Fine Gardening, 1988 **Practical Basket Making** George Wharton James, 1966 **More Baskets and How to Make Them (Classic Reprint)** Mary White, 2018-02-03 Excerpt from More Baskets and How to Make Them The interest in basketry which began in this country some three years ago is on the increase rather than on the wane This may seem surprising to the uninitiated but those who have made baskets will understand it Basketry has proved itself In schools and social settlements one notes the contrast between the beginners' mats and baskets loosely woven and crude in form and the graceful forms and solid weaving of experienced young craftsmen A well made basket shows more than dexterity and skill it stands for patience and stick to it-iveness and has the value of all good work Best of all children love the craft and would
