Herring Archer Mayor, 2010-09-28 VBI Vermont Bureau of Investigation head Joe Gunther and his team are called in to investigate a series of violent deaths that appear unrelated until telltale clues reveal a linkage between them and that all of the deaths are in fact murders. However, apart from a single drop of unexplained blood left at each crime scene, there are no obvious connections between the victims or the cases. The police are faced with more questions than answers, including what do the mysterious deposits of blood mean, coming as they do from three additional unknown people. In their search for the elusive truth, the VBI must plumb the depths of every suspect's past, every victim's most intimate details, and examine each piece of evidence down to the smallest detail, an examination which includes a trip to the Brookhaven National Lab on Long Island and an exploration of cutting edge forensic technology.

Shard of the Ancient Loki, 2007-02-17 Imagine for a moment that all the faerie tales you heard in the days of youth were true. That pixies and trolls and wizards really did roam the Earth in long ago days. You might wonder, Where did they go? They didn't go anywhere. In the shadows and hidden places of today's world, goblins sharpen their knives while ogres load their shotguns. Wizards ply their trade from the inner city, replacing lonely tower sanctums with towering skyscrapers. And humanity has no idea. Not until a man who does not come from the world we know stumbles across the unseen presence lurking outside common vision, prompting a pursuit that spans the globe to discover the mystery of the Nocnistu.

Imagined Theatres Daniel Sack, 2017-04-07 Imagined Theatres collects theoretical dramas written by some of the leading scholars and artists of the contemporary stage. These dialogues, prose poems, and microfictions describe imaginary performance events that explore what might be possible and impossible in the theatre. Each scenario is mirrored by a brief accompanying reflection asking what they might mean for our thinking about the theatre. These many possible worlds circle around questions that include: In what way is writing itself a performance? How do we understand the relationship between real performances that engender imaginary reflections and imaginary conceptions that form the basis for real theatrical productions? Are we not always imagining theatres when we read or even when we sit in the theatre watching whatever event we imagine we are seeing?

Lost Lands of Witch World Andre Norton, 2025-09-23 The legendary seminal second Witch World trilogy together in a single edition for the first time. *Lost Lands of Witch World*. In the 1960s, Andre Norton's career took a fateful and important turn. Having written adventure science fiction for almost thirty years, she turned to something new: science fantasy with *Witch World*. This unique world of sorceresses and the many others who fight such adversaries as the Kolder, the Hounds of Alizon, and other threats has proven to be Miss Norton's most beloved and popular creation. Three Against the Witch World, Warlock of the Witch World, and Sorceress of the Witch World, the fourth, fifth, and sixth novels in the series, have long been recognized as novels that comprise the core of the series along with the first three novels. Today, decades after their first publication, these novels of adventure, excitement, and daring remain as fresh and original as when they first appeared. For the first time, they are now available in a single volume for new readers of all ages to discover and for fans to rediscover in an attractive, durable new format. *Lost*
