City Songs and American Life, 1900-1950 Michael L. Lasser, 2019. Nothing defines the songs of the great American songbook more richly and persuasively than their urban sensibility. During the first half of the twentieth century songwriters such as Harold Arlen, Irving Berlin, Dorothy Fields, George and Ira Gershwin, and Thomas Fats Waller flourished in New York City, the home of Tin Pan Alley, Broadway, and Harlem. Many of these remarkably deft and forceful creators were native New Yorkers. Others got to Gotham as fast as they could. Either way, it was as if from their vantage point on the West Side of Manhattan, these artists were describing America, not its geography or politics, but its heart to Americans and to the world at large. In *City Songs and American Life, 1900-1950*, renowned author and broadcaster Michael Lasser offers an evocative and probing account of the popular songs, including some written originally for the stage or screen, that Americans heard and sang and danced to during the turbulent first half of the twentieth century. Lasser demonstrates how the spirit of the teeming city pervaded these wildly diverse songs. Often that spirit took form overtly in songs that portrayed the glamor of Broadway, the energy and jazz-age culture of Harlem. But a city-bred spirit, or even a specifically New York City way of feeling and talking, also infused many other widely known and loved songs stretching from the early decades of the century to the twenties, the age of the flapper, bathtub gin, and women's right to vote, the Great Depression, and finally World War II. Throughout this remarkable book, Lasser emphasizes how the soul of city life echoes in the nation's songs, developed and changed in tandem with economic, social, and political currents in America as a whole. American History in Song Diane Holloway, 2001. Songwriters dramatically captured the details of how Americans lived, thought, and changed in the first half of the twentieth century. This book examines 1033 songs about WWI and WWII, wars, presidents, Women's Suffrage, Prohibition, the Great Depression, immigration, minority stereotypes, new modes of transportation, inventions, and the changing roles of men and women. America invited immigrants and went to war to ensure democracy, but within its borders, lyrics display intolerant attitudes toward women, blacks, and ethnic groups. Songs covered labor strikes, communism, lynchings, women voting and working, love, sex, airships, radio, telephones, the lure of movies, and new movie star role models, drugs, smoking, and the atom bomb. History books cannot match the humor, poignancy, poetry, and thrill

of lyrics in describing the essence of American life as we moved from a rural white male dominated society toward an urban democracy that finally included women and minorities
