Making Maine Joshua M. Smith,2022

After the Revolutionary War ended the new American nation grappled with a question about its identity Were the states sovereign entities or subordinates to a powerful federal government The War of 1812 brought this vexing issue into sharp relief as a national government intent on waging an unpopular war confronted a populace in Massachusetts that was vigorously opposed to it Maine which at the time was part of Massachusetts served as the battleground in this political struggle Joshua M Smith recounts an innovative history of the war focusing on how it specifically affected what was then called the District of Maine Drawing on archival materials from the United States Britain and Canada Smith exposes the bitter experience of Maine s citizens during that conflict as they endured multiple hardships including starvation burdensome taxation smuggling treason and enemy occupation War s inherent miseries along with a changing relationship between regional and national identities gave rise to a statehood movement that rejected a Boston centric worldview in favor of a broadly American identity
