political process divorced from its cultural dimensions It re examines the view that cultural consciousness that preceded political agitation was a separate sphere of activity and suggests that both were integral stages of anti colonialism in the country The author maintains that rationalism and nationalism were closely connected as a means and end continuum He also provides a new and substantially different understanding of the 19th century intellectuals Mahatma Jotirao Phule and Pandita Ramabai among others Lucid accessible and thought provoking this book will interest scholars and researchers of modern Indian history Indian political thought sociology philosophy and Marathi literature Govind Narayan's Mumbai Govinda Nārāyaṇa Māḍagāvakara, 2008 Guiding the reader on a tour of the sights and sounds of an emerging city struggling to shake off colonialism and wrestling with the formation of its own budding identity Narayan s beguiling book offers descriptions of Mumbai s daily life its people and its institutions the parts of the whole that come together to create this diverse and vivacious place This valuable text is a rare and enthralling glimpse into a fascinating period and place otherwise lost to time
