Magnolias Without Moonlight The American South From Regional Confederacy To National Integration:

Magnolias without Moonlight Sheldon Hackney, 2017-07-28 The eleven ex Confederate states continue to be thoroughly American and at the same time an exception to the national mainstream The region's dual personality how it came into being and the purposes and interests it served is examined here as well as its central role in the politics and culture wars flowing from the transformative Civil Rights Movement and the other social justice movements of the 1950s and 1960s The essays on this theme include a penetrating explication of C Vann Woodward's masterpiece *Origins of the New South 1877 1913* which is explicitly informed by the scholarship of the fifty years since the book's original publication Hackney explores the political transformation of the South and the identity politics that continue to structure national political competition The bi-racial nature of Southern society lies at the heart of Southern identity in all of its varieties Understanding that identity is a purpose that underlies all of the chapters Hackney uses quantitative analysis of homicide data to establish beyond doubt for the first time that the South has long been more violent and that there is a cultural component of that violence that exists beyond the usual social predictors of higher homicide rates in the United States He muses over the failure of the usual social predictors of votes for the Democratic Party to predict the party's performance in the region Timely elegantly written and wide in intellectual scope *Magnolias without Moonlight* will be of interest to a broad readership of historians cultural studies specialists political scientists and sociologists

Irish Catholic Writers and the Invention of the American South

Bryan Giemza, 2013-07-08 In this expansive study Bryan Giemza recovers a neglected subculture and retrieves a missing chapter of Irish Catholic heritage by canvassing the literature of American Irish writers from the U S South Giemza offers a defining new view of Irish American authors and their interrelationships within both transatlantic and ethnic regional contexts From the first Irish American novel published in Winchester Virginia in 1817 Giemza investigates a cast of nineteenth century writers contending with the turbulence of their time writers influenced by both American and Irish revolutions Additionally he considers dramatists and propagandists of the Civil War and Lost Cause memoirists who emerged in its wake Some familiar names reemerge in an Irish context including Joel Chandler Harris Lafcadio Hearn and Kate O Flaherty Chopin Giemza also examines the works of twentieth century southern Irish writers such as Margaret Mitchell John Kennedy Toole Flannery O Connor Pat Conroy Anne Rice Valerie Sayers and Cormac McCarthy For each author Giemza traces the influences of Catholicism as it shaped both faith and ethnic identity pointing to shared sensibilities and contradictions Flannery O Connor for example resisted identification as an Irish American while Cormac McCarthy described by some as anti Catholic continues a dialogue with the Church from which he distanced himself Giemza draws on many never before seen documents including authorized material from the correspondence of Cormac McCarthy interviews from the Irish community of Flannery O Connor's native Savannah Georgia and Giemza's own correspondence with writers such as Valerie Sayers and Anne Rice This lively literary history prompts a new understanding of how the Irish in the region helped invent a

regional mythos an enduring literature and a national image

Reconstruction in Mississippi, 1862-1877 Jere Nash, 2025-08-15 Throughout the ten year period following the end of the Civil War Mississippians responded to broader movements in the country to changes in the national and international economy and to congressional and presidential initiatives as they worked to recover from the devastation of war and pursue new expressions of freedom Reconstruction in Mississippi 1862 1877 is a compelling account of how Black Mississippians embraced this freedom and how white Mississippians could not Recording the mechanics of how the Confederate states were allowed to resume representation in Congress the restoration of civil governments and the political freedoms the formerly enslaved people acquired Reconstruction in Mississippi 1862 1877 documents the ways economic freedoms such as the acquisition of land and the negotiation of fair labor contracts evolved Jere Nash begins this exploration with how the formerly enslaved men and women changed the political landscape for Abraham Lincoln by taking matters into their own hands as the Union Army moved into Mississippi in 1862 Nash then traces the federal occupation of the state the adoption of the infamous Black Codes by the state legislature in 1865 the drafting and approval of the new constitution in 1869 the selection of the first two Black men ever to serve in the United States Senate and the use of terror and fraud by white Democrats to steal the election of 1875 and regain political power Reconstruction in Mississippi 1862 1877 is a detailed and comprehensive history of this turbulent and eventful era in Mississippi

Dixie Redux Raymond Arsenault, Orville Vernon Burton, 2013-10-15 Dixie Redux Essays in Honor of Sheldon Hackney is a collection of original essays written by some of the nation s most distinguished historians Each of the contributors has a personal as well as a professional connection to Sheldon Hackney a distinguished scholar in his own right who has served as Provost of Princeton University president of Tulane University and the University of Pennsylvania and the chairman of the National Endowment for the Humanities In a variety of roles teacher mentor colleague administrator writer and friend Sheldon Hackney has been a source of wisdom empowerment and wise counsel during more than four decades of historical and educational achievement His life both inside and outside the academy has focused on issues closely related to civil rights social justice and the vagaries of race class regional culture and national identity Each of the essays in this volume touches upon one or more of these important issues themes that have animated Sheldon Hackney s scholarly and professional life

The Million-Dollar Man Who Helped Kill a President Christopher McIlwain, 2018-07-19 George Washington Gayle is not a name known to history But it soon will be Forget what you thought you knew about why Abraham Lincoln was assassinated by John Wilkes Booth No it was not mere sectional hatred Booth s desire to become famous Lincoln s advocacy of black suffrage or a plot masterminded by Jefferson Davis to win the war by crippling the Federal government Christopher Lyle McIlwain Sr s Untried and Unpunished George Washington Gayle and the Assassination of Abraham Lincoln exposes the fallacies regarding each of those theories and reveals both the mastermind behind the plot and its true motivation The deadly scheme to kill Lincoln Vice President Andrew Johnson and Secretary of

State William Seward was Gayle's brainchild The assassins were motivated by money Gayle raised Lots of money 20 000 000 in today's value Gayle a prominent South Carolina born Alabama lawyer had been a Unionist and Jacksonian Democrat before walking the road of radicalization following the admission of California as a free state in 1850 Thereafter he became Alabama's most earnest secessionist though he would never hold any position within the Confederate government or serve in its military After the slaying of the president Gayle was arrested and taken to Washington DC in chains to be tried by a military tribunal for conspiracy in connection with the horrendous crimes The Northern press was satisfied Gayle was behind the deed especially when it was discovered he had placed an advertisement in a newspaper the previous December soliciting donations to pay the assassins There is little doubt that if Gayle had been tried he would have been convicted and executed However he not only avoided trial but ultimately escaped punishment of any kind for reasons that will surprise readers Rather than rehashing what scores of books have already alleged Untried and Unpunished offers a completely fresh premise meticulous analysis and stunning conclusions based upon years of firsthand research by an experienced attorney This original thought provoking study will forever change the way you think of Lincoln's assassination **1865 Alabama**

Christopher Lyle McIlwain, 2017-09-12 A detailed history of a vitally important year in Alabama history The year 1865 is critically important to an accurate understanding of Alabama's present In 1865 Alabama From Civil War to Uncivil Peace Christopher Lyle McIlwain Sr examines the end of the Civil War and the early days of Reconstruction in the state and details what he interprets as strategic failures of Alabama's political leadership The actions and inactions of Alabamians during those twelve months caused many self-inflicted wounds that haunted them for the next century McIlwain recounts a history of missed opportunities that had substantial and reverberating consequences He focuses on four factors the immediate and unconditional emancipation of the slaves the destruction of Alabama's remaining industrial economy significant broadening of northern support for suffrage rights for the freedmen and an acute and lengthy postwar shortage of investment capital Each element proves critically important in understanding how present day Alabama was forged Relevant events outside Alabama are woven into the narrative including McIlwain's controversial argument regarding the effect of Lincoln's assassination Most historians assume that Lincoln favored black suffrage and that he would have led the fight to impose that on the South But he made it clear to his cabinet members that granting suffrage rights was a matter to be decided by the southern states not the federal government Thus according to McIlwain if Lincoln had lived black suffrage would not have been the issue it became in Alabama McIlwain provides a sifting analysis of what really happened in Alabama in 1865 and why it happened debunking in the process the myth that Alabama's problems were unnecessarily brought on by the North The overarching theme demonstrates that Alabama's postwar problems were of its own making They would have been quite avoidable he argues if Alabama's political leadership had been savvier **Stealth Reconstruction** Glen

Browder, 2010-06-01 America seems to have little sense of how the Civil Rights Movement actually played into southern

politics over the remainder of the twentieth Century The common vision is a monolithic struggle between heroes and villains depicted literally and figuratively in black and white Unfortunately this conception provides incomplete explanation for subsequent progress in the southern political system This book reveals that amid all the heroic history of that time there is a fascinating story of stealth reconstruction i e the unheroic quiet practical biracial work of some white politicians and black leaders a story untold and unknown until now

Wil Lou Gray Mary Macdonald Ogden, 2015-12-30 In *Wil Lou Gray The Making of a Southern Progressive from New South to New Deal* Mary Macdonald Ogden examines the first fifty years of the life and work of South Carolina s Wil Lou Gray 1883 1984 an uncompromising advocate of public and private programs to improve education health citizen participation and culture in the Palmetto State Motivated by the southern educational reform crusade her own excellent education and the high levels of illiteracy she observed in South Carolina Gray capitalized on the emergent field of adult education before and after World War I to battle the racism illiteracy sexism and political lethargy commonplace in her native state As state superintendent of adult schools from 1919 to 1946 one of only two such superintendents in the nation and through opportunity schools adult night schools pilgrimages and media campaigns all of which she pioneered Gray transformed South Carolina s anti illiteracy campaign from a plan of eradication to a comprehensive program of adult education Ogden s biography reveals how Gray successfully secured small but meaningful advances for both black and white adults in the face of harsh economic conditions pervasive white supremacy attitudes and racial violence Gray s socially progressive politics brought change in the first decades of the twentieth century Gray was a refined sophisticated upper class South Carolinian who played Canasta loved tomato aspic and served meals at the South Carolina Opportunity School on china with cloth napkins She was also a lifelong Democrat a passionate supporter of equality of opportunity a masterful politician a workaholic and in her last years a vociferous supporter of government programs such as Medicare and nonprofits such as Planned Parenthood She had a remarkable grasp of the issues that plagued her state and with deep faith in the power of government to foster social justice developed innovative ways to address those problems despite real financial political and social barriers to progress Her life is an example of how one person with bravery tenacity and faith in humanity can grasp the power of government to improve society

Henry Maurice Goldman Robert Allyn Goldman, 2015-04-17 Henry Maurice Goldman grew up in a blue collar section of Boston but he rose through Ivy League institutions to become one of the worlds greatest dental educators In this biography Robert Allyn Goldman pays tribute to his contributions in this eye opening biography that will fascinate dentists educators history buffs and anyone with questions about how their individual dental needs might relate to the profession in general As Goldmans career blossomed he realized how uninformed people were about their own dental health and when he left The Armed Forces Institute of Pathology in Washington D C after World War II he devoted himself to periodontics which was at the grassroots of his training and practice in oral pathology Eventually he discovered that to accomplish his goals he needed to tackle a bigger problem the

lack of training of dentists and poor dental health care delivery That led him to devote all his energy to starting a school dedicated to dental specialization By delving into Goldmans life story youll get a firsthand look at the problems he solved and gain a deeper appreciation for dentistry and dental health *The Age of Lincoln* Orville Vernon Burton,2008-07-08 Stunning in its breadth and conclusions The Age of Lincoln is a fiercely original history of the five decades that pivoted around the presidency of Abraham Lincoln Abolishing slavery the age s most extraordinary accomplishment was not its most profound The enduring legacy of the age of Lincoln was inscribing personal liberty into the nation s millennial aspirations America has always perceived providence in its progress but in the 1840s and 1850s pessimism accompanied marked extremism as Millerites predicted the Second Coming utopianists planned perfection Southerners made slavery an inviolable honor and Northerners conflated Manifest Destiny with free market opportunity Even amid historic political compromises the middle ground collapsed In a remarkable reappraisal of Lincoln the distinguished historian Orville Vernon Burton shows how the president s authentic Southernness empowered him to conduct a civil war that redefined freedom as a personal right to be expanded to all Americans In the violent decades to follow the extent of that freedom would be contested but not its central place in what defined the country Presenting a fresh conceptualization of the defining decades of modern America The Age of Lincoln is narrative history of the highest order *Choice* ,2005 **Symposium** ,2008 **The British National Bibliography** Arthur James Wells,2007 *America, History and Life* ,2007 Article abstracts and citations of reviews and dissertations covering the United States and Canada *American Book Publishing Record* ,2005 **The New York Times Book Review** ,1989-07 **Magnolias and Cornbread** Leslie R. Tucker,2010-08-27 Know your Southern history so that you can help to defend it Our heritage is too important to leave to Yankee and Scalawag revisionist In America today most are proud to boast of their cultural background whether that be Irish African Hispanic or whatever One of the largest segments of the American population is attacked for displaying pride in their heritage those with Confederate ancestors We are immediately classified as racist if we display the battle flag that the Southern soldier carried as he defended his home and family from invasion We have made some progress in convincing others that our flag is meant to symbolize heritage not hate but we have further to go The author is one Southerner who feels that his ancestors were like their grandfathers before them simply fighting for their right to self government They did nothing to be pardoned for and we do nothing wrong in being proud of them just as other Americans take pride in their ancestors The best way to do this is to become familiar with our history In recent years many academic historians have joined the attacks of our Confederate heritage We must not leave our history to be told by Yankee and Scalawag revisionist historians Everyone who feels the same way should read this outline of Southern history for Unreconstructed Southerners **A Diary from Dixie** Mary Boykin Chesnut,Myrta Lockett Avary,Isabella D Martin,2025-03-29 A Diary from Dixie offers an unparalleled firsthand account of life in the Confederate South during the American Civil War Penned by Mary Boykin Miller Chesnut wife of a U S Senator turned Confederate

General this diary provides a unique window into the political and social upheaval of the era Chesnut s insightful observations capture the atmosphere of plantation life the anxieties of Southern women and the unfolding drama of the Confederacy s rise and fall More than just a personal journal A Diary from Dixie is a vital historical source offering a perspective on the inner workings of the Confederate government and the shifting tides of war Chesnut s keen intellect and unflinching honesty make this diary a compelling read for anyone interested in the Civil War the history of the American South and the experiences of women during this tumultuous period It is a timeless record of a nation divided presented through the eyes of a woman at the heart of it all This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

Eventually, you will agreed discover a further experience and completion by spending more cash. yet when? reach you assume that you require to acquire those every needs considering having significantly cash? Why dont you try to acquire something basic in the beginning? Thats something that will lead you to understand even more with reference to the globe, experience, some places, bearing in mind history, amusement, and a lot more?

It is your totally own epoch to measure reviewing habit. along with guides you could enjoy now is **Magnolias Without Moonlight The American South From Regional Confederacy To National Integration** below.
