We the Possibility Mitchell Weiss, 2021-01-19 Can we solve big public problems anymore Yes we can This provocative and inspiring book points the way The huge challenges we face are daunting indeed climate change crumbling

infrastructure declining public education and social services At the same time we've come to accept the sad notion that government can't do new things or solve tough problems it's too big too slow and mired in bureaucracy Not so says former public official now Harvard Business School professor Mitchell Weiss The truth is entrepreneurial spirit and savvy in government are growing transforming the public sector's response to big problems at all levels The key Weiss argues is a shift from a mindset of Probability Government overly focused on safe solutions and mimicking so-called best practices to Possibility Government This means public leadership and management that's willing to boldly imagine new possibilities and to experiment Weiss shares the three basic tenets of this new way of governing Government that can imagine Seeing problems as opportunities and involving citizens in designing solutions Government that can try new things Testing and experimentation as a regular part of solving public problems Government that can scale Harnessing platform techniques for innovation and growth The lessons unfold in the timely episodes Weiss has seen and studied the US Special Operations Command prototyping of a hoverboard for chasing pirates a heroin hackathon in opioid-ravaged Cincinnati a series of experiments in Singapore to rein in Covid-19 among many others At a crucial moment in the evolution of government's role in our society We the Possibility provides inspiration and a positive model along with crucial guardrails to help shape progress for generations to come

The CEO Playbook for Strategic Transformation Scott A. Snell, 2024-08-13 There is no CEO task more significant than leading change in an organization whose old business model needs updating Large-scale change involves rethinking how to engage customers partners and suppliers with new technology and hard decisions about how to reorganize internal operations plus the challenges of executing the transformation The stakes are high filled with risk and reward obvious to all and it often fails Why Most organizations aren't built for change they're designed for stability scale and repetition Too many things can go wrong from natural organizational resistance and inertia to lack of strategic focus to execution problems And yet organizations today must be more dynamic than ever before Strategy is dynamic not static and requires agility nimbleness rapid resource deployment and organizational change This practical playbook helps CEOs and other key leaders reduce the risks and see through the overwhelming complexity of a major change in organizational strategy Unlike many other books on leading change that focus narrowly on overcoming resistance The CEO Playbook for Strategic Transformation offers a comprehensive framework involving 4 major tasks for leaders 1 Establish and Communicate the Urgent Need 2 Engage Stakeholders 3 Mobilize the Organization and 4 Develop Organizational Agility Leaders who guide their organizations through these stages are far more likely to succeed than those who lack a playbook Professor Scott Snell shares insights based on years of experience working with organizations undergoing change He also provides a set of self-assessments frameworks for action and interventions to help senior leaders succeed at their most challenging and important task
