Making Democracy Work Better Mediating Structures Social Capital And The Democratic Prospect:

Making Democracy Work Better Richard A. Couto, 2003-07-11 The decade of the 1980s marked a triumph for market capitalism As politicians of all stripes sought to reinvent government in the image of private enterprise they looked to the voluntary sector for allies to assuage the human costs of reductions in public policies of social welfare This book details the savage side of market capitalism in Appalachia and explains the social political and economic roles that mediating structures play in mitigating it Profiling the work of twenty three such mediating structures community based organizations that battled to provide social safety nets fight environmental assaults and upgrade the education and job skills of Appalachian residents Richard Couto distills the practical lessons to be found in their successes and shortcomings Couto argues that a broader set of democratic dimensions be used in taking the measure of civil society and public policy in the twenty first century He shows that mediating structures promote the democratic prospect of reduced inequality and increased communal bonds when they provide and advocate for new forms and increased amounts of social capital the public goods and moral resources that we invest in one another as members of a community

Violence in the Barrios of Caracas

Daniel S. Leon, 2019-07-02 This book presents an overview of the problem of urban violence in Caracas and specifically in its barrios It helps situate readers familiar or not with Latin American in the context that is Caracas Venezuela a city displaying one of the world s highest homicide rates The book offers a qualitative comparison of the informal mechanisms of social control in three barrios of Caracas This comprehensive analysis can help explain high homicide rates while socio economic conditions improved due to substantial oil windfalls in the twenty first century The author describes why informal social control was not effective in some barrios and points to the role of some organizational arrangements in increasing the incentives to use violence even under improving socio economic conditions The analysis addresses a gap in the literature on violence which mainly posits high violence rates after economic downturns Specifically it investigates social capital s moderating effect between Caracas political and economic structures and high violence rates This book concludes that perverse social capital found in the barrios of Caracas helps explain high violence rates while socio economic indicators improved until the early 2010s Students and researchers interested in security studies or Latin America will benefit from this book because of its extensive theoretical discussions use of primary sources and unique multidisciplinary analysis of urban violence

Democratization in Confucian East Asia: Citizen Politics in China, Japan, Singapore, South Korea, Taiwan, and Vietnam ,

The Global Idea of 'The Commons' Donald M. Nonini, 2007-09-01 During the last three decades corporations allied with scientists and universities national and regional governments and international financial institutions have through

a variety of mechanisms associated with neo liberal globalization acted to dispossess large proportions of the world s population of their commons resources and enclose them for profit making In response throughout the global South and in the cities of the global North large numbers of people have formed movements to defend the commons in all their variety The idea of the commons has thus emerged as a global idea and commons have emerged as sites of conflict around the world The essays in this forum assess strategically the situations of selected commons in a variety of diagnostic sites where they exist the ways in which they are being transformed by the incursions of capital and state and the ways in which they are becoming the locus of struggle for those who depend on them to survive

Participatory Development in Appalachia Susan Emley Keefe,2009

Often thought of as impoverished backward and victimized the people of the southern mountains have long been prime candidates for development projects conceptualized and controlled from outside the region This book breaking with old stereotypes and the strategies they spawned proposes an alternative paradigm for development projects in Appalachian communities one that is far more inclusive and democratic than previous models Emerging from a critical analysis of the modern development process the participatory development approach advocated in this book assumes that local culture has value that local communities have assets and that local people have the capacity to envision and provide leadership for their own social change It thus promotes better decision making in Appalachian communities through public participation and civic engagement Filling a void in current research by

detailing useful hands on tools and methods employed in a variety of contexts and settings the book combines relevant case studies of successful participatory projects with practical recommendations from seasoned professionals Editor Susan E Keefe has included the perspectives of anthropologists sociologists and others who have been engaged sometimes for decades in Appalachian communities These contributors offer hopeful new strategies for dealing with Appalachia s most enduring problems strategies that will also aid activists and researchers working in other distressed or underserved communities Susan E Keefe is professor of anthropology at Appalachian State University She is the editor of Appalachian Mental Health and Appalachian Cultural Competency A Guide for Medical Mental Health and Social Service Professionals

New Public Leadership Douglas F. Morgan, Marcus D. Ingle, Craig W. Shinn, 2018-09-03 Most leadership literature stems from and focuses on the private sector emphasizing personal qualities that bind leaders and followers to a shared purpose As the authors of New Public Leadership argue if these shared purposes do not build trust and legitimacy in public institutions such traditional leadership tropes fall short of the standard demanded by contemporary public servants For twenty years the authors have been developing a leadership education and training framework specifically designed to encourage public service professionals to lead from where they sit This book presents that comprehensive integrated and practical leadership framework grounded in the uniqueness of public legal missions culture history and values The authors explore three key elements of leadership success 1 an understanding of our public service context including the history the values and the institutions that comprise our leadership setting 2 a set of tools designed to help leaders initiate collective action in wicked challenge settings and 3 tools to support sound judgment enabling leaders to do the right thing in the right circumstances for the right reasons The authors further provide readers with a basic understanding of democratic institutions encouraging them to work within and across multiple vertical and horizontal systems of authority The book is organized into four sections each of which is accompanied by a Master Case that provides the reader with an opportunity to apply the principles and leadership tools discussed in the text to practice To further reinforce the practice centered approach to leadership knowledge and skills the authors have developed an accompanying EMERGE Leadership Handbook complete with exercises available online Written specifically with the practicing public manager in mind this book arms public servants with a large repertoire of leadership skills designed to accommodate changing public values and conflicting priorities at all levels of our public organizations

Critical Regionalism Douglas Reichert Powell, 2012-09-01 The idea of region in America has often served to isolate places from each other observes Douglas Reichert Powell Whether in the nostalgic celebration of folk cultures or the urbane distaste for hicks certain regions of the country are identified as static insular and culturally disconnected from everywhere else In *Critical Regionalism* Reichert Powell explores this trend and offers alternatives to it Reichert Powell proposes using more nuanced strategies that identify distinctive aspects of particular geographically marginal communities without turning them into peculiar hick towns He enacts a new methodology of critical regionalism in order to link local concerns and debates to larger patterns of history politics and culture To illustrate his method in each chapter of the book Reichert Powell juxtaposes widely known texts from American literature and film with texts from and about his own Appalachian hometown of Johnson City Tennessee He carries the idea further in a call for a critical regionalist pedagogy that uses the classroom as a place for academic writers to build new connections with their surroundings and to teach others to do so as well [Toward New Possibilities for Library and Information Science](#) Scott Sikes, 2023-03-01 The 2018 West Virginia teachers strike in the USA exemplifies the changing shape of dissent and protest in the digital age The use of social media has changed the ways such events develop offering new tools for organizing strategizing generating large numbers of participants and for communicating crucial information
