EBOOK: Children Writing Stories Michael Armstrong, 2006-03-16 Here is a worthy successor to Ted Hughes Poetry in the Making the book that enabled me to gain the confidence to begin to find my own voice as a story teller Children Writing Stories confirms that we all have a story to tell if we are enabled to develop enough self belief So much of our natural creativity is smothered during our school years Teachers and children feel hemmed in by the strictures of a curriculum which simply does not allow room for creativity to breathe Unlock the chains let the light in and this is the kind of writing that will flow this is the kind of intellectual and emotional growing that can transform young lives Michael Morpurgo Children's Laureate 2003 2005 What a splendid book Michael Armstrong pays attention thirty years of it to the stories that children write We get two for one the children's own delightful and intriguing work I want to rush off and write some Wally age 5 stories of my own and Michael Armstrong's intense interpretations Allan Ahlberg This is real learning at its best teaching by example through painstaking scrutiny of the

art of young writers Absorbing moving enlightening inspiring Morag Styles University of Cambridge In Children Writing Stories Michael Armstrong reveals the creative force of children's narrative imagination and shows how this develops through childhood He provides a new and powerful understanding of the significance of narrative for children's intellectual growth and for learning and teaching The book explores a series of real stories written by children between the ages of five and fifteen and traces the growth of literary consciousness from the dawn of written narrative in the kindergarten through the early years of schooling and on into adolescence Each chapter opens with a story or stories which the author then goes on to examine in detail so that the book may be seen as both a select anthology of children's stories and as a critical account of children's narrative practice This original and provocative book will appeal to teachers parents students of education and readers with an interest in literacy children's writing or narrative theory Healing Myths, Healing Magic Donald M. Epstein, 2011-07-08 The myths we accept without question have a powerful magically suggestive effect on the way we interpret our symptoms the way we heal and the quality of life we experience In this breakthrough book Dr Epstein contends that unless we question the myths that control our lives we will continue to make the same healing choices we have been conditioned to make even if those choices are killing us Epstein examines the deeply ingrained stories or myths we commonly hold about how our bodies heal myths that can actually inhibit healing The healing myths are divided into four categories Social Biomedical Religious and New Age He exposes each myth individually then suggests an alternative statement or Healing Magic to help us reclaim our body's natural ability to heal Magic in the Literature of the Neronian Period Konstantinos Arampapaslis, 2024-04-22 Neronian representations of magic a practice prevalent in the everyday life of the period and a central topic in its literary production are characterized by unprecedented accuracy and detail The similarities of witchcraft depictions in Seneca's Medea Lucan's book 6 and Petronius Satyricon with spells of the PGM the defixiones as well as with Pliny's quasi magical recipes underscore realism as the distinctive trait of Neronian magic scenes which has often been considered the authors means to differentiate themselves from their Augustan predecessors However such high degree realism is not merely an ornamental feature but transforms into a tool that influences the reader's response toward magic according to each author's worldview and aims The cross generic examination of the motif of magic in the major Neronian authors shows how realism forms a link between reader contemporary experience and text that encourages more active participation on the part of the reader At the same time images of destruction the horrific and the ridiculous further enhance the negative view of magic as an ineffective Lucan Petronius or destructive force Seneca simultaneously eliciting the reader's critical response **The Magical Mimics in Oz** Jack Snow, 2023-11-10 In The Magical Mimics in Oz by Jack Snow readers are introduced to a whimsical and enchanting tale set in the fantastical world of Oz Snow's literary style seamlessly blends fantasy elements with a captivating narrative that will appeal to both children and adults The book is a continuation of L Frank Baum's original Oz series staying true to the charm and wonder of the beloved universe while adding its own unique

The Magic Spectacles. A Fairy Story Chauncey Giles, 1870

The Origins of the Literary Vampire Heide Crawford, 2016-08-30 The long and distinguished tradition of the literary vampire began in Germany during the Age of Enlightenment German literature was the first to adapt the vampire figure from central European folklore and superstition and give it literary form Despite these German origins scholarly attention devoted to literary vampires has consistently focused on a select set of sources British and French literature Bram Stoker's *Dracula* and the phenomenon of the vampire superstition in general While there have been many illuminating studies of pre-literary vampires and vampires that have already been firmly established as literary figures the story of the crucial moment of transition from folkloric figure to literary subject has not yet been told In *The Origins of the Literary Vampire* Heide Crawford redirects scholarly attention to the body of German poetry and prose where vampire folklore becomes vampire literature This book focuses on the adaptation of the vampire superstition from central European folklore by German poets in the 18th and early 19th centuries for an audience that had become increasingly interested in superstition and occult phenomena in an Age of Enlightenment In addition to establishing that the origins of the literary vampire in 18th and 19th century German poetry and prose were informed by the stories and reports of vampires from Central Europe Crawford argues that the German poets who adapted

this figure from superstition for their creative work immediately molded it into a metaphor for contemporary cultural anxieties and fears a connection that would inspire horror literature in general and the traits of the literary vampire in particular for the 19th century and beyond Contemporary culture has exhibited a marked fascination with eroticized and politicized applications of the vampire This volume traces these erotic motifs common political motifs and others to the first vampire poems that were written by German poets Consequently this book answers three central questions What were the origins of the literary vampire how was the vampire of folklore and superstition adapted for literature and how did German poets contribute to the development of the vampire and Gothic horror literature By answering these and other questions The Origins of the Literary Vampire explains how the literary vampire became the ubiquitous horror figure it is today Teddy's Magical Meadow AQEEL AHMED,2024-02-07 Teddy the bear lived in the middle of a huge quiet forest The trees reached high into the sky and the sun played hide and seek with the trees leaves But Teddy wasn't like other bears Because he was always interested he always found new ways to get to the forest that he lived in When he found out his eyes lit up with happiness and his hair was as soft as the clouds that were floating above him One beautiful morning Teddy set out on one of his trips The dew on the grass sparkled like a layer of tiny diamonds and birds melodic songs filled the air He picked up every sound as he walked through the woods and every new smell made his nose twitch Teddy knew he was in a part of the forest that no one else had been to before as he walked through the thick foliage removing ferns and jumping over downed trees It looked like the trees split apart like curtains on a stage showing a field that hadn't been seen before Teddy's eyes got really big and interested The sun was shining down on the field and as it went through the trees its rays danced on the lush grass below The air was full of the buzzing sounds of bees and butterflies going about their daily business The field was full of brightly colored wildflowers The beautiful mix of red blue yellow and purple colors took a picture that could only have come from nature Teddy took a deep breath in and let the beautiful scent of the flowers fill his lungs with the energy of the meadow As Teddy walked into the field the grass moved softly under his paws As he looked around happiness and peace filled his heart It looked like all the problems in the world went away here in this peaceful place leaving only the beauty of the present Teddy thought to himself That would be a great place for a garden The thought grew in his mind as quickly as the wildflowers around him He wanted to make a garden where the beauty of the field could be shared by letting flowers from different parts of the forest live together and make a beautiful story like tapestry It was clear to Teddy that he had found something truly special because his heart was as big as his desire for excitement The bright flowers and peace of this meadow made it a gift that begged to be shared Ted thought this was the start of an amazing journey that would make him and everyone else who came to see the garden he had imagined feel better Teddy gave himself a confident nod and set out to follow his dream The beautiful garden ahead and the excitement of finding filled his soul Chapter 2 Seeds with Magic Where the sun warmed the ground and the grass whispered secrets to the wind Teddy's sharp eyes picked out something strange in

the middle of the field There was a small box tucked away under the twisted roots of an old oak tree The wildflowers that were dancing softly around it almost covered it up This wasn't a normal box though It was intricately carved with patterns that looked like they were telling their own story The surface was worn smooth by time but it still sparkled with mysterious appeal With a paw as soft as a summer breeze Teddy took off the dirt and other things that were covering its true beauty He thought the box was calling to him and asking him to open it and find out what was inside Teddy carefully opened the box his heart racing with joy and his claws twitching a little Inside he found seeds but they were different from any seeds he had seen before Like the first star to appear in the evening sky they gave off a calm peaceful and friendly energy It looked like each seed held a planet full of bright colors that moved and flickered Teddy picked up one of the seeds and felt its energy and warmth gently pulse against his fur Teddy was so excited that his eyes were wide with wonder On the inside of the box was a note with letters that curled up to look like magic and mystery Teddy's heart skipped a beat when he read Plant them with care and watch magic unfold The message also said These are not your typical seeds Hearing that name gave him hope and a sense of adventure At that very moment he knew he had been picked for something special Not only were these amazing seeds a finding but they were also a duty and a gift that everyone was supposed to accept Teddy held the package carefully in his arms treating it like the most valuable gift He looked around the field and saw that it was both a peaceful place to be and a blank canvas that these seeds could use to paint In his mind he could see the flowers that would grow from these seeds Each one would be a beautiful flash of color and light and each leaf would be a page from a story that had not yet been written The meadow would turn into a garden of wonders a magical place where the sky was above him and the ground was under his paws Teddy was so determined about his work that it just oozed out of him He was going to give these seeds the careful loving care they needed so badly He would take care of them watch over them and wait for the miracle to happen They were about to start a trip full of wonder and discovery that would change him and the meadow He was more than just a bear now he grew dreams and kept magic safe As Teddy dug the first hole under the oak tree he knew that his life and the field would never be the same again

Chapter 3 The First Bloom After planting the magical seeds carefully and eagerly Teddy watched over the meadow with a mix of patience and joy As he watered the areas where the seeds had been planted every day he spoke words of hope and support to the earth He would sit still for hours on end and look at the ground for signs of life Then one beautiful morning the field was kissed by the first rays of dawn The first flowers slowly came up from the ground as if they were checking out the air Teddy had beautiful eyes That kind of flower had never been seen before The colors they gave off were so rich and vivid that they gave the field a soft dazzling brightness all its own The field was like a kaleidoscope of light and each flower petal sparkled in the sun
