge,1993-09-01 As a narrative critical study of the Lukan Infancy Narrative this is a work which puts new questions to an old and some would claim over interpreted text The work traces through the Infancy narrative two trajectories one theological the other epistemological At the point of theology Luke focuses upon God and the strange shape of the divine visitation at the point of epistemology Luke focuses upon the human being and what is needed to recognise the divine visitation given its strangeness The study then shows how the two trajectories converge in the Infancy Narrative s last episode the Finding of the Child in the Temple Though often accorded scant attention this is an episode which Coleridge argues is the true climax of the Infancy Narrative since it is only then that Jesus is born in the narrative as the protagonist he will prove consistently to be and only then that the Lukan Narrative itself is born It is this rather than any physical birth which most absorbs Luke in the first two chapters of the Gospel Though a study of the Infancy narrative this is a work with far reaching implications for the whole of Luke Acts *The New Nancy* Jeff Karnicky,2023-09 In *The New Nancy* Jeff Karnicky explores how today s successful daily comic strips are flexible and relatable and he uses Olivia Jaimes s 2018 reboot of the long running comic strip Nancy to illustrate the ways that contemporary comics have adapted to twenty first century technology and culture Because comic creation has become part of the gig economy flexible comics must be accessible to both online and print readers and they must quickly grab readers attention Flexible comic creators like Jaimes must focus both on the work of producing comics and on building an audience Daily comics also must form a relatable connection with readers Most contemporary comic creators cultivate an online persona through which they engage readers with specific identities beliefs and expectations This work might form a mutually beneficial bond that results in a successful daily comic strip but it risks becoming fraught toxic and sometimes even dangerous Jaimes cultivates a relatable persona in connection with longtime readers and new fans Nancy finds its humor in both nostalgic objects like cookie jars and contemporary technological objects like smartphones Rebooted comic strips like Nancy directly confront the stereotypical representations that haunt the past of comics Focusing on Nancy s role in contemporary culture Karnicky uses literary studies cultural studies and media studies to argue that Jaimes s comic strip has something to say about comics contemporary culture and the intersection of the two *True to the Language Game* Keith Gilyard,2013-08-15 This book presents Keith Gilyard s most seminal work in one volume with new and previously published essays on linguistic diversity cultural identity critical literacy writing instruction literary texts and popular culture Essential reading for students and scholars in rhetorical studies composition studies applied linguistics and education *The Communication Theory Reader* Paul Copley,1996 This

collection of readings is designed to provide easy access to Communication Theory Many of the essays in the Reader have previously been difficult to obtain and many have appeared in contexts where their relevance for communications media and cultural studies was not immediately apparent The Reader presents the most important work which has shaped the field as it stands today The articles are grouped in subject sections with an editor's introduction indications of further reading together with a glossary and comprehensive bibliography Key Concepts in Literary Theory Julian Wolfreys, 2013-12-11 A must have guide students of literary and critical studies wishing to improve their writing skills Presents definitions of the most significant terms and concepts currently used in psychoanalytic poststructuralist Marxist feminist and postcolonial

**Rhetorical Power** Steven Mailloux, 2018-08-06 In this provocative and forcefully written book Steven Mailloux takes issue with the validity of a number of distinctions commonly made in contemporary literary theory and cultural studies distinctions between theory and history reader and text truth and ideology aesthetics and politics Mailloux first presents the case for a rhetorical hermeneutics and against foundationalist theories of interpretation Doing hermeneutic theory he argues entails doing rhetorical history By means of a detailed analysis of reader response criticism he highlights the connections between institutional politics and the interpretive rhetoric of academic literary criticism Mailloux then uses Adventures of Huckleberry Finn as an exemplary text Relating Mark Twain's rhetoric to the cultural politics of post Reconstruction debates about racist ideology he places his reader oriented interpretation within the rhetorical history of controversies over the meaning and value of Huckleberry Finn Finally in a far ranging study of cultural reception he juxtaposes the twentieth century concern about the topic of race in Huckleberry Finn with the nineteenth century audience's very different concerns about juvenile delinquency and the bad boy boom In the final part of the book Mailloux restates his critique of foundationalist hermeneutics through readings of Ken Kesey Michel Foucault Edward Said and Richard Rorty and he concludes by examining the role of rhetoric and theory in a congressional dispute over the Reagan administration's reinterpretation of the Anti Ballistic Missile Treaty Rhetorical Power will be welcomed by readers in literary theory and American studies as well as in such fields as speech communication the sociology of culture and social and intellectual history and by others interested in the politics of persuasion **Following God Through Mark** Ira Brent Driggers, 2007-01-01 Ira Brent Driggers examines the character of God as portrayed in the Gospel of Mark paying particular attention to the way God factors into the unfolding conflict between Jesus and his disciples Arguing that Mark depicts God as acting in two logically opposite ways both independently of Jesus as a distinct character and through Jesus possessing him from his baptism he adds a level of complexity to Mark's portrayal of Jesus and sheds new light on the most enigmatic feature of Mark's narrative the consistent and troubling misunderstanding of the disciples English Language and Literary Criticism A.s.
