Major Poetical Works:

Charlotte Smith: Major Poetic Works Charlotte Smith, 2017-05-25 Immensely popular with contemporary readers Smith's major poetic works are foundational texts of the Romantic period Smith's innovations in poetic form have also placed her at the forefront of twenty first century scholarship on the period This edition presents her three major poetic works Elegiac Sonnets 1784 1800 The Emigrants 1793 and Beachy Head 1807 While the significance of these three volumes of poetry was recognized in their own time this edition suggests that they remain major texts for thinking through such questions as the relationship between public and private the ethical treatment of refugees and other persecuted people the position of women in a patriarchal society and the usefulness of science as a way of making sense of a complex and ever changing world This Broadview edition includes a new critical introduction that takes into account the developments in scholarship on Smith's work and women's writing over the past three decades and it provides readers with a wealth of contextual material for understanding the writer and the social and literary environment within which she wrote including key works by her precursors and contemporaries selections from her letters and reviews of her poetry

Poetic Form and Romantic Provocation Carmen Faye Mathes, 2022-06-28 Critics have long understood the development of Romantic aesthetics as a turning point in the history of literary theory a turn that is responsible for theories of mind and body that continue to inform our understandings of subjectivity and embodiment today Yet the question of what aesthetic experience can do grates against the fact that much Romantic writing represents subjects as not actually in charge of the feelings they feel the dreams they dream or the actions they take In response to this dilemma Poetic Form and Romantic Provocation argues that being moved contrary to one s will is itself an aesthetic phenomenon explored by Romantic poets

whose experiments with poetic form and genre provoke unanticipated feelings through verse By analyzing how Romantic poets intervene affectively and aesthetically in readerly expectations of form and genre Mathes shows how provocations disrupt and invite disturb and compel interrupting or suspending or retreating in ways that ask readers to orient themselves materially and socially in relation to literary experiences that are at once virtual and embodied Examining the formal tactics of Charlotte Smith William Wordsworth Samuel Taylor Coleridge John Keats and Percy Bysshe Shelley alongside their reactions to historical events such as Toussaint Louverture's revolt and the Peterloo Massacre Mathes reveals that an aesthetics of radical openness is central to the development of literary theory and criticism in Romantic Britain

Verbal Transformation, Despair, and Hope in The Waste Land Shudong Chen, 2022-04-13 Based closely in spirit upon the most recent development in prosodic studies Verbal Transformation Despair and Hope in The Waste Land attempts another round of philosophical investigation The book demonstrates how The Waste Land could be read afresh in terms of the hidden verbal transformation that reveals the overlooked performative and collaborative nature of language This verbal transformation makes The Waste Land flow naturally as truly rhythmical creation of meaningful beauty the way Poe defines poetry especially through what Eliot calls auditory imagination or what Herder calls intermediary sensation that makes the poetry the first language of humanity or the dictionary of the soul The verbal transformation also serendipitously
