Magic In Late Antiquity Pagans Jews And Christians:

Magic in the Roman World Naomi Janowitz, 2001 A lively volume exploring the use and abuse of the word magic in late antique texts

Jews and Christians in Their Graeco-Roman Context Pieter Willem van der Horst, 2006 A collection of essays most of which were published previously Partial contents [Religious Diversity in Late Antiquity](#) David Morton Gwynn, Susanne Bangert, 2010 This volume in the ongoing Late Antique Archaeology series draws on material and textual evidence to explore the diverse religious world of Late Antiquity Subjects include Jews and Samaritans orthodoxy and heresy pilgrimage stylites magic the sacred and the secular

[Pagans and Christians in Late Antiquity](#) A.D.(Doug) Lee, 2013-04-15 In this book A D Lee charts the rise to dominance of Christianity in the Roman empire Using translated texts he explains the fortunes of both Pagans and Christians from the upheavals of the 3rd Century to the increasingly tumultuous times of the 5th and 6th centuries The book also examines important themes in Late Antiquity such as the growth of monasticism the emerging power of bishops and the development of pilgrimage and looks at the fate of other significant religious groups including the Jews Zoroastrians and Manichaeans

Jewish Magic Before the Rise of Kabbalah Yuval Harari, 2017-06-02 A comprehensive study of Jewish magic in the late antiquity and the early Islamic period the phenomenon the sources and method for its research and the history of scholarly investigation into its nature and origin Magic culture is certainly fascinating But what is it What in fact are magic writings magic artifacts Originally published in Hebrew in 2010 Jewish Magic Before the Rise of Kabbalah is a comprehensive study of early Jewish magic focusing on three major topics Jewish magic inventiveness the conflict with the culture it reflects and the scientific study of both The first part of the book analyzes the essence of magic in general and Jewish magic in particular The book begins with theories addressing the relationship of magic and religion in fields like comparative study of religion sociology of religion history and cultural anthropology and considers the implications of the paradigm shift in the interdisciplinary understanding of magic for the study of Jewish magic The second part of the book focuses on Jewish magic culture in late antiquity and in the early Islamic period This section highlights the artifacts left behind by the magic practitioners amulets bowls precious stones and human skulls as well as manuals that include hundreds of recipes Jewish Magic before the Rise of Kabbalah also reports on the culture that is reflected in the magic evidence from the perspective of external non magic contemporary Jewish sources Issues of magic and religion magical mysticism and magic and social power are dealt with in length in this thorough investigation Scholars interested in early Jewish history and comparative religions will find great value in this text

[Pagans and Christians in Late Antiquity](#) Rome Michele Renee Salzman, Marianne Sághy, Rita Lizzi Testa, 2016 This book sheds new light on the religious and consequently social changes taking place in late antique Rome The essays in this volume argue that the once dominant notion of pagan Christian religious conflict cannot fully explain the texts and artifacts as well as the social religious and political realities of late antique Rome Together the essays demonstrate that the fourth century city was a more fluid vibrant and

complex place than was previously thought Competition between diverse groups in Roman society be it pagans with Christians Christians with Christians or pagans with pagans did create tensions and hostility but it also allowed for coexistence and reduced the likelihood of overt violent physical conflict Competition and coexistence along with conflict emerge as still central paradigms for those who seek to understand the transformations of Rome from the age of Constantine through the early fifth century

The Power of Religion in Late Antiquity Andrew Cain,2016-09-17 Late Antiquity witnessed a dramatic recalibration in the economy of power and nowhere was this more pronounced than in the realm of religion The transformations that occurred in this pivotal era moved the ancient world into the Middle Ages and forever changed the way that religion was practiced The twenty eight studies in this volume explore this shift using evidence ranging from Latin poetic texts to Syriac letter collections to the iconography of Roman churches and Merovingian mortuary goods They range in chronology from the late third through the early seventh centuries AD and apply varied theories and approaches All converge around the notion that religion is fundamentally a discourse of power and that power in Late Antiquity was especially charged with the force of religion The articles are divided into eight sections which examine the power of religion in literature theurgical power over the divine emperors and the deployment of religious power limitations on the power of the ecclesiastical hierarchy the use of the cross as a symbol of power Rome and its transformation as a center of power the power of religion in the barbarian west and religious power in the communities of the east This kaleidoscope of perspectives creates a richly illuminating volume that add a new social and political dimension to current debates about religion in Late Antiquity

Magic and the Supernatural in Fourth Century Syria Silke Trzcionka,2006-11-22 Magic and the Supernatural in Fourth Century Syria presents an in depth investigation of a variety of magical practices with a focused study in the late antique Syria and Palestine Offering new research using both archaeological and literary sources and blending Classical Jewish and Christian traditions from both regions Silke Trzcionka examines a myriad of magical activities such as curses spells and amulets accusations related to chariot races love and livelihood methods involved in protection healing possession and exorcism The information is provided with clarity and theoretical sophistication which enables students to develop an understanding of these beliefs and their place within the social context of the time Altogether a useful enlightening and enjoyable book which students studying religion and or social history will find invaluable

A Companion to Religion in Late Antiquity Josef Lössl,Nicholas J. Baker-Brian,2018-05-03 A comprehensive review of the development geographic spread and cultural influence of religion in Late Antiquity A Companion to Religion in Late Antiquity offers an authoritative and comprehensive survey of religion in Late Antiquity This historical era spanned from the second century to the eighth century of the Common Era With contributions from leading scholars in the field the Companion explores the evolution and development of religion and the role various religions played in the cultural political and social transformations of the late antique period The authors examine the theories and methods used in the study of religion during this period consider the

most notable historical developments and reveal how religions spread geographically The authors also review the major religious traditions that emerged in Late Antiquity and include reflections on the interaction of these religions within their particular societies and cultures This important Companion Brings together in one volume the work of a notable team of international scholars Explores the principal geographical divisions of the late antique world Offers a deep examination of the predominant religions of Late Antiquity Examines established views in the scholarly assessment of the religions of Late Antiquity Includes information on the current trends in late antique scholarship on religion Written for scholars and students of religion A Companion to Religion in Late Antiquity offers a comprehensive survey of religion and the influence religion played in the culture politics and social change during the late antique period

Rhetoric and Religious Identity in Late Antiquity Richard Flower, Morwenna Ludlow, 2020-08-31 The topic of religious identity in late antiquity is highly contentious How did individuals and groups come to ascribe identities based on what would now be known as religion categorizing themselves and others with regard to Judaism Manichaeism traditional Greek and Roman practices and numerous competing conceptions of Christianity How and why did examples of self identification become established activated or transformed in response to circumstances To what extent do labels whether ancient and modern for religious categories reflect a sense of a unified and enduring social or group identity for those included within them How does religious identity relate to other forms of ancient identity politics for example ethnic discourse concerning barbarians Rhetoric and Religious Identity in Late Antiquity responds to the recent upsurge of interest in this issue by developing interdisciplinary research between classics ancient and medieval history philosophy religion patristics and Byzantine studies expanding the range of evidence standardly used to explore these questions In exploring the malleability and potential overlapping of religious identities in late antiquity as well as their variable expressions in response to different public and private contexts it challenges some prominent scholarly paradigms In particular rhetoric and religious identity are here brought together and simultaneously interrogated to provide mutual illumination in what way does a better understanding of rhetoric its rules forms practices enrich our understanding of the expression of late antique religious identity How does an understanding of how religious identity was ascribed constructed and contested provide us with a new perspective on rhetoric at work in late antiquity

Religion and Law in Classical and Christian Rome Clifford Ando, 2006 Law is a particularly fruitful means by which to investigate the relationship between religion and state It is the mechanism by which the Roman state and its European successors have regulated religion in the twin actions of constraining religious institutions to particular social spaces and of releasing control over such spaces to those orders This volume analyses the relationship from the late Republic to the final codification of Roman law in Justinian's Constantinople

Religious Dissent in Late Antiquity, 350-450 Majastina Kahlos, 2020 Religious Dissent in Late Antiquity reconsiders the Christianization of the late Roman Empire The focus is on the shifting position of dissenting religious groups pagans and heretics The book shows that the narrative is more nuanced than the

simple Christian triumph over the classical world

The Demonic in the Political Thought of Eusebius of Caesarea

Hazel Johannessen, 2016-09-15 *The Demonic in the Political Thought of Eusebius of Caesarea* explores how Eusebius of Caesarea's ideas about demons interacted with and helped to shape his thought on other topics particularly political topics Hazel Johannessen builds on and complements recent work on early Christian and early modern demonology Eusebius political thought has long drawn the attention of scholars who have identified in some of his works the foundations of later Byzantine theories of kingship However Eusebius political thought has not previously been examined in the light of his views on demons Moreover despite frequent references to demons throughout many of Eusebius works there has been no comprehensive study of Eusebius views on demons until now as expressed throughout a range of his works The originality of this study lies both in an initial examination of Eusebius views on demons and their place in his cosmology and in the application of the insights derived from this to consideration of his political thought As a result of this new perspective Johannessen challenges scholars traditional characterization of Eusebius as a triumphal optimist Instead she draws attention to his concerns about a continuing demonic threat capable of disrupting humankind's salvation and presents Eusebius as a more cautious figure than the one familiar to late antique scholarship

The Scriptural Universe of Ancient Christianity Guy

G. Stroumsa, 2016-11-14 Perhaps more than any other cause the passage of texts from scroll to codex in late antiquity converted the Roman Empire from paganism to Christianity and enabled the worldwide spread of Christian faith Guy Stroumsa describes how canonical scripture was established and how its interpretation replaced blood sacrifice in religious ritual

The Qur'ānic Pagans and Related Matters

Patricia Crone, 2016-06-10 Patricia Crone's *Collected Studies in Three Volumes* brings together a number of her published unpublished and revised writings on Near Eastern and Islamic history arranged around three distinct but interconnected themes Volume 1 *The Qur'anic Pagans and Related Matters* pursues the reconstruction of the religious environment in which Islam arose and develops an intertextual approach to studying the Qur'anic religious milieu Volume 2 *The Iranian Reception of Islam The Non Traditionalist Strands* examines the reception of pre Islamic legacies in Islam above all that of the Iranians Volume 3 *Islam the Ancient Near East and Varieties of Godlessness* places the rise of Islam in the context of the ancient Near East and investigates sceptical and subversive ideas in the Islamic world *The Iranian Reception of Islam The Non Traditionalist Strands Islam the Ancient Near East and Varieties of Godlessness*

Magic and Superstition in Europe

Michael D. Bailey, 2007 The only comprehensive single volume survey of magic available this compelling book traces the history of magic and superstition in Europe from antiquity to the present Focusing mainly on the medieval and early modern era Michael Bailey also explores the ancient Near East

The Specter of the Jews

Ari Finkelstein, 2018-11-06 In the generation after Constantine the Great elevated Christianity to a dominant position in the Roman Empire his nephew the Emperor Julian sought to reinstate the old gods to their former place of prominence in the face of intense opposition from the newly powerful Christian church In early 363 c e while living in Syrian

Antioch Julian redoubled his efforts to hellenize the Roman Empire by turning to an unlikely source the Jews With a war against Persia on the horizon Julian thought it crucial that all Romans propitiate the true gods and gain their favor through proper practice To convince his people he drew on Jews whom he characterized as Judeans using their scriptures institutions practices and heroes sometimes as sources for his program and often as models to emulate In *The Specter of the Jews* Ari Finkelstein examines Julian s writings and views on Jews as Judeans a venerable group whose religious practices and values would help delegitimize Christianity and surprisingly shape a new imperial Hellenic pagan identity **Abraham, the Nations, and the Hagarites** Martin Goodman,Geurt Hendrik van Kooten,George H. van Kooten,J.T.A.G.M. van Ruiten,2010-11-11 Jews Christians and Muslims describe elements of their origins with close reference to the narrative of Abraham including the complex story of Abraham s relations with Hagar This volume sketches the significance of this narrative in the three traditions [A History of the Later Roman Empire, AD 284-641](#) Stephen Mitchell,2014-06-11 The Second Edition of *A History of the Later Roman Empire* features extensive revisions and updates to the highly acclaimed sweeping historical survey of the Roman Empire from the accession of Diocletian in AD 284 to the death of Heraclius in 641 Features a revised narrative of the political history that shaped the late Roman Empire Includes extensive changes to the chapters on regional history especially those relating to Asia Minor and Egypt Offers a renewed evaluation of the decline of the empire in the later sixth and seventh centuries Places a larger emphasis on the military deficiencies collapse of state finances and role of bubonic plague throughout the Europe in Rome s decline Includes systematic updates to the bibliography
