Robert R. Redfield

Maimonides As Philosopher And Codifier:

Central Problems of Medieval Jewish Philosophy Dov Schwartz, 2006-02-01 This book deals with central issues of medieval Jewish philosophy Among the subjects treated are divine immanence the intellect miracles and esoteric writing and its limits The work provides a new perspective on the history of Jewish philosophy in the Middle Ages Relying on many as yet unpublished manuscripts which enable it to offer new insights relating to such thinkers as Judah Halevi Maimonides and Gersonides it also presents a new and original perception of the dynamics of Jewish thought in general

A History of Jewish Philosophy in the Middle Ages Colette Sirat, 1990-11-30 Jewish medieval philosophy has formed the subject of much research over the past thirty years since the appearance of Gutmann's Philosophies of Judaism resulting in greater understanding and a new need for summation This important work now available in paperback aims to supply that need and devotes ample discussion to the major figures of the period like Saadiah Gaon Maimonides Abraham Ibn Ezra and Judah Halevi It also gives much attention to the discussion and presentation of texts by lesser known authors clustering around the greater men and movements

Hasdai Crescas on Codification, Cosmology and Creation Ari Ackerman, 2022-08-01 This work focuses on the conception of God of the medieval Jewish philosopher and legal scholar Hasdai Crescas 1340-1410 It demonstrates that Crescas God is infinitely creative and good and explores the parallel that Crescas implicitly draws between God as creator and legislator which is rooted in his understanding of the Deity as continuously involved in generative activity through the outpouring of goodness and love as manifest by multiple simultaneous and successive worlds and a perpetually expanding Torah It also reviews the Maimonidean background for Crescas position and suggests that Crescas is countering Maimonides stance that creation is limited to a single moment and Maimonides notion of the Torah as perfect and immutable

History of Jewish Philosophy Daniel Frank, Oliver Leaman, 2005-10-20 Jewish philosophy is often presented as an addendum to Jewish religion rather than as a rich and varied tradition in its own right but the History of Jewish Philosophy explores the entire scope and variety of Jewish philosophy from philosophical interpretations of the Bible right up to contemporary Jewish feminist and postmodernist thought The links between Jewish philosophy and its wider cultural context are stressed building up a comprehensive and historically sensitive view of Jewish philosophy and its place in the development of philosophy as a whole Includes Detailed discussions of the most important Jewish philosophers and philosophical movements Descriptions of the social and cultural contexts in which Jewish philosophical thought developed throughout the centuries Contributions by 35 leading scholars in the field from Britain Canada Israel and the US Detailed and extensive bibliographies

The Cultures of Maimonideanism James T. Robinson, 2009 In the history of Jewish thought no individual scholar has exercised more influence than Maimonides 1138-1204 philosopher and physician legal scholar and communal leader This collection of papers originating at the 2007 EAJIS colloquium places primary emphasis on this influence not on Maimonides himself but the many movements he inspired Using Maimonideanism as an interpretive lens

the authors of this volume representing a variety of fields and disciplines develop new approaches to and fresh perspectives on the peculiar dynamic of Judaism and philosophy Focusing on social and cultural processes as well as philosophical ideas and arguments they point toward an original reconceptualization of Jewish thought Encountering the Medieval in Modern Jewish Thought James A. Diamond, Aaron W. Hughes, 2012-08-01 How does the medieval function as a bearer of Jewish identity in a changing secular world Each chapter in this work addresses a different Jewish return to the medieval by using a language of renewal *Accounting for the Commandments in Medieval Judaism* Jeremy P. Brown, Marc Herman, 2022-01-17 Accounting for the Commandments in Medieval Judaism explores the discursive formation of the commandments as a generative matrix of Jewish thought and life in the posttalmudic period Each study sheds light on how medieval Jews crafted the commandments out of theretofore underdetermined material By systematizing representing or interrogating the amorphous category of commandment medieval Jewish authors across both the Islamic and Christian spheres of influence sought to explain justify and characterize Israel s legal system divine revelation the cosmos and even the divine order This volume correlates bodies of knowledge such as jurisprudence philosophy ethics pietism and kabbalah that are normally treated in isolation into a single conversation about a shared constitutional concern **The Jewish Law Annual** Bernard S. Jackson, 2023-04-12 Imagery Techniques in Modern Jewish Mysticism Daniel Reiser, 2018-07-09 This book analyzes and describes the development and aspects of imagery techniques a primary mode of mystical experience in twentieth century Jewish mysticism These techniques in contrast to linguistic techniques in medieval Kabbalah and in contrast to early Hasidism have all the characteristics of a full screenplay a long and complicated plot woven together from many scenes a kind of a feature film Research on this development and nature of the imagery experience is carried out through comparison to similar developments in philosophy and psychology and is fruitfully contextualized within broader trends of western and eastern mysticism **From Phenomenology to Existentialism** Dov Schwartz, 2012-12-07 This book focuses on the first and second stages of Soloveitchik s philosophy through a systematic and detailed discussion of some of his essays Schwartz exposes the philosophical methodology of Soloveitchik s religious thought 1945 1965 **Maimonidean Studies** ,2008

The Jew in the Medieval World Jacob R. Marcus, 1999-12-31 To gain an accurate view of medieval Judaism one must look through the eyes of Jews and their contemporaries First published in 1938 Jacob Rader Marcus s classic source book on medieval Judaism provides the documents and historical narratives which let the actors and witnesses of events speak for themselves The medieval epoch in Jewish history begins around the year 315 when the emperor Constantine began enacting disabling laws against the Jews rendering them second class citizens In the centuries following Jews enjoyed or suffered under legislation either chosen or forced by the state which differed from the laws for the Christian and Muslim masses Most states saw the Jews as simply a tolerated group even when given favorable privileges The masses often disliked them Medieval Jewish history presents a picture wherein large patches are characterized by political and social disabilities Marcus

closes the medieval Jewish age for Western Jewry in 1791 with the proclamation of political and civil emancipation in France. The 137 sources included in the anthology include historical narratives, codes, legal opinions, martyrologies, memoirs, polemics, epitaphs, advertisements, folk tales, ethical and pedagogical writings, book prefaces and colophons, commentaries, and communal statutes. These documents are organized in three sections. The first treats the relation of the State to the Jew and reflects the civil and political status of the Jew in the medieval setting. The second deals with the profound influence exerted by the Catholic and Protestant churches on Jewish life and well-being. The final section presents a study of the Jew at home with four sub-divisions which treat the life of the medieval Jew in its various aspects. Marcus presents the texts themselves, introductions, and lucid notes. Marc Saperstein offers a new introduction and updated bibliography.

Politics and the Limits of Law Menachem Lorberbaum, 2002-11-01. This book explores the emergence of the fundamental political concepts of medieval Jewish thought, arguing that alongside the well-known theocratic elements of the Bible, there exists a vital tradition that conceives of politics as a necessary and legitimate domain of worldly activity that preceded religious law in the ordering of society. Since the Enlightenment, the separation of religion and state has been a central theme in Western political history, and thought a separation that upholds the freedom of conscience of the individual. In medieval political thought, however, the doctrine of the separation of religion and state played a much different role. On the one hand, it served to maintain the integrity of religious law versus the monarch, whether canon law, Islamic law, or Jewish law. On the other hand, it upheld the autonomy of the monarch and the autonomy of human political agency against theocratic claims of divine sovereignty and clerical authority. Postulating the realm of secular politics, leads the author to construct a theory of the precedence of politics over religious law in the organization of social life. He argues that the attempts of medieval philosophers to understand religion and the polity provide new perspectives on the viability of an accommodation between revelation and legislation, the holy and the profane, the divine and the temporal. The book shows that in spite of the long exile of the Jewish people, there is unquestionably a tradition of Jewish political discourse based on the canonical sources of Jewish law. In addition to providing a fresh analysis of Maimonides, it analyzes works of Nahmanides, Solomon ibn Adret, and Nissim Gerondi that are largely unknown to the English-speaking reader. Finally, it suggests that the historical corpus of Jewish political writing remains vital today with much to contribute to the ongoing debates over church-state relations and theocratic societies.

A History of the Jewish Experience Leo Trepp, 2001. A comprehensive one-volume history of Jewish civilization.

Science in Medieval Jewish Cultures Gad Freudenthal, 2011. Science in Medieval Jewish Cultures provides the first comprehensive overview by world-renowned experts of what we know today of medieval Jews' engagement with the sciences. Many medieval Jews, whether living in Islamic or Christian civilizations, joined Maimonides in accepting the rationalist philosophical/scientific tradition and appropriated extensive bodies of scientific knowledge in various disciplines: astronomy, astrology, mathematics, logic, physics, meteorology, biology, psychology, science of language, and medicine. The appropriated texts, in the original or in Hebrew,

translation were the starting points for Jews own contributions to medieval science and also informed other literary genres religious philosophical works biblical commentaries and even Halakhic legal discussions This volume s essays will provide readers with background knowledge of medieval scientific thought necessary to properly understand canonical Jewish scientific texts Its breadth reflects the number and diversity of Jewish cultures in the Middle Ages and the necessity of considering the fortunes of science in each within its specific context **The Book of Job in Jewish Life and Thought**

Jason Kalman,2021-12-20 Despite its general absence from the Jewish liturgical cycle and its limited place in Jewish practice the Book of Job has permeated Jewish culture over the last 2 000 years Job has not only had to endure the suffering described in the biblical book but the efforts of countless commentators interpreters and creative rewriters whose explanations more often than not challenged the protagonist s righteousness in order to preserve Divine justice Beginning with five critical essays on the specific efforts of ancient medieval and modern Jewish writers to make sense of the biblical book this volume concludes with a detailed survey of the place of Job in the Talmud and Midrashic corpus in medieval biblical commentary in ethical mystical and philosophical tracts as well as in poetry and creative writing in a wide variety of Jewish languages from around the world from the second to sixteenth centuries Understanding Exodus, Second Edition Moshe

Greenberg,2013-10-14 In 1969 Professor Greenberg published his Understanding Exodus covering Exodus 1 11 In this second edition introduced and edited by Jeffrey H Tigay the author s corrections and revisions are incorporated along with a new foreword In addition a new appendix Questions for Uncovering the Message of a Biblical Text is included which provides the reader with a succinct articulation of Greenberg s approach to exegesis **Philosophers and Religious Leaders**

Christian von Dehsen,2013-09-13 Philosophers and Religious Leaders provides a synopsis of the lives and legacies of 200 men and women from the areas of religion and philosophy who have changed the world These individuals have developed extended or exemplified ideas fundamental to the way human beings perceive the meaning and purpose of their own lives and of their societies Some have challenged prevailing convictions and worked for immediate change during their lifetimes others have proposed new modes of thinking that have flourished only after their passing יאקוב אילמן Yaakov Elman,Jeffrey S. Gurock,1997 *The Evolution of Jewish Monotheism* David Michael Grossberg,2025-02-27 Offers a fresh perspective on Jewish monotheism s evolution by narrating the history of the phrase God is one from antiquity to modernity
