Making Music Together Family Songbook:

The Ingalls Wilder Family Songbook Dale Cockrell, 2011-01-01 URL <https://www.areditions.com/rrrra/a071.html> The eight Little House books by Laura Ingalls Wilder 1867-1957 anchored in her family's history and filled with memories of frontier life are cornerstone classics in American children's literature. Embedded in them are citations to 127 pieces of music from parlor songs, stage songs, minstrel show songs, patriotic songs, Scottish and Irish songs, hymns and spirituals to fiddle tunes, singing school songs, play party songs, folk songs, broadside ballads, catches and rounds. No books in American literature of comparable standing and popularity feature America's vernacular music so centrally assign it such a major narrative role and index it in such rich abundance. This edition is a reconstruction of the family songbook based on the music referenced in Wilder's books. Although no such object ever existed, her representations of music making have likely informed the imaginations of more Americans than many a paper and bindings anthology for what millions of readers have come to know about America's musical heritage is what they learned from the Little House books: the titles and lyrics to songs, how songs and tunes functioned where they were heard, what they meant, the importance of music to individuals, families and communities. Wilder's references and her evocative images of music making thus form the basis of understanding about American music to many readers. *The Ingalls Wilder Family Songbook* is an effort to give fresh voice and sound to the music inscribed in these great books and new appreciation about how music functioned during a place and time important in American history and mythology.

Making Music Together James Freeman, 2022-01-14 This book is the result of our love for music for our families, our musical colleagues and even our dogs. The story is by no means chronological though after a Prelude it does follow very loosely accounts of our youth, our education, our musical experiences and adventures. Those experiences have included playing with the Pittsburgh Symphony, the Boston Pops, Peter Nero's Philly Pops, our concerts in Moscow in the midst of a revolution, St. Petersburg, Carnegie Hall, the Salzburg Festival, Havana, Puerto Rico, Mexico, Japan, Taiwan, Slovenia, Denmark, Norway, Italy, England, Germany, Peru and the Library of Congress. It is also a history of Orchestra 2001, the Swarthmore College and Philadelphia based contemporary music ensemble I founded and directed from 1988 to 2015. It includes in the appendices a complete list of Orchestra 2001's concerts, repertoire and recordings as well as highlights and critical commentary about many of those performances and CDs.

Songbooks Eric Weisbard, 2021-04-23 In *Songbooks*, critic and scholar Eric Weisbard offers a critical guide to books on American popular music from William Billings's 1770 *New England Psalm Singer* to Jay Z's 2010 memoir *Decoded*. Drawing on his background editing the *Village Voice* music section, coediting the *Journal of Popular Music Studies*, and organizing the Pop Conference, Weisbard connects American music writing from memoirs, biographies, and song compilations to blues, novels, magazine essays, and academic studies. The authors of these works are as diverse as the music itself: women, people of color, queer writers, self-educated scholars, poets, musicians, and elites discarding their social norms. Whether analyzing books on Louis Armstrong, the Beatles, and Madonna, the novels of Theodore Dreiser, Gayl Jones, and Jennifer Egan, or varying takes on blackface minstrelsy, Weisbard charts an alternative history of American music as told through its writing. As Weisbard demonstrates, the most enduring work pursues questions that linger across time, period, and genre: cultural studies in the form of notes on the fly, on sounds that never cease to change meaning.

Hillbilly Maidens, Okies, and Cowgirls Stephanie Vander Wel, 2020-03-23 A *PopMatters* Best Non-Fiction Book of 2020. From the 1930s to the 1960s, the booming popularity of country music threw a spotlight on a new generation of innovative women artists. These individuals blazed trails as singers, musicians, and performers, even as the industry hemmed in their potential popularity with labels like "woman hillbilly," "singing cowgirl," and "honky-tonk angel." Stephanie Vander Wel looks at the careers of artists like Patsy Montana, Rose Maddox, and Kitty Wells against the backdrop of country music's golden age. Analyzing recordings and appearances on radio, film, and television, she connects performances to real and imagined places and examines how the music sparked new ways for women listeners to imagine the open range, the honky-tonk, and the home. The music also captured the tensions felt by women facing geographic disruption and economic uncertainty. While classic songs and heartfelt performances might ease anxieties, the subject matter underlined women's ambivalent relationships to industrialism, middle class security, and established notions of femininity.
