Maigret's Mistake Georges Simenon,2017-12-05 A writer as comfortable with reality as with fiction with passion as with reason John Le Carr When a young woman with a dark past is found dead on the streets of Paris Inspector Maigret is on the case A young woman named Lulu who has a history of brushes with the law and once lived on the streets of the 18th arrondissement is found murdered in Paris Maigret is called to the scene and soon learns that her boyfriend a musician has gone into hiding upon reading the news of her death And when the Inspector learns that the young victim was pregnant he begins to suspect the case might be more sinister than he imagined *Mysteries and Conspiracies* Luc Boltanski,2014-10-10 The detective story focused on inquiries and in its wake the spy novel built around conspiracies developed as genres in the late nineteenth and early twentieth centuries During the same period psychiatry was inventing paranoia sociology was devising new forms of causality to explain the social lives of individuals and groups and political science was shifting the problematics of paranoia from the psychic to the social realm and seeking to explain historical events in terms of conspiracy theories In each instance social reality was cast into doubt We owe the project of organizing and unifying this reality for a particular population and territory to the nation state as it took shape at the end of the nineteenth century Thus the figure of conspiracy became the focal point for suspicions concerning the exercise of power Where does power really lie and who actually holds it The national authorities that are presumed to be responsible for it or other agencies acting in the shadows bankers anarchists secret societies the ruling class Questions of this kind provided the scaffolding for political ontologies that banked on a doubly distributed reality an official but superficial reality and its opposite a deeper hidden threatening reality that was unofficial but much more real Crime fiction and spy fiction paranoia and sociology more or less concomitant

inventions had in common a new way of problematizing reality and of working through the contradictions inherent in it. The adventures of the conflict between these two realities, superficial versus real, provide the framework for this highly original book. Through an exploration of the work of the great masters of detective stories and spy novels—G. K. Chesterton, Arthur Conan Doyle, John Le Carr, and Graham Greene, among others—Boltanski shows that these works of fiction and imagination tell us something fundamental about the nature of modern societies and the modern state. *Madame Maigret's Friend* Georges Simenon, 2017-03-28. A writer as comfortable with reality as with fiction, with passion as with reason, John Le Carr. Inspector Maigret steps in when an anonymous note to the police reports that a body has been burned in a bookbinder's furnace. An anonymous note to the police reports that a body has been burned in the furnace of a bookbinder on the Rue de Turenne. Preliminary investigations turn up suspicious details and two human teeth of a man who'd been alive not long before. Meanwhile, Madame Maigret has had a strange experience while waiting for her dentist appointment. A woman she had often met on the bench while waiting suddenly leaves her young child in Madame Maigret's care and disappears for over an hour, returning to take the child and vanishing without explanation. When Maigret's investigation is blown wide open, it seems the two incidents might be related in ways no one could have predicted. **Books and Bookmen**, 1971.
